Beloved Children of God:

An individual's DIVINE PLAN is pre-ordained and placed in the accounts of the Spiritual Archives at the time when individualization takes place. When the physical body is formed, the Holy Spirit 'wires' it just as an electric sign is wired for illumination. That 'wire' is the BREATH; and then, on the Breath, the Life Principle enters the body. Within that Life Principle is the Divine Plan, and the individual who allows that Divine Plan to expand the perfect Master-form, is fulfilling his DIVINE DESTINY.

When the seed is prepared to give richness to the world of manifest form, a process of germination takes place, and from this seed comes forth the Divine Plan of the flower, the fruit, the vegetable, or the tree, and the whole physical world is enriched thereby.

There are approximately nine billion souls belonging to the human race - each one born to enrich the entire universe. For this reason, a tremendous expenditure of Light is projected forth from the Higher Octaves. Many, during the course of their Earthly careers, have enriched the consciousness of mankind and the human race to which they belong. Many other individuals have been using Life to create conditions UNLIKE their Divine Plan. Now, because the hour of harvest is here, the Holy Spirit is required to bring each soul back to the Heart of God and show the fruit of his living. That is why I come; and that is why I have remained with each of you - My children.

Every emotion, every thought, every word, every quality that makes mankind happier and richer, and life more beautiful for all that lives, is in accord with the Divine Plan; just as every petal of the full-blown rose is filled with its perfume and adds to its beauty. On the other hand, every habit, thought, word and feeling that tends to make mankind unhappy and their burden heavier, is NOT in accord with the Divine Plan. It is simply a misuse of God's Harmonious Energy, and no one will be held guiltless in the great accounting. Be not hesitant, therefore, to unfold the radiance of your Love, for each of you, Seekers of Light, has much Love to give, else you would not be on the Path.

The process of blending the outer consciousness with the inner is one of the great joys of My Being. I am vitally interested in training these recalcitrant outer selves in the processes of thought and feeling, just as you would be interested in moulding the consciousness of a small child; and here let Me say that if there were more intelligent direction of the child's actions and reactions before that little one had to meet outer world conditions, I firmly believe that the constructive pulsations planted within the consciousness would be stronger than the mass pressure of the conditions of Earth; but this is aside from the point - a mere thought for the day - let us say.

There are several doors to an individual's consciousness, and one of the most dangerous is the outer mind which is like a sensitive photographic plate. This outer mind constantly feeds the consciousness with truths, half-truths, and with utter folly. This outer mind is an instrument provided by Life by which the Holy Christ Self was meant to direct the process of evolution. It

has become so gross and dense that the vibrations from the Presence and the Ascended Masters do not always record upon it, yet the outer discordant suggestions from the visible and invisible are constantly recorded therein, which set up a condition of turmoil and distress in the outer consciousness.

One simple way of knowing which force is using the outer mind is the test of FEELING. If the Higher Self, the Masters, Angels or Nature Devas are playing on the mind, the feelings will be peaceful and relaxed and full of good-will, and the consciousness will absorb that State of Ascended Master Consciousness and they will become ONE. When the outer mind is unhappy, rebellious, critical and distressed, the consciousness is absorbing a separate entity and is being fed by destructive suggestions.

Be ever alert, dear ones, to the protection of the mind from the danger of unseen forces. Man has no concept of the power of his own individuality to maintain an identity amid the thousands of tons of swirling energy that flow constantly in the lower atmosphere of Earth; yet from that tiny stream of electronic force that flows into a man's heart and animates his body, there is enough pressure of Light to keep even the unawakened man prompted from within to a point where he is enabled to pursue, even though slowly, the natural course of his evolution. This is one of the great miracles of evolution.

Seen with the inner eye, man's evolution on Earth may be compared to a person swimming against the tide in a sea filled with all manner of voracious creatures yet having within himself a tiny motor that would enable him to pursue the course toward his goal in safety. As the individual begins to awaken to the Divine

Verities, the pressure of his own Divine Christ Nature increases, and the electronic Light it generates flows through him so powerfully that it gives opportunity even to the most stubborn and ungoverned individual to rise out of the mass consciousness of the human mind wherein is born all trouble and distress, thus enabling him to express his true God Identity.

I can sympathize with you, beloved wayfarers, because I have not forgotten the agony of spirit which I, too, suffered during My own Earth journey in trying to manifest that Sweet Presence in an unbelieving world.

My Love enfolds and strengthens you, each one, as you call to Me for assistance on your Homeward journey.

Blessings and Love,

MAHA CHOHAN

Beloved Children:

The eagerness of the students to bridge the chasm between the outer darkness of the human mind and the Ascended Master Consciousness is a beautiful and powerful impetus which carries the soul to great heights. Eagerness, zeal, and enthusiasm must never be dimmed in the hearts of those in which it rises, but eagerness and enthusiasm are like the topmost peak of a mountain covered with ice, and oftentimes the consciousness slips from the peak into the valleys of despair, discouragement, and disappointment when manifestation does not fit the expectation of the aspirant.

Now, we must understand that the aspirant is the soul in darkness seeking Light - the darkness being relative - but until the individual is ascended there is an accumulation of more or less shadow. This aspirant is eager for the fullness of Truth, and that, in itself, is good, but the ASPIRANT, being in the shadow, does not know what to expect from the ASPECT OF WISDOM; his expectations are, therefore, no criterion as to whether or not he is receiving the greatest outpouring according to the requirements of his own soul growth. Yet the sincere student and aspirant who zealously applies the Law to the best of his ability, is constantly catapulting himself over the chasms of despair and discouragement because the result (of which he has no knowledge intellectually) is incomplete to his own human opinion.

If the student could but understand what has

been said so often, namely, that he make his application and REJOICE in the knowledge that APPLICATION CANNOT FAIL, he would save himself endless travels up and down between repeated effort and lethargy, enthusiasm and despair.

When the lifestream tunes in to the Master, the intellect is the last to know what the return wave of energy brings into the consciousness and inner bodies of the lifestream. Because this is so, and because the intellect is the governing power of the outer consciousness to a great degree, the marvelous application which brings such great results is oftentimes abandoned when the outpouring is greatest on account of the limited comprehension of the outer self.

If the student body could understand the tremendous results that follow the invocation to any Member of the Hierarchy or the Brotherhood, they would trust in the Wisdom of the Presence and the Masters Who have pointed the Way, and they would absorb happily the radiation received. The flower grows in full glory because it has no intellectual consciousness. Thinking of the intellect of man if placed within the Earth, locked in a hard shell, seed, or bulb, you can picturize the disbelief that the Earth itself and torrents of water and beating sunlight were doing aught but smothering and destroying the evolving life, yet the Forces of Nature combine those apparently binding elements around the potential flower to build the physical properties required to bring that flower to full bloom - but the flower itself just absorbs that radiation and has NO OPINION, so the full bloom is the result. If man could do likewise, long since would the flower of his Divinity have peacefully unfolded in God's Kingdom.

This should be an encouragement to you all,

dear ones. Try not to have any opinion as to whether you are progressing or not because God - the "I AM" in your heart, and Our composite outpouring will be your Freedom in spite of your intellectual opinion to the contrary. The only thing it does is to cause you present mental anguish that could be avoided.

Blessings and Love,

MAHA CHOHAN

To My Dear Travelers on the Spiritual Path:

When Colonel Livingstone went into the heart of dark Africa, he left, as a heritage to all the missionaries and explorers to follow, the wealth of his consciousness. The maps of the rivers, the jungles and morasses, all became the heritage by which all succeeding lifestreams are redeeming that part of the planet.

This has seemed to be an intellectual heritage, but I can tell you that no man, woman or child has entered into Africa since his advent without the overshadowing power, protection and consciousness of Livingstone's lifestream.

It is in exactly the same manner that the Master Jesus became the Way-shower for the planet Earth, which is, in our System, the darkest planet - just as Africa is the darkest continent on the planet Earth.

The Path is not only to be admired - it is to be trodden upon. Beloved Jesus, in that high consciousness which propelled Him through death itself, is willing, on the sincere call of the heart, to give, as He has always given, all of the Fire, the Love, the Oneness, the Strength and the Purity of His Being to anyone treading His Way.

On Palm Sunday, Jesus was met by the multitude who praised Him at the entrance to the City of Jerusalem. Now the word 'Jerusalem' means 'Self'. It was within Jerusalem that Jesus met His greatest trial and attained His greatest mastery.

At the entrance to the Spiritual Path when the outer self is first inspired by the knowledge

of the Masters and the Gods, it is often unduly elated and proud, accepting the hosannas of the multitudes as confirmation of victory. Many, many students do not realize that it is the week from Palm Sunday to Easter that is the final testing point on the Path - thin as a spider-web; sharp as a razor, and yet as strong as steel, the Christ Power will hold the feet of anyone willing to watchfully continue thereon.

As you might take a drop of a magic elixir to make your body light before attempting to rise over a perpendicular cliff, so, beloved ones, it is wise, when on the Path, to drink of the Christ Substance again and again, for there is no failure, only Victory, when one avails himself of this ever-present Compassionate Love - Love for one another.

Easter Blessings to you all. My Love enfolds you, each one.

Love and Blessings,

MAHA CHOHAN

Beloved Friends of My Heart:

It is My joy and pleasure to present to you the address given by Our Beloved Saint Germain on the evening of the Transmission of the Flame - April 20, 1957.

ADDRESS BY BELOVED SAINT GERMAIN

Beloved Ones:

It is always a privilege to enter into the midst of friends who have been interested in your endeavors through the centuries that have been, and who have voluntarily chosen to come into embodiment to anchor in that permanent Golden Age which We anticipate so much from Our side of the veil, and which you, in turn, are anticipating for yourselves and your fellowman.

You are dear friends of Freedom! What a great responsibility lies in the giving of Freedom to some parts of life - until that life has been harmonized - until the discordant qualities are removed from it. Sometimes that life can best be served through the power of transmutation of impurity before full freedom is given. For instance, take a caged lion or tiger, and were you, in a burst of sympathy or compassion for

its imprisonment, to loose it without first transmuting its nature, you would have done your fellowmen more harm than good. It is also true in the case of the great Nature Kingdom. If the mighty Directors of the Elements were to give full freedom to the seas, to the wind, or to the elementals of the Earth (which are not yet fully harmonized) before purification took place, they would run rampant and cause great distress and cataclysmic action.

So in using the Flame of Freedom, and in the giving of freedom, there must be a great sense of discrimination. That is why the Freedom Flame is known also as the transmuting and purifying activity, because when that activity of purification and transmutation of the lower nature has taken place, then life, in whatever form it functions, may be freed with safety to all concerned, and a great sense of liberation and God-joy to that life which was imprisoned may be accomplished.

In representing Freedom to this planet Earth, it is My desire to make it safe for all imprisoned life to know that Freedom as quickly as possible. Within life is an innate desire for Freedom. All life wants Freedom, but not all of life is yet ready to allow full Freedom to act. We are now in this period of preparation for the acceptance of the responsibility that comes with full Freedom. Just as a certain amount of purification goes on in your own world before you can accept the Freedom of your Ascension, so is this process taking place on a world-wide scale. During these four days (Holy Thursday to Easter Sunday) the pivotal attention of the Ascended Masters is directed Earthward - and the chelas and students so informed direct through the atmosphere of Earth a consciousness of the immortality of life and the transient nature of so-called death.

Beloved ones, as this Violet Fire which I represent continues in Its action throughout the entire planet this night, I am eternally grateful for all that you have done in your decrees and in your visualizations, and in your enjoyment of the use of that Violet Fire. Every time We come to you, We bring a stronger and stronger feeling of the reality of the Virtues or Qualities which We have chosen to represent and qualify to magnetize into a particular sphere. I qualified to magnetize the Violet Fire in the Ascended Master Realm and thus finally became the Chohan of the Seventh Ray. I qualified to direct that Violet Fire in the physical world through you who are unascended, through your acceptance of It; your realization of Its potency and Its power; and your experimentation with Its use. Beloved ones, one day when you have a conscious use of this Violet Fire, and in, through and around yourself or any part of life in distress, you can see Its action in the instantaneous and complete release and relief from that distress, it will have been worth all of your endeavors, all of your study, all of your application. Every time you use the words 'Violet Fire' or 'Mercy's Flame', and every time you think or feel intensely the buoyancy within that purification, you draw a greater and greater momentum of Its efficacy into your four lower bodies. As you are a part of the consciousness of all mankind, you also draw that into the consciousness of the emotional world, the mental world, the etheric and physical worlds of the entire nine billion souls belonging to this evolution, even though some of them, of course, are not presently embodied.

We are grateful in the extreme that the Violet Fire Temples provided for those who have passed through so-called death are becoming more and more

popular, and the individuals, particularly those with an orthodox consciousness, enter them now joyously without any sense of hesitancy or fear due to teachings of 'hell fire', purgatory, and 'damnation'. Unfortunately, this magnificent Violet Fire has been confused with the fire of hell and the fires of purgatory where great suffering was assumed to be part of the soul's lot earned by misdeeds. As these people find that this Violet Fire is not painful, and is not a punishment, but is rather a joyful purification that changes the entire consciousness of the orthodox peoples when they have passed through the change called 'death', they joyously welcome the use of that Violet Fire through the assistance of the Angels of the Violet Fire and through the Violet Fire Temples provided at inner levels. Gradually, even in the physical world, you will see less and less of the doctrine of damnation stressed from the pulpits, and the leaders of the various religions will turn their instruction toward immortality and toward a merciful God.

Our endeavor, of course, is comparatively new, and there is not such a long line of consecutive energy charged and qualified with the realization of the Ascended Masters' activities and the capacity of those Ascended Masters to talk to unascended Beings; and also of the unascended beings co-operating with the Divine Ones while yet in physical form. This is a relatively new activity insofar as the mass mind is concerned.

As the knowledge and cognizance of the Ascended Masters of Light, the Angelic Host, and other Great Beings becomes more widespread, it will not be as difficult to draw forth the activities of the Sacred Fire, for there will be more receptivity. Individuals who have passed from the body; who have witnessed the Violet

Fire; who have benefitted by it; who have sat at the feet of the Masters in one of the Temples of Light; and then who are born again, will come into embodiment much more pliable and much more receptive to Our teaching. Then, of course, We have to watch - because immediately some students will say: "Well, that's fine; it is not in our time!" and there is the desire to put down one's ears and wait for the next twenty years until some little children are raised up who can take up the load. But that, of course, must not be the case! We must have a continuity of consciousness. That is - a continuity of contact between Our Realm and the realm where man abides over which We can give as much direction as the Law will permit, and as unascended beings will utilize by making Our directions practical in the world of form. When that bridge is broken, even temporarily, and the directions from the Ascended Host do not get through to the consciousness of the chelas, it is a break in the continuity of Our endeavor. Yet We have endeavored since the days of Helene Blavatsky, with some small results, to reach a few of the people; and then the activities of Alice Bailey and Baird Spaulding and others carried to the Western mind more and more of a realization of the Ascended Masters' Consciousness.

Now We are again endeavoring to hold a bridge open between Our Realm and yours, and you, in turn, begin to open the consciousness of those whom you contact until We have a true communion between the Sainted Realm and the realm of unascended beings.

Tonight the activities are focused in, through and around the Resurrection Temple which is presided over by the Great Beings - Beloved Jesus and His Holy Mother Mary - Who are two of the

strongest Lifestreams that it has ever been My privilege to serve with, to love, to guard and to protect.

When We come to the Easter Season, I always think back on the honor that was Mine when I was given the responsibility of guarding that Blessed Being, Mary; and having, through proximity to Her Presence, witnessed the strength, and yet the gentleness of that life from the time She was just a girl and all through the years. I loved the experiences which We shared, and how She guarded that Concept of Perfection for Blessed Jesus. His great Light and His beautiful Spirit were certainly enhanced by that lovely Being, the Beloved Mother Mary.

When We honor Mary, I always feel so grateful to God that I had that association with Her and was able to help Her. She always said that everyone with whom She was surrounded helped Her, but I think that it was She Who helped Us all, even the Blessed Jesus, to His fulfillment. Mary was always so graceful in nature and in consciousness, that whatever anybody would do, even the most homely tasks, She would tell them that they were so helpful. Sometimes, in the evening, I used to sit and watch Mary with Her Child, and it seemed that all the day's work and service left no mark upon Her; no lines upon Her face; and Her hands were as smooth and soft at eventide as they were in the morning, even though I know that She worked in the earth. She loved the herbs and gardens.

Beloved ones, there seemed a most beautiful sanctity about Her hands, and it was a wonderful therapy for Me just to sit and watch Her hands as She would be playing with Jesus or would be mending garments, or just laying Our places at the table. Even yet I can recommend to you, for healing, the hands of Mother Mary - those hands

that have never ceased to reach forth and bless all life since those days so long ago. I recommend to you, when you seem to need peace or rest or healing, that you ask for the hands of Mother Mary to give you the benediction and the blessing that are Hers. Imagine the momentum of Light, qualified by that Lifestream, that has flowed through that Being, through that Electronic Body, and through those blessed hands!

Tonight, in the Resurrection Temple, the activity is the development of the power of the RESURRECTION OF THE GOOD within all life. The lovely Mary, of Whom I have been speaking, stands above the Resurrection Temple which, you will remember, is circular in form. She wears, as usual, that beautiful soft blue with which She has become identified. She stretches forth Her hands in blessing right over the Temple, and that is why I speak so much of the blessings from the hands of Mary. Beloved Jesus officiates within the Heart of the Resurrection Temple. He is dressed in white garments - a beautiful Being of Light Who did overcome physically, in this world of form, so-called death; Who brought that wonderful message of the Resurrection into form through His physical body; and Who then accomplished the Glory of the Ascension. He stands next to the opalescent Flame of the Resurrection inside of the central corridor where the Flame blazes upward. As We have said, Mother Mary stands in the atmosphere and is pouring Her radiation downward.

As the activities progress, Beloved Jesus will raise His hands until they touch Mary's from above. For the present, He is busy in the Heart of the Flame Room from whence the Rays are going outward. There are many Messengers coming into this Temple through the seven corridors. Many of Them seem to be of the Angelic Host. They are coming into

the Heart of the Resurrection Temple and kneeling before the Beloved Jesus, and are either receiving instructions from Him or asking His benediction. He does not seem to be speaking, but He is in the act of giving benediction to these Beings.

I am not yet acquainted with exactly what They are going to do this night, but after getting this benediction, They move outward and pass on to the periphery of the circle of radiance of the Temple. The beloved Beings from the Forces of the Elements, of course, enjoy the Resurrection Temple. They love It because They have had the privilege and happiness of experiencing the Resurrection in Themselves. They are dancing within that Flame, and disporting Themselves. The Directors of the Elements are calling Them in from various vicinities on the planet Earth, and They will be blessed and take that power of the Resurrection Flame back with Them into Their own locality.

The Resurrection Temple is in the Etheric Realm, so the Builders of Form have created the amphitheatre over the Holy Land where the Archangels are able to, as usual, bring in the various members of the disembodied to whom They wish to give the power of Resurrection for certain qualities.

The Sleepers' Realm is represented, but the activity of the Resurrection Flame in, through and around the members from the Compound is very carefully directed lest freedom be given to life that is not fully transmuted, for the activity of the Resurrection Temple is to resurrect that which is GOOD within all life. There is a great deal of Good within your own Causal Bodies and your Etheric Bodies, beloved ones, and that is what We wish to have resurrected this night.

Let us make the call now on behalf of all students and all life everywhere that there be

resurrected only that which will be of benefit to life, and that all the rest be placed within that Violet Fire of Transmutation.

The souls who belong to the group that will be chosen by the Karmic Board to come into the Sacred Heart Temple this May are all in one group. They are entering the amphitheatre, and the Beloved Kwan Yin and Meta and Those particularly concerned with incoming children are watching the activity of the Resurrection Flame upon their souls, because, as you know, for every soul that is chosen to re-embody this year, two must wait for the next year. The Resurrection Flame Temple is a very good place to find out what a soul will do in its next embodiment. Ordinarily Mother Mary would be very active in that service, but as She is holding the particular focus of Healing, She cannot render the other service at the same time.

Of course, the Beloved Maha Chohan is very familiar as an active Member of this Resurrection Temple for it is from this Temple that He directs His Mighty Light Rays into the Earth to bring forth the Seasons of the year, particularly the Spring and the Harvest. He is with Beloved Pallas Athena, Beloved Portia, and many others. They are all wearing white tonight; some of Them have an opalescent band around the hem of Their garments if They are the Brothers or the Sisters of the Resurrection Temple.

I am told that those Beings approaching the Master Jesus are particular Beings Who are concerned with the meeting of lifestreams who pass through the change called death, and in the older dispensations, They would have been called the 'Angels of Death'. They have all been given a certain benediction at the feet of Jesus tonight; a certain blessing so that there will be a greater ease in passing from this planet for animals and

birds, as well as human beings. This is very gratifying to Me for it has been My personal petition, as you know, ever since I Myself passed from the body in the presence of Beloved Jesus and Mary. That passing was made so easy by the love and the liberty that They gave Me, by not allowing any sense of personal loss or grief to hold My soul and spirit. So the change that I made when I left the body of Joseph was a happy and easy experience. I had thought that it would be a great wrench - being so devoted to Mary and Jesus - yet They made it so easy for Me. I then asked the Law if I might make the application and qualify to become, in time, the Patron of a Happy Passing. You know that today I am so referred to as Saint Joseph, the Patron of the Happy Passing.

I am grateful tonight to see the activity of these Angels that will be in sickrooms and in and around individuals who are going to make the change. They are so charged with that feeling of buoyancy that it will greatly relieve and release individuals - not only those who are going to pass on, and are passing on, but those remaining on Earth as well. This is a marvelous activity of Light, and I am grateful to be a part of it, as I know you are as well.

SAINT GERMAIN

Beloved Children of My Heart:

The expansion of the Immortal Qualities within man, which are unfolded from within outward by the Flame of each one's being, is the activity of the Third Person of the Holy Trinity.

The seven-fold manifestation of the Chohans of the Rays are each a facet through which the activity of the externalization of the God-Will, under the direction of the Holy Spirit, may find form. In the orderly cycles of evolution, each Ray is privileged to carry the predominant strength and vitality of the Service of the Third Person of the Trinity in successive order, and with the advent of the Violet Ray and Its attendant ceremonial presentation, We have the completion of the final minor cycle under the direction of My Office.

As an individual will play the notes of the scale with the fingers of his hand, releasing the pressure of his will through one finger after the other, thus achieving a sense of acquaintanceship with the note he plays, and mastery over the blending of those notes into an harmonious whole, so does the pressure of My Force, through the Seven Rays under My direction, follow this orderly cycle. When the full force and impetus of the Holy Spirit have vitalized, energized and pressed from that Ray the fullness of Its gifts and powers and activities, as wine is pressed from the grape, then will the completed instrument or Hand of the Holy Spirit be ready to execute Its symphony in the world of men.

The impersonal activity of the Holy Spirit is well represented in the hand, because there can be no personality connected with the office and service of a hand when the veil is drawn between that hand and the body from which it ensues.

You have heard the expression - and have needed the services of a 'helping hand' occasionally in the course of daily living, and often knew not from whence that 'hand' would come. The Holy Spirit, in the choosing of a body to render a service, or answer a prayer, must, of necessity, accept the services of a lifestream who wears a garment of flesh. Throughout the planet Earth many, many times the Holy Spirit has reached forth a helping hand through a wholly unconscious vehicle and rendered a service of charity, of blessing, or of comfort.

In the coming activity, which will be the final manifestation of an Age of great Perfection for the Earth and Her people, every hand of every lifestream will become a Hand of the Holy Spirit. The capacity to clench the fist, either in anger or greed, will be replaced by the outstretched hand of blessing and giving and raising.

As you have been told, the fingers of the physical hand are indicative of the five Chohans of the Rays. When the Seventh Ray has completed Its service for the Earth and its people, the Cosmic Hand of the Universal Christ will stand revealed in the Heavens, and from Its radiant, vibrant fingertips will the advent of the Second Coming flow in unceasing benediction upon the children of Earth.

The dedication of the hands to the Holy Spirit was a ceremony of Atlantis that took place within the Temple, and which was a most serious Sacrament. Individuals who, after long thought and serious contemplation, chose to relinquish the

free will of their hands into the greater use of the Invisible Deity, would place their hands upon the Altar, and through the offices of a Priest or Priestess of the Flame, have those hands united with the Cosmic Will of the Universal First Cause. Through the centuries, those individuals have carried that particular connection, and their hands have become naturally qualified to soothe, to heal, and convey blessings.

There is no limit to the service that Life, through the hands of an unascended being, dedicated even in this late day, can render. Like draftees in an army, sooner or later, every man must give his hands, as well as his heart, to God; but those who volunteer and precede that draft, are not only more loved of God, but experience the ecstasy of pre-dedication.

And so, dear children, with the Hand and the Heart of the Holy Spirit - your Friend - your Comforter - and your sustaining Strength - I bless your hands and your hearts as I walk with you.

Blessings and Love,

MAHA CHOHAN

Dear hearts, the spheres of activity where all self-conscious life finds a dwelling place are determined by the voluntary use of the Creative Power of the God Flame which, in Its very breathing, sets up vibrations or, in other words, moves the electrons of the universe and sets them into a motion which was not present in their original all-encompassing, but quiescent state. As the motion of the musician sets the energy of the universe into vibration through the means of the physical instrument upon which he plays, so does the very Breath of the Sacred Fire play upon the great Cosmic Energy of the Universe, and the Universal Light undulates according to the initial impulse of any particular focus of the Sacred Fire within the Universe.

The Universal Cosmic Light is like a great organ, and every man, woman and child in embodiment have access to Its Great Pipes through the individual keyboard of their own mental and feeling worlds - each one playing into it his or her own harmonies or discords. The conglomerate sound forms the tones emitted by the planet into the Universe around it, and it is truly said that the sounds arising from the Earth are cries of pain, uncertainty, weariness and questioning.

When a lifestream is individualized, he becomes an immediate factor in the vibration of his planet; and his own keyboard is never silent again while he maintains a thought and feeling body; whether he be in control of it or not.

The Universal Light is constantly set into motion by each lifestream's pressure, consciously

or unconsciously, and that is the reason for the present chaos and confusion, as all live within this soundless sound, dissonance and chaos of the broken rhythm of the unawakened gods.

When a lifestream considers that he cannot possibly dissociate himself from the responsibility of pressing some chord and key in the Universal Harmony by every breath and word, thought and feeling, he will begin to understand his responsibility to the whole, and the importance of contributing, to the best of his ability, some constructive and progressive notes that will be felt by the masses and be a welcome release and relief from the contributions of the many.

You have heard or read how Kuthumi spends the hour of noonday playing the beautiful melodies of His own heart on the organ from a certain mountain top; but far more important than the physical tones that are carried into the Universal Light are the inner vibrations that He is directing consciously, steadily, and without interruption, into the chaos and discord of mankind's composite creation.

In an individual service and meditation, any one of mankind can sit at the Cosmic Keyboard, visualizing the Universal Light, while awaiting from his Presence the pressure of thought and feeling, and then set into action a vibration that will encircle the planet in less than a second. Thus he can project Peace, Light or Purity into the Universal Song of the people of Earth which will have a tangible and raising effect upon their natures.

And so, My conductors of Cosmic Harmony, I leave you now and shall await your individual masterpieces.

Blessings and Love, MAHA CHOHAN

Children of Light:

When the Beloved Jesus said that the Kingdom of Heaven is within you, He conveyed the Truth, because the capacity within the Sacred Fire to IMPRESS the Universal Light Substance and set it into motion according to the design of the individual, is anchored within every man.

That with which a man is surrounded is the externalization of the vibrations which he has impressed upon the sensitive Universal Light and which lives for him as his environment and realm of activity. Therefore all limitation and shadows are but the vibration of this Light which has been set into motion through the thought and feeling processes of mankind and which obediently carries out the designs imposed upon it.

When the individual determines to set his house in order, he has the authority within himself to cause every vibration that has passed through the energy of his own life from the beginning of time to CEASE ITS MOTION. Know, dear hearts, that the decree of the Master Jesus: "Peace - be still!" is a COSMIC FIAT which can be issued by you, with your GOD AUTHORITY, until the very periphery of your individual world will be touched and the discordant vibrations can be stopped in an instant - returning the Light Substance to the quiescent God Purity which it had before the pressure of the lifestream set it into motion.

The more peace and quiet one can secure preceding manifestation, the greater will be the power of his own Creative Principle into that sea

of Universal Peace, and a new set of vibrations will onsue strongly charged with Health, Purity, Opulence and Peace.

As you no doubt realize, the reason for your decree or your powerful silent invocation is to repeatedly seize these new vibrations and hold them until they manifest in the form you desire.

The vibrations that are crystallized in every error, chain and shadow of human experience represent hundreds of thousands of years of repeated thought and feeling which has made these energy waves as large as the Mississippi or the Amazon. The setting up of new constructive vibrations requires careful tending and feeding until they have become the predominant influence in the life of the individual.

This, too, is a Cosmic Service, because the more vibrations of optimism, happiness, courage and faith that are playing on the Universal Organ, the more good there is for mankind to feed upon and to sustain their soul growth.

The question might come to your mind as to how every lifestream can affect the entire Universe if his own heart-beat is limited in its light wave. The radiation of every man in the Universe blends together and forms a WHOLE, even as the stars in the Milky Way blend their radiation and form a pathway of golden light through the firmament. The intensity of the Light Waves determines how much each one's radiation affects the whole, but there is no form of self-conscious, or even unconscious life that does not have a bearing upon the entire Life of the System.

My Light and Love enfold you always.

Blessings and Love,

Dear Hearts seeking to know the Will of God:

It is My extreme pleasure to present to you the comments of My Beloved El Morya given at the last Transmission Flame Class on the evening of May 18, 1957 when His Retreat was honored by the Presence of the Ascended as well as the unascended Friends of Light.

Blessings and Love,

ADDRESS BY THE BELOVED EL MORYA

Beloved ones, it is always a joy, when I am given opportunity to address you, to bring you the gratitude, not only from My own Heart, but from the Hearts of the entire Spiritual Hierarchy for your willingness to serve your fellowman.

We are grateful indeed for those among you who are able to keep your own counsel; who are (to the best of your individual and collective abilities) capable of magnetizing the energy from your own individualized Presence and from those God Beings to Whom you have been introduced, until you are getting a FEELING of the radiation, consciousness, service and activity of each specific Being. You are beginning to cognize within yourselves which particular Master is rendering service through you for the blessing of your environment at a given moment. The presentation of the Hierarchy to the outer consciousness of mankind is a marvelous service to life. The setting of

that stage belongs, of course, to that great dramatist, Our Beloved Brother, Saint Germain; then the figures who appear on that great Cosmic Stage of Life are allowed to come according to the Wisdom of the Cosmic Law, through the acquiescence of the Cosmic Teacher, and the willingness of such Beings to give of Their Light, attention, radiation and instruction upon this Cosmic Stage so created.

Thus you are first among those to witness the glorious presentation of the Divine Drama upon the stage of life. The Angels Themselves have drawn back the curtain of maya; the Mercy of Light has purified your outer consciousness to a point where you can accept the reality of these Beings; and the Love of the Divine Beings Themselves has brought Them forward, one by one, until through repetition of Their appearance, you have come to a conscious understanding and workable knowledge of Their part in the great Divine Scheme of things. So, as each such an One has been presented, and given His Light, and you, through your attendance at such presentations, have recorded in your etheric bodies the radiation and instruction given, you have really builded into your etheric consciousness a LIBRARY within which is the full release of every Address that you have heard or read. That is recorded on the pliable, sensitive etheric substance of your own consciousness and world, and can be re-animated at a moment's notice when such instruction will be of use to others whom you will contact.

Beloved ones, do not worry because you do not fully retain, in the brain consciousness or lower mental body, all the instruction that is given, because the intelligence within the etheric substance has made such a record, and it stands there ready to be revitalized at the moment your own

Holy Christ Self or some great Cosmic Being or Ascended Master requires that information to flow forth through you for the blessing of many.

Therefore, We are extremely grateful for your communal endeavors to purify the etheric vehicle of all that is not of the Light, because when the resuscitation of the knowledge and instruction takes place there will not have to be the dual activity of withholding inanimate destructive etheric records which might, at the same time, spring into action and render you helpless to perform the service for which We are preparing you.

The greater the purification of that etheric garment, and the more Light that is charged into it through Ourselves and all of Those Who come with Us, the greater will be your opportunity to act as an impersonal channel for the Love, Peace, Protection and Light of God in the days and years that are to come.

Precious ones, no soul, in the outer consciousness, knows how long is the path of spiritual preparation for a given service. It is good, perhaps, that the length of the pathway is not seen, lest the outer consciousness be weary before the Victory is attained. But step by step, and life by life, as the Causal Body is builded; as the weaknesses are dissolved by the Violet Fire; as the strengths of the individual's "I AM" Presence is tested, We, and Those Who have gone before Us, prepare individual lifestreams for services which would amaze the outer consciousness if they could see such preparation.

None of you who are in this Activity (which is to expand the Light of the World) are individuals who have just awakened from the sleep of the senses. You have all been students of the Law from back unto the beginning of individualization upon this planet. Most of you were students of

the Law on other planets and in other Systems before you offered to become Guardians of the race which was to use the Earth as a schoolroom for its evolution. Then when you, too, took the choice of embodiment, you retained within your etheric garment the understanding of the Cosmic Law and its various aspects. You were teachers in all the great civilizations and Golden Ages that have been. You taught the Law! You manifested the Law! All of that momentum is within your etheric consciousness, and it is one reason why you responded in this embodiment to the call of Saint Germain, for it stirred within you the memory of your experiences and you were able to confirm within your feeling world the reality of the Ascended Host and the possibility of creating on this Earth a permanent Golden Age which would not know disintegration, decay or limitation, but which would, according to God's Holy Will, be sustained forever.

We thank you for that! We took upon Ourselves some responsibility in approaching the Cosmic Law and asking the privilege of presenting to you upon the Cosmic Screen of Life those Ascended Beings because We knew full well that Their energy invested in you would have to show fruit in manifest works, or else We, in Ourselves, would have to make good for that energy and take on Cosmic obligations at inner levels. However, for every such Being Who has come forth, you have given a return in energy, in sustained service and activity, and have continued, despite every manifestation of limitation in your own worlds, to serve, enthusiastically, the Will of God - as you know it.

Within Myself, I am determined that you shall know more fully that the WILL OF GOD is GOOD - the goodness of every perfect manifestation of mind, body, world and affairs. The WILL OF GOD is Perfection for every electron and atom upon

this planet, for every elemental and four-footed creature, every imprisoned Angel and human being. The Will of God is the expression of Light through all that is belonging to this Earth. The Will of God is for the expansion of that Band of Light around the Earth until it fills the entire nine spheres around Our planet and the great Maltese Cross of Saint Germain is visible to the physical sight of all mankind.

This is the WILL OF GOD for man, and it is Our opportunity at Darjeeling, as I have often told you, to hold within the Grail (which is the Focus of the Flame of the Will of God) the entire pattern as released from the Being of the Silent Watcher of the Earth, and the pattern for every portion of this Earth, and into that Grail is a constantly directed Ray from the Being of the Silent Watcher of this Earth. Within that Grail of Light on the Altar of the Temple of God's Will at Darjeeling is the perfect pattern for the Earth as designed by Helios and Vesta. There is a great affinity of Nature between the Silent Watcher to this Earth and the Temple of God's Will because of that inner connection, and the duplication of the Earth's Perfection is within the Grail upon the Altar, as well as cosmically within the Bosom of the Silent Watcher.

Now, as We hold that Grail, and as any one of Us is privileged to look within it, We see the pattern of the Perfection that there is for this Earth, and it fills Us anew with zeal and enthusiasm in the desire to see that pattern EXTERNALIZED through every one of the four spheres which have so far yielded to shadow and discord. The will and desire of the Brothers and Sisters from the Heart of Darjeeling is to bring earnest and sincere chelas (while their bodies sleep or during times of contemplation) into the heart of that great

room and let them look upon the magnificent design which the Earth IS at inner levels; as it was created by Helios and Vesta; and looking upon it and seeing its Perfection, these unascended life-streams are joyous and willing to go back into their own orbits and their own worlds of experience and endeavor, through their own spheres of influence, to help create a portion of the God-Will.

Now, in India, there is a great revival, as you know, in the interest of the teachings of the Buddha. Mankind in the East (for commercial reasons unfortunately, as well as for spiritual) have begun to retrace the paths of the life and experiences of Gautama. The peoples of the East, re-visiting the various places made holy by His Presence, are greatly magnetizing this magnificent Being. Naturally, as He is now the Lord of the World, and has had to take a much more positive and directly concentrated stand as regards the Spiritual Hierarchy, His Presence during the Wesak Festival was a most tangible radiation. Those of you who attended, and those of you who acknowledged it, felt His mighty Gift of Blessing I am sure.

As We have often told you, since the Western mind has been opened to the knowledge of the Masters, pilgrims from all over the known world (it used to be only Asia) make an endeavor to attend the great Festival when the Buddha's Luminous Presence appears over the Wesak Valley. There is no map, announcement or invitation - no way to reach the heart of that Wesak Valley except by following the Light and directions of one's own Heart Flame. The pilgrimage to the Wesak Valley has always been a mystic one, because whether the individual was from the highest estate or that of the untouchables, there has never been a written invitation, nor a map drawn, nor any other reference to the location of that Festival. Yet all

the many centuries that I have visited there, I have always been amazed at how many lifestreams have followed the Light and entered into the heart of the Wesak Valley to partake of the blessing of the Buddha.

In India there are many Retreats - Kuthumi's at Kashmir; My own at Darjeeling; the Maha Chohan's in Ceylon; and many others - some of which you have read about; some of which We have not disclosed. So some of Our good pilgrims, following their own Light, instead of getting to the Wesak Valley, are up in the hills around Darjeeling; some are in Kashmir; and others in Ceylon. As We opened the Retreat at Darjeeling on May 15th, We could not help but feel for so many who had set their course for Wesak and landed in the Himalayas with My powerful Presence rather than the Grace of the Buddha. However, like attracts like, dear ones, everywhere in the Universe. The Light of the individuals which drew them to Darjeeling was prompted by the pressure of the First Ray and the desire to do God's Will, and they are mostly First Ray people, whether they come from Lhasa's Court, from Hindustan, China, or wherever it may be. At Wesak time, it is an interesting thing to notice how the various blessed ones gather around a focus of Light. I have been told by many people that they were at the Wesak Festival and received the blessing of the Buddha, when they were either at Kashmir, or Ceylon, or Darjeeling. But they received the blessing of Light and the outer mind was determined to feel that they really were at the Wesak Valley, so no one has disabused them of the fact and all are happy; it is just an amusing incident which is private and, of course, not for publication.

ADDRESS BY THE BELOVED EL MORYA (cont'd)

Beloved friends, this year, We at Darjeeling (and the Sponsors assigned to you from Our Retreat) are intent on giving you a sense of the beauty of design for this Earth. I hope that, as you send your consciousness to us at night, you do not land at Peking, because it is My desire to sincerely show you, within that Grail, this beautiful Earth that you are doing so much to redeem. I am sure that your love for Me is enough so that you will, with your Sponsor assigned to you, want to come to Darjeeling and walk up the steps and into the hall where I keep that loving symbol of the Taj Mahal, and look at the memories of the days of Arthur - the beautiful tapestries on the wall. If you care to ascend the stairs on either side of the entrance hall, you can look at the paintings We have of the various Masters, or if you wish to

enter the drawing-room on the first floor, there will always be someone in attendance. You are at liberty to use Our piano. Our desk is open - We have crested writing paper for those who are particular and scratch pads for those who are not. You may write with feathered quills, and We have ordinary crayons - so you may write as you wish. One thing I ask is, when you are through, please use the wastebasket unless you take your missive with you. I am rather an orderly person, as you know, and I give you My Home to use as freely as you will; enjoy it; sit by the fire; if I am there, I shall sit with you; if not, your Sponsor or one of the other Brothers will explain to you those aspects of the Law which may seem confusing in your minds (those various wedges that do not meet together to make the perfect whole - for there is nothing unexplainable in the instruction We give). If there is, in your mind, a feeling that there is a discrepancy in Our presentation of the Law, this is your opportunity. Come to Darjeeling!

Tonight all lights are blazing. The radiation, of course, is tremendous as the Great Beings have been coming in since the fifteenth of May. Doorways are open and the Ascended Beings are already in the Flame Room. The Lord of the World, Gautama, visited Us and gave the benediction and blessing of His Presence on May 15th. He then retired to the specific service He is rendering with Sanat Kumara. Sanat Kumara also came on the fifteenth to give the benediction of His Light. He and Gautama are now working together on the expansion of the sphere of Light around the Earth. I have asked Archangel Michael to be My Host until I enter the Flame Room Myself, and He is standing at the Crystal and Sapphire Altar in the Flame Room. He is dressed in blazing white crystalline light substance, with a sapphire on the forefinger

and a band of Light around His head with a magnificent sapphire about three inches high in its center. He is guarding the Golden Chalice which stands upon Our Altar in which is, as I have told you earlier, the replica of the Earth as created by Helios and Vesta.

The Flame of the Will of God is burning upon the Altar. The heart-flame of all colors is white, and then you have your radiance around it - so you have your white with the blue, representative of the Faith, Protection and Power of the First Ray rising from the Altar. The predominant figure facing Lord Michael is the new Buddha Whom We knew as Lord Divino, World Teacher. He still holds that Office to a great extent, and still officiates for Sanat Kumara and Lord Gautama on many occasions. He is beautiful - with golden hair and the most magnificent violet eyes; and robed, as usual, in pure white garments. He is standing very simply with His hands to His sides concentrating on the perfect picture of the Earth within the Grail. Maha Chohan and the other Chohans of the Rays are also present, and the activity of concentrating upon the Divine Concept for the Earth is taking up Their time and attention at this moment.

Above Asia, the Builders of Form have created a blue amphitheatre, and They used all the prayer and energy force of the Asiatic peoples during this year when the Buddha has been so much honored. Into that amphitheatre, as usual, come all the beings from the Sleepers' Realm; those that have been released from the Compound; the disembodied who have not made the Ascension; and there is a great group of spirits of the unborn. It is a wonderful opportunity for Us to bless those coming into embodiment this year; those who are working out their karma reluctantly; those from the Compound and the Sleepers' Realm who will

awaken shortly; and the disembodied. It is a marvelous opportunity, as Our attention is on God's Will, to charge them with the realization of the goodness of God's Will, and that even the working out of karma need not be considered a duty nor an agony, but be considered a joyous opportunity to balance the score. So We speak directly to those blessed beings within the compass of Our Ray and ask them to accept the realization that the Will of God for ALL life is GOOD.

We thank you for your love of Us; for your patience with Us; and for allowing Us to suggest the various improvements in your already improved worlds. We endeavor, through the Grace of God and the kindness of the World Teacher and Maha Chohan, never to be a burden in Our suggestions for expanding your Light and the Light of the world. There is just a razor's edge between becoming a joy to someone's world and becoming a pressure that distresses them and causes tension. That razor's edge is one which First Ray people must carefully watch. I, Myself, am guarded, guided, and protected by the Beloved Maha Chohan on so many occasions when it would seem that I would care to give more pertinent instruction, but He tells Me that such instruction would only cause greater tension in the lives of unascended chelas who are already whirling as fast as they can in their various orbits. He has withheld from Me what seemed to Me great opportunity to impart knowledge that should become fact. But He has also given great leeway, and that leeway has allowed Me to give as many suggestions as I could, and you have taken and utilized them beautifully.

I ask the Lord of Light every day that I will always be a joy and never be such a drive of energy that you do not welcome My Presence or the thought of Me in this Universe.

And now, as We enter Darjeeling's doorway, let Us take Our places around that magnificent Flame and, for a moment, honor the Will of God. Let Us ask, Each of Us, you and I who have used life for ages, that We may have the courtesy now to be the FULL EXPRESSION OF THE WILL OF GOD in our very selves until that desire to fulfill God's Will so satiates the minds and bodies and feelings that there is no struggle - there is just the joy of being what God intended, which is GOOD, BEAUTIFUL, IMMORTAL, STRONG, VITAL, LOVING, and every VIRTUE which you can think of, and more beyond the ken of human mind.

My Love and Blessings enfold you.

EL MORYA

Beloved Ones:

There is an expression much used in prose and poetry called 'affinity'. An affinity means a sympathetic vibration passing between two lifestreams which brings a sense of harmony and contentment to both parties. Then we have the word 'sympathy' which, in human parlance, means a condolence with the APPEARANCE OF IMPERFECTION. When the Ascended Masters use the word 'sympathy', We mean a vibration of a similar or complementary keynote which, by nature, blends harmoniously with other vibrations, but on a higher scale, and produces a feeling of well-being and general harmonious accomplishment. As you can see, there is a subtle difference in the use of 'affinity' and 'sympathy'.

These affinities between lifestreams are physical, mental, emotional and etheric. They have caused violent attractions and, when they are absent, violent repulsions are often felt between the unperfected manifestations of the ONE life.

When there is an affinity between the soul and lower bodies of two or more people, it gives the Masters of Love and Wisdom a tremendous natural instrument for service; because to find two or more people on the globe who can, under stress and strain, remain harmonious and sensitive to the Presence - and each other - has been a difficult and almost impossible task.

Now, to bring you a homely illustration, the vibratory action between some of you, say, who have little pet animals in your homes, and those little creatures, is harmonious; and because of

that, the vibratory action of love passing through your lifestreams enriches your own worlds and expands the Love Flame in your hearts. In like manner, the contentment of the little ones in question does much to raise the nature of their development, so the affinity even between an individual and a member of the four-footed kingdom breathes good.

The more developed the spiritual harmonies and affinities among a greater number of people, the greater the results in good through their radiation, emanation, and individual evolution, as well as a more powerful focus which is dependable, during time of strain, to remain an harmonious whole. Such a Brotherhood of people has been Our hearts' desire through the centuries, but the constant breaking of those affinities by human thought and feeling is one of the greatest hindrances to the unfoldment of Our Plan. I shall appreciate, therefore, dear children, your every endeavor to establish and sustain a feeling of well-being between yourselves and the lifestreams you are connected with in Our Service.

So, children of My Heart, dwellers for the moment in the world of form and strife, I set you to the difficult task of walking in harmony. When the sharpened tool of criticism appears in your thoughts, dissolve it at once with the Light before it is brought into the world in words on the Breath of Life. At various times, you have been given instruction on the possibilities to be found within the Light, and of the power to transmute all appearances into Its great Radiance.

LIGHT is the emanation or Forcefield of Energy. It is an EFFECT, but not a CAUSE. It is a PRODUCT but not the PRODUCER. It is a SOLVENT, but not the SOLVER. It is OMEGA, but not ALPHA.

Understanding this, you will realize that the

Light you draw to change conditions to become supply, to bring Peace, must be generated by some self-conscious individualization. All self-conscious Life, from the Godhead to the individual, may, through action, generate and expand Light.

The Cosmic and Perfected Beings, in addition to Their Cosmic Service, are a continual outpouring of Light which enters the Cosmic Storehouse for this System, and may be drawn by lesser individuals to hasten their liberation from shadow.

Thus you, beloved ones, who have learned what Light can do, must not use Light as though it were a natural product, for it is rather a Gift, released through the energy of other parts of God. This mighty Storehouse of Light anchored around the physical Sun is what you refer to as the Cosmic Light - meaning Universal - and when you wish specific assistance, if you reach into this Cosmic Light, you receive a greater outpouring than if you tuned in to the Light of your own heart - or of just one Master. When you realize that every Perfected Being is a Fountain and Outpouring of Light, and when you consciously draw that Light through your own lifestream, it looses the action of the Three-fold Flame in your heart and you begin to emit more Light. Perhaps this will show you, not only the way, but the joy that will be yours in helping hold spiritual harmony and affinity among each other during the coming months, in interpreting the Heart of the Master, the song of the wind, the wagging of a puppy's tail, the fragrance of a flower, and trying to make the interest behind that manifestation of Life your own. Oh, not for duty's sake; but for LOVE'S sake, as you daily share and enjoy in a particular interest for one part of life that you have perhaps found akin to yourself.

Blessings and Love - MAHA CHOHAN

Dear Children of My Heart:

In the establishment of a new frontier, let us say within a wilderness that has never been peopled by civilized man, there are chosen certain pioneers who, for their intelligence, initiative and capacities, are felt capable of entering into such a wilderness and laying the essential program for the future. When they have established themselves and found the specific needs and requirements for their assignment, over a lifeline, they send to the supply station and draw forth the men, the equipment, and all the necessary requirements for the expansion and furtherance of the project.

In exactly the same manner did the Great Central Sun, or the Father of Creation, send forth into individualization every lifestream who belongs to this particular chain of evolution. The individual, according to the requirements of his Higher Nature, was to discern that which he thought would further God's Plan, and was given a way and means of contacting the Source that there might be sent to him over this lifeline whatever his wisdom, intelligence and individualized co-creation with the Father might deem necessary to expand the Kingdom.

This power to contact the Universal Source is a power of magnetic attraction. Saint Germain has chosen to call it the Great Central Sun Magnet anchored in the human heart. This magnetic power cannot be denied, and when the individual sets into action that invocation and call to the Universal Source - demanding and commanding

certain required substance, powers, friends, activities, and so on, he could no more be denied than the foreman of an intelligent corporation would be denied the co-operation of the home office to expand its facilities.

For many centuries mankind has forgotten the Divine Plan and their individual responsibility to fulfill it. Therefore he has not the right to draw on the Father's Source because he was not engaged in the Father's Business, and for him the power of the Great Central Sun Magnet was not revealed or allowed activity. However, when the lifestream again comes to a remembrance of its original assignment, and within the motive and inner nature, is desirous of joining forces with the Divine Scheme of Cosmic Creation, he again has the full right to use the power of the Great Central Sun Magnet within himself to invoke and draw It forth to bless the Universe through understanding, health, friends, money, and every other gift, activity and power required to assist in his work.

A marvelous contemplation, when you are calling this power of invocation, is to feel yourself within the Body of the Lord of the Ceremonial Ray, and for five or ten minutes enter His Consciousness, then your own consciousness will be so identified with the burning and fervent and zealous desire for Universal Brotherhood, that all the power of the Great Central Sun Magnet in the Universe will be yours, and invocation and manifestation will occur almost simultaneously.

Blessed be your consciousness now, each one, that has received the POWER OF INVOCATION which brings results, as has been said, swiftly, and which differs from the LAW of Invocation.

ADDRESS BY BELOVED NADA

Tonight (June 15, 1957) the magnificent Rocky Mountain Retreat is open again. This Retreat has become something of an oft-told tale because it has been described so frequently. Yet it is one of the most wonderful opportunities for mankind, particularly those who know of Lanto and the Brotherhood and Sisterhood at This Retreat, to learn the Power of Precipitation.

Now, dear ones, in order to have a lovely precipitation, you must have a clear-cut thought form. That means that your mental body must be under the control of your consciousness and your will. You must be able to create out of a simple idea, a pure thought form, and then you must use rhythm in filling that thought form with your FEELINGS until the manifestation occurs. It is to be regretted that people pass from Retreat to Retreat without getting the full efficacy and assistance that can be offered while they are in

the radiation of the Retreat and while Its mighty powers and Sponsors are willing servants there.

Within this Retreat of Precipitation now you have thirty days when a # Sister from the heart of this great Focus will come to you daily (hourly if you desire) and help you precipitate something good. I do urge you to take some time each day, and some one project, and see, in this thrity-day period, how you can draw it from an idea into a mental picture; into a feeling form filled with joy, motivated by the blessings that your precipitation will give to yourself and others, and then having the actual manifest expression in your hands and use.

As an individual who has passed along life's way, I can but say to you, as has been said by Others, start on something that is not too large, because the larger your mental picture, the more of your life energy has to rhythmically flow into it, and the greater intensity of power is required for your manifest expression.

We, in the Ascended Masters' Realm, met this morning in the central audience hall of Lanto's Retreat, and Our precipitation is a great Pink Rose around the entire student body, to be sustained there, qualified with Our feeling of Love, until this Conference is completed - until each one of the students is raised out of the distress that temporarily bogs you down, and until you feel the Freedom of Conscious Precipitation in Light.

The great audience chamber at the Rocky Mountain Retreat, you will remember, is surrounded by the seven antechambers, each of which is closed off with a mesh curtain with the Archangel and the Archaii of each of the Seven Rays woven into its substance, and the central audience hall alone

Beloved Lanto assigned Lady Sponsors this month.

is used by Lanto and the Brotherhood during the entire year. When there are special Conclaves, such as at this time, those curtains are drawn back and the Chohans of the Seven Rays gather Their chelas into the antechamber to which the chelas belong. The central audience chamber has the beautiful circular Altar so that it may be seen equally from any one of the seven antechambers as well as from the seats which surround the Altar itself. Around the base of the Altar, you will recall, is the frieze representing the various phases in the evolution of mankind - starting with the descent of the Manu of the First Root Race and the coming of Lord Michael and those of you who are the Guardian Spirits of the Earth.

The great Flame of Precipitation in Chinese Green and Gold blazes there upon the Altar, and tonight, although the activity of Precipitation is being honored, the little mesh wiring that goes around the Altar is interwoven with roses of pink instead of the usual yellow calla lilies and greens. Lanto is officiating, standing in the center of the Altar by the side of the magnificent Flame.

The seats of the Karmic Board, as you have read, are representative of the Spirits of Truth and Purity, and are made of exquisite diamonds, studded with emeralds. These seats are in the Etheric Realm over the mountain itself, and in the larger seat in the center, Pallas Athene, as Spokeswoman, will be seated with the other Members of the Karmic Board seated to Her left and to Her right.

There was a discussion this morning about changing the Spokesman of the Year for the Karmic Board to the Beloved Vista (Cyclopea), but this has not been done. Because of the activity of Truth and Purity, it was thought that the efficacy

of Pallas Athene's energy would be of greater assistance to the peoples of Earth at this time. However, I think We can safely say that by the Christmas Conference, Cyclopea, or Vista (whichever you choose to call Him) will become the Spokesman of the Board and act for the Year 1958. This is a wonderful prognostication from the Angel of the Scrolls and His Contemporaries, because a lot of effluvia of Earth will leave as Vista and Crystal # both are representative of the activity of such great Cosmic Purity.

The Karmic Board (with the exception of Pallas Athene) has not come in as yet because We just opened this Retreat today, but the Angel of the Scrolls has been taking scrolls on which are written the petitions and designs of the various Hierarchs and Their Retreats as they have come from all over the world, and He has read them and has placed the various Council Chambers at the disposal of the Beloved Ones. Here in these private Council Chambers, as you have been told, any being, ascended or unascended, belonging to this Universe or to this Galaxy (for at the time of the half-yearly Council, the Cosmic Highway is opened up as far as Alpha and Omega) may discuss the ideas that are going to be presented as a petition before the Karmic Board.

Some of them will be accepted, and others will be manifested within the next six-month period. I know that all of you who have had opportunities to write petitions to the Karmic Board are not so zealous in your endeavors to do this, having been told that it is your own energy and practical application that must make your dream a fact. Also having to return to the Karmic Board in December with a statement of what you have done

Divine Complement of Vista (Cyclopea)

with Their acquiescence to certain ideas that you had in your consciousness has made you more cautious. This is always the most difficult part of the eager petitioner's activity, for it is the return with the results of what has been done. The idea seems so magnificent, and then the resistance of the outer world is a force which is not fully felt even when you are out of the body in the Etheric Realm, but when you come back into the physical world, you find that resistance again and often the push is more difficult than anticipated.

ADDRESS BY BELOVED NADA (continued)

The Ascended Host are wholly free from feelings of failure; wholly free from depressions and the consciousness that They will not succeed. So every six months They come to the Rocky Mountain Retreat with wonderful new ideas. They not only come from the Retreats on the surface of the Earth, but from the Seven Spheres as well, and there are always great numbers who come from Hilarion's Temple and from the Temples of the other Chohans.

The Angel of the Scrolls is always a Being Who is developed in Wisdom and Balance, and there are sometimes occasions when as many as twenty or thirty of the petitions will contain, in essence, the same thing. Then the Angel of the Scrolls gets that group together and the one who is in charge, by seniority of Light, is then enabled to form it into a joint petition which will be presented to the Karmic Board.

Alpha and Omega; Osiris and Isis; Apollo and Diana; Krishna and Sophia; Helios and Vesta - all of these Beings have Emissaries Who are to enter into the Teton by June 19th. They will bring with Them very great Light, and They will stay all during the period while the Conference is in session.

Tonight the activity is primarily concerned with the entering of each one Who is a conscious part of the Retreat; the entering of Their Scroll and Petition; assigning Them to Their rooms and then Their returning to the Flame Chamber to become part of the precipitating activities of the evening.

The Beloved Pallas Athene has surprised Us by Her Presence in the atmosphere above the mountain, so it would seem as if at least some of the Karmic Board are going to be present.

I will now introduce to you the Master Lanto, the great Hierarch of the Rocky Mountain Retreat.

ADDRESS BY BELOVED LANTO

Ladies and Gentlemen assembled here in Our Retreat, desiring to know and feel a reverence for Life, Great Cosmic Beings, Ascended Masters, and all Divine Expressions of Deity, We are your most humble Servants. We do ask that you make use of everything within this Retreat, and ask one of Our Brothers or Sisters to assist you while you are within the confines of the Retreat. Our library, paintings, and Teachers are all at your disposal, and to those who are listening to Me over the ethers elsewhere, I make a like invitation to come to Our Retreat and learn here how precious is Life - Life in a small flower as well as the

Life in a great tree; the Life in the least of men as well as the Life in the greatest. Love and Reverence for Life brings a great receptivity to the consciousness and makes one a good pupil in learning to precipitate happiness wherever you go. Because, as the gracious Nada has said, when you love life enough to put self aside, and nourish every attempt toward doing good, you are opening the door of your own feeling world, mind, etheric body, and the very substance of the physical world to the inflow of more life, because all life desires love and sublimation through Understanding and Grace.

I have provided, with your permission, Lady Masters for you this month. For this thirty-day period, you shall each have a lovely Lady Who is an Ascended Being, and each of these Ladies lived with Me in China when I was privileged to have a Rulership there before My Ascension. Some of you will be intuitively aware of Their Presence, but all of you will, I hope, enjoy Their companionship.

Now the great Pallas Athene is already in the ethers above Our Retreat, and We shall speak to Her for a moment.

"Beloved Goddess, Pallas Athene, dear Spirit of Truth and of Life, as You come as Representative of the Karmic Board, I ask You, in behalf of all life on the Earth, for every God Mercy and intercession in helping in the redemption of this planet and its peoples."

ADDRESS BY BELOVED PALLAS ATHENE

Beloved Lanto and the Brotherhood at the Rocky Mountain Retreat, greetings from the Karmic Board! We come now, as always, to bring Mercy, Balance, Understanding, and Light to the Earth and its people. It is Our Joy to stand in a position where we can hear the calls of the least Elemental as well as the mightiest Deva, and where We can, when Wisdom allows, draw on the Cosmic Storehouse for that Life, Courage, Strength, and Constancy to help any lifestream unascended, or any Elemental or living thing to manifest God Perfection.

My fellow Members of the Karmic Board will be visiting, informally, the various Council Chambers. The entire Board will not go into session until the nineteenth, but I have come to open the door to the Realms of the Higher Suns so that the Emissaries from those Suns may open the Spiritual Highways into the emotional, mental, etheric and physical worlds of mankind. These Emissaries act like wedges, and as They fly through interstellar space, They leave an opening behind Them, and sustain that opening which is a channel of energy through which the lesser Beings can come in safety and not be swept from Their course by diversity of interest or lack of polarity and concentration of mind. So these great Emissaries come - the Wayshowers - the Pilgrims - cutting the path through the darkness into the Light. Then, following Them, will come the lesser Beings, Angels and Elementals of Fire. Those of you who are privileged to be among the gatherings this night to breathe in this Precipitating Flame, and then to externalize It as It circles the planet Earth - to you I give the blessing of Truth, the blessing of Love, the blessing of Purity. To you, Beloved Lanto, Who has served so long in this Retreat - to You

Who came from the beauty and delicacy of the Oriental splendor into the rugged civilization of the Western culture, We send Our Love. We know that, although You have been offered release and freedom from Your position and were to be allowed certain Cosmic Freedom in the Realms above, that You have, as Sanat Kumara, Your Superior, did before You, turned down this opportunity even though there is a Being ready to take Your Office.

For Your selfless service, and for remaining just a little while longer, We are eternally grateful because it is the desire of the Cosmic Law to teach mankind (at least the student body) to consciously precipitate good, to get confidence within themselves that it is possible to so precipitate, and in that precipitation to expand this Endeavor and the Light of the World.

Thank You, Lanto, for Your Courtesy, Your Selflessness, and Your Kindness.

Beloved Nada, Sister of Light, Sister of Love, We send to You Our Gratitude for that which You are doing in the Heart of Freedom.

* * * * *

BELOVED NADA SPEAKS

Thank You, Pallas Athene. Thank You, Lord Lanto. And now, ladies and gentlemen, We shall prepare to become a part of the great Ceremony of magnetizing and directing the Breath. Thank you so much.

Loving Hearts seeking Freedom:

It is My privilege and pleasure to again relinquish My place to Our Most Gracious Lady, Nada, Who has a special message of interest for you. My Love and Blessings are ever with you.

MAHA CHOHAN

ADDRESS BY BELOVED NADA

Dearly beloved ladies and gentlemen seeking the gracious way of living, and who desire, among other things, to be the expression of the Lord Saint Germain; to you I come to bring the radiance of pure Divine Love - that Love which envelops the feeling nature, enters into the mind, melts away the etheric bitterness, and even gives solace to the flesh structure impersonally.

For many ages I have been trained along the line of developing the potential good within life, and have worked, as you know, long before the Ascension, under the Beloved Charity, to endeavor to overcome those personal feelings of the outer self that desire to be perfect in themselves and are not always so eager to see, cognize, encourage and develop Perfection in others.

In New Bedford some years ago, I told the story of that life when I was one of a family whose other daughters were very talented and could perform so magnificently and receive such applause. I used to feel inadequate within Myself at that time until the Beloved Charity helped Me

to learn that I could increase My Power of Love by increasing their talents - bringing to mind, of course, the statement: "I (the outer) shall decrease that Thou shalt increase!"

Now, you think, looking back over those long ages, it was not so difficult for a small child to spend all the prayer hour in the silence - pouring out impersonally the Love to My talented sisters - increasing beyond their own potential worth those gifts of voice and art, and they, developing in that grace, never knew that through My Teacher and My own endeavor to be selfless and sincere in giving of My Light to their virtues and talents, their gifts were increased beyond that which they would ordinarily have known. Then I really learned to overcome jealousy - jealousy which, spawned out of fear and insecurity, lies within the soul of the unredeemed. To My delight, seeing My sisters grow in beauty and in grace, I, of course, was growing in that selfless capacity to serve wherein I later would be utilized by the Cosmic Law to help other lifestreams who had to work particularly in communities - spiritual and secular.

For many ages I have been assigned to assist the spiritual communities that exist all over the planet Earth. Since the Christian Dispensation and the great manifestation of Jesus' Victory and Ascension, I was assigned the joy of working through the Superiors of all the Orders that were developed around the Christian Doctrine, and whenever possible establish that focus of Love which would sustain a community against the imprint of personal imperfection. That is why some of you have wondered that it was so easy for Me to accept the opportunity of becoming the Chohan of the Sixth Ray.

The length of time a lifestream has to be

ascended is not taken into account with regard to qualification for Chohanship. The momentum of a certain Quality in the Causal Body, an affinity of energy with the previous Chohan, and a certain capacity to fill a requirement is all that is required by the Cosmic Law. Some of Us, you would say, step down into an Order, and some step up. For Us, you see, there is no such thing as standing back because of the prestige of years or ages of service, and when Jesus and Kuthumi were given the opportunity to rise, and under the tutelage of the previous World Teacher, began Their great service as World Teachers, I asked the Law if I might, through My affinity with Christianity, be privileged, for the time being, to be the Chohan of the Sixth Ray, which is the Ray of Ministration, Understanding and Grace, and works very closely, of course, with the Venetian and the Brotherhood on the Third Ray.

That will give you some explanation of My reason for accepting this position (temporary Chohan of the Sixth Ray). You are aware that the Chohans are Offices, and the individuals who become Chohans change from time to time. As We are on the path of evolution and progress on the scale of life, the great Beings, such as Sanat Kumara and Gautama, all are rising in consciousness and expanding in Light. As yet there is no one ready to hold the Office of Chohan of the Second Ray, and I believe that the Beings Who are meeting at the Teton will have some instruction about Who shall occupy that Office. Of course it is still supervised by Kuthumi.

I thank you for the privilege of this visit with you, and enfold you, each one, in My Love.

My Beloved Aspirants:

How often have you experienced the inability to convey, perhaps, a constructive idea to a life-stream seemingly requiring help because, while politely remaining silent for a moment, they refused to accept the thought-pattern offered in the turmoil of preparation of their own next dissertation the moment your mouth ceased to utter a word? This is exactly the position of the outer mind and personality with reference to the Divine promptings in regard to the union with the First Cosmic Cause.

It is one of the most astonishing factors of human nature how incapable mankind is of becoming still (and thus acquiring Wisdom); not the stillness of lethargy or sleep, but the alert and expectant stillness of the mind and feelings so that the direction of the God-Self might flow into and illumine the outer self. This stillness is the first requisite to union with the Higher Self - the Divine Ego - the Master Presence - or whatever It may be called. The more of a 'listening attitude' that one can develop in the outer mind, the more of the higher vibratory action of the Universal Cosmic Christ can find anchorage and expression in the outer ego.

True Wisdom comes from Facing the Sun within an alert silence and drawing forth the conscious realization that all Reality, Truth, Beauty, and Understanding may be found within the Flame in one's own heart. By listening to the Voice of the Silence in humble and silent reverence, without

mental concepts or emotional restraints, one becomes imbued with Wisdom. The wiser one becomes, the more silent is his tongue - the more peaceful is his emotional world, and the less thinking he does with the brain. When you really know that the only Reality is this Sun (which is the Second Person of the Trinity referred to as the 'Son', and often taken as the parent-child relationship) you will find that the world of maya can no longer touch you. This is the Path of Wisdom - the period of listening and waiting signified by the cross-legged Buddha resting on the arduous climb toward Strength and Purity.

In this quest for Wisdom, dear children, outwardly it would appear to be a period which, in comparison with your struggle to acquire some of the other Virtues, should be peaceful, quiet and serene, for you are not tested in strength now - but in patience, inwardly. However, let Me tell you that it is one of the most difficult steps on the Path, for until you can hear the Voice of the Silence, you are running on the periphery of Life, shouting, with the multitude, the hollow hosannas that sound nowhere but in your own ears.

Music is a beautiful way of stilling the vehicles so as not to create tension, which is so often the result of mental effort to bottle up thought. Contemplating Nature in its natural beauty is another way - a calm lake, the beautiful feeling of a warm sun, or even the gentle miracle of Life in a humble house plant - all these are conducive to stilling, in a relaxed manner, the vehicles of man. Here in this busy Western world we have not yet found a design for living in which the consciousness can be stilled and yet remain vitally and enthusiastically alive as is the case of the Host of Heaven and Members of the Angelic Kingdom.

Beloved ones, the Way of Silence cannot be forced, but as you struggle to reach it, I bless the Flame that beats within your hopeful breasts and My Loving Understanding enfolds you - each one.

Blessings and Love,

MAHA CHOHAN

ADDRESS BY THE BELOVED GODDESS OF LIBERTY

Beloved friends who have loved the Cause of Freedom for a long time, and have served it in many embodiments, We are grateful indeed for the use of your energy which has already been taken by the Beloved Ascended Master Saint Germain Who has created a vertical line of protection along both the eastern and western seaboards of North America and which will be of tremendous protection from all types of destructive endeavor. The energy rising in the songs which you have just sung, carrying your Love and your Light, you will remember some day as part of the protection of this continent.

We of the Karmic Board are grateful indeed for the opportunity of meeting you. The Beloved Maha Chohan has asked Me to assure you that you were all present at the Royal Teton last night,

for, He said, some of you were disturbed in soul because you felt that you were not among those who made petitions. It is My privilege to give to you His message that you were present, and all of the Seven Rays were represented in some type of petition to Our Body (the Karmic Board).

You know, as the Karmic Board is in session, there is a great added Light in the atmosphere of Earth, and that added Light comes from the Beings from the other Suns of the System, and concentrates in and around the Teton and then it enters into your own vehicles when your attention is upon that Focus of Light. Therefore, there is more energy for each and every one of you to handle at the time of the half-yearly Conferences than at any other time during the year. There is more Light, more Energy, and more Power in the atmosphere of Earth until the decisions come down from the Karmic Board and the Emissaries from the various Temples and various Suns return to Their Homes. We do intend to remain in session until the tenth of July.

Sometimes the Lord Maha Chohan and the great Lord Divino have warned the Speaker coming to you that it would not be wise to say too much. Yet the enthusiasm of the Divine One Who has the opportunity of speaking does release more knowledge than the emotions or the outer mind can stand, and therefore we have conditions which require assistance from the Maha Chohan in restoring balance and stability to the soul and the various vehicles - all of which are in the process of growth - particularly in July and at the beginning of the New Year - each year.

I would like to thank you for the calls that you have made on behalf of the Blessed Buddhas and the incoming children, and I am pleased to report that the incoming children are tremendously

purified this year. There will be a great deal less of the distress, particularly of deformity of the brain structure causing imbecility, which is of such assistance to the Holy Christ Self of those who are coming into physical form.

You see, the Holy Christ Self is almost helpless to act until the heart and the brain consciousness are in alignment, and so that embodiment when a person is born without the conscious use of the mind is just a time when the soul pays off certain karma, but there is little progress there. We would like to tell you that Hilarion has formed beautiful Temples into which these individuals who have earned that sort of karma are invited, and with Hilarion's persuasion, they are almost always entered into those Temples. Therefore, they do not have to come into physical embodiment and cause distress to the parents, distress for themselves, and hold up the activity of their own Holy Christ Selves.

For those who have physical handicaps, it is not so difficult, because the Karmic Law seeks to develop certain activities of patience and certain activities of sensitivity that come from certain restrictions that they have not worked out, so some of the physically handicapped will still come into embodiment, but not as many as heretofore.

With regard to your petitions, We have, as One of the Great Ones said to you, so far, seven Buddhas at the gates of birth, two in embodiment and the other five are ready to come in. Beloved Mother Mary did ask Us last evening if We would increase this number, but it seems unwise at this time. We went over the entire race - the entire mankind in embodiment that are able and capable to have children, and We do not find, in fairness to the pure soul, room for any more at the present

time. So Mother Mary asked that We recommend to you to continue your wonderful calls to purify the homes and families of the incoming children and the younger generation, so that there may be raised up those fine young people who can, in turn, be the parents of more of these Buddhas - a hundred of Whom have applied for embodiment.

Beloved Lanto has been offered His Freedom to go to a higher Star and serve. He has served in the Orient many centuries before His Ascension, and then He has served in His Ascended Master Body as Hierarch at the Rocky Mountain Retreat for a great length of time. Last night the Successor to Beloved Lanto again offered Him His Freedom, but Beloved Lanto felt that until the student body had learned to FEEL HIS REVERENCE AND LOVE FOR THE LIGHT, that He would choose to remain. That is a magnificent sacrifice - somewhat similar to that of Sanat Kumara.

Please, in remembering Beloved Lanto, give Him recognition for remaining with the Earth, and will you ask Him to assist you in learning that REVERENCE FOR ALL LIFE, and learn it quickly, so that He may be God-Free.

The Beloved Sanat Kumara came with Lord Gautama and remained all through what would be your night hours here in the east, and He is still in attendance at the Teton. He has done a great deal towards encouraging the embodiment on the Earth of some beautiful people from Venus. He brought some of them with Him in their finer bodies, and they spoke to Us. I do not know yet whether We would allow them to commit such a sacrifice, but Sanat Kumara (like all of the Great Divine Ones) is forever endeavoring to help set the Earth free.

The Beloved Morya continued His activity. He brought ten little men and ten little women from Excelsior, and they were very beautiful. They are

wearing little crystalline garments. Oh, they are very little people, but very beautiful, and He brought twin pairs. In a beautiful dance, they showed the activity of the creative principle through the Flame in the heart, the throat, and the head. Each little pair created between them a tiny crystal ball of Light with an immortal Three-fold Flame within it. They didn't take up much space; Beloved Morya held them all on a scarf just before Us, and they are so light that they did not leave any imprints of feet upon the scarf. They are just lovely little folk, and when you go down to Excelsior to see them, be sure that you do not step on them because they are so small and look very sensitive to Me. It is a beautiful planet, and We do decree that they shall never know any type of distress. They are happy and they are joyous. They are somewhat like the elementals except that they are going to become men and Gods one day. It is strange that they are so small of stature, but they are beautiful in the extreme, and they are now wielding the power of precipitation, creating the Immortal Three-fold Flame, and they are beginning to enjoy decorating the little planet. Morya also had a picture of Excelsior which He showed to the assembled Guests, and everybody enjoyed that.

The Great Archangels and all Their followers brought in the reports of what They had done with energy during the past six months, and what They had done with the Thought Form of 1957. (#)

Pallas Athene spoke very forcibly again about the realization of the importance of making that Thought Form a practical activity in the Life of the Hierarch of the Retreat or of the Angelic,

(#) A Crystal Alladin's Lamp from which rises the Green Flame of Truth

Seraphic or Cherubic Kingdoms - whichever it might be, and the Members at the Teton all felt very much the importance of Her words.

The bands of color (We have one more now) around the Earth are now eight, and this is very helpful to Lord Gautama as well as Sanat Kumara. The petitions, of course, have all been heard. We have received the decision as to allowing the people from Venus to embody, and there are several other important points that will keep Us in session until July 10th. But the majority of the Hierarchs received grants for Their petitions as did the majority of the unascended students. Some of your grants were incorporated into the Ascended Masters' petitions and were released to you with a realization and an understanding that what you do now with the petition will be your record to bring before Us again at the end of the year.

We are very glad to have been a part of your Conference, and We are glad that YOU were a part of OUR Conference. We hope that this association between Divinity and the human kingdom will continue. We do decree it from Our standpoint impersonally, seeing the Light of the Ascended Host; seeing the darkness of the outer consciousness of mankind. We do desire to blend the two to draw the darkness into Light by blending the two consciousnesses over the Bridge from the Divine into the human realm; so to you who are the Bridge-keepers, blessings in person from the Karmic Board. Thank you and Good-day.

Beloved Children of God:

To you, seeking Illumination upon your Paths, spiritual and secular, I present herewith Beloved Kuthumi's description of the actual activities which took place at the Temple of Illumination, the Retreat of the God and Goddess Meru. Both the God Meru (Manu of the Sixth Root Race) and Lord Himalaya (Manu of the Fourth Root Race) spoke at the Transmission Flame Ceremony, but because of the tremendous power, depth of instruction, and Light released, I am presenting Their addresses in succeeding Bulletins so that you, dear gentle readers, may not have spiritual indigestion. God bless you for seeking the Light; and until We meet at God Meru's Retreat, I am always so lovingly -

THE MAHA CHOHAN

* * * * *

ADDRESS BY BELOVED KUTHUMI

Following in the footsteps of such illustrious Beings makes it difficult for Me to add any verbal instruction about the Illumination Flame, except the blessings of My Love, and My earnest request that you use that portion of Understanding which is Mine and which I would like so much to share with you in giving to you an Understanding Heart.

Tonight, high in the great Andes Mountains, gather the great and illustrious Ones from all of the Suns of the Systems to give honor and

cognizance to Illumination's Flame. The great God and Goddess Meru stand within the center of that rock-hewn chamber wherein blazes Illumination's Flame, with a center of pure white (like the center of all Flames) and then the beautiful gold and pink radiance blazing up through the chamber and disappearing into the atmosphere, yet which radiates out through the ethers for the blessing of mankind.

The God and Goddess Meru are magnificent Beings, and They wear golden robes of a substance like very fine silk. They are embroidered around the cuffs and the hems of Their long garments with pink roses which are symbolic, you know, of the Messengers of Meru. On the left breast, just over the heart, is the beautiful pink rose also symbolic of Meru's Retreat. The Goddess Meru has golden hair, and She wears it in a flowing style almost to Her knees. Her hair is bound by a plain golden band upon Her forehead from which there rises a large golden Flame which takes the form of a jewel of Light. The God Meru wears exactly the same type of garment, but His hair falls only to His shoulders, turning slightly under at the shoulders. He wears the complement of the band that His Goddess wears with a pink Jewelled Flame in the center.

As you know, the seating arrangements in this Retreat are very informally arranged cushions. It is designed in the fashion of the East - individual cushions - and those Divine Beings and Ascended Master Friends and chelas who are within the Retreat are seated mostly in the Buddhist pose - in meditation. Some who come from the West are seated on the cushions just as you would normally sit - with their feet before them. However, the chamber itself does not hold more than about three hundred individuals, and as the

attention of more and more of the students is being drawn to these Retreats, it is necessary to ever expand the actual seating capacity. So the great God and Goddess Meru allowed the Brotherhood of Illumination to tunnel out a vein of pure gold on either side of the Retreat so that the Retreat now looks like a Sun with two wings on it - one on either side. In those two side wings there is room for the greater numbers who come who are readers of THE BRIDGE, and who come, in consciousness, to the Retreats. Most of them do not like the cushions, so the God and Goddess Meru have put chairs in those side wings so that the Western students can have the blessing of comfort to which they are accustomed. You will find that the Ascended Masters are always most gracious. If you want a lounge or a cushion, or if you want a throne, it is alright as long as it is in good taste and in harmony, and gives you the best possible spiritual connection with your God. So there are chairs for those who want chairs, and beautiful cushions for those who are accustomed to them.

The great Regent, Sanat Kumara, is present, having entered the Retreat about ten minutes ago. He comes in the purple garments He wears as the Regent for the planet Earth, and He participates in the activity of protection to Lord Gautama Who does not usually enjoy the actual participation in ceremonial. Gautama, of course, has been here for an hour on His cushion, and is away off in cosmic space adoring the Illumination Flame. So Beloved Sanat Kumara steps in to render the service leading the processional. Behind Him comes the new Buddha, Whom you know as Lord Maitreya, and then Our Lord Maha Chohan and other Members of the Ascended Host of Light.

Above South America the great amphitheatre is

builded in the same activity. It looks like a Sun with the wings on it, and it is as large as the South American continent. That is presided over by the great Archangels. It was created by the Builders of Form and the Angels and Devas of Ceremony. Into it come those from the Sleepers' Realm; those from the former Compound; all disembodied individuals; all individuals (while their bodies sleep) who earnestly and sincerely desire God Illumination. As they turn their attention to this Flame, you can feel It now. Please, if you feel a sense of lightness in your head, know that it is because of the combination of the two great Rays which have been drawn into this room, supplemented by the lesser and the third Ray of My Humble Self.

Because the activity is so tremendous tonight, We ask you to turn your attention to that Flame for a moment, and then I would suggest that you limit your combined breathing to ten minutes because of the acceleration of the energies in your four lower bodies. The Beloved Morya tells Me to ask for special God Protection to sustain the radiation that you draw tonight as you return to your respective orbits, so I am pleased now so to do.

Beloved Ones:

To you who are seeking to know that Truth that will set you free, I present the words of the God Meru as spoken on July 20, 1957. I do decree that you enjoy visitations at His Retreat; bathe in the Illumination Flame; call often to the Beloved Lady Sponsor He has assigned to you; and profit thereby.

Love and Blessings,

MAHA CHOHAN

ADDRESS BY THE BELOVED GOD MERU

To you blessed and beloved children of life seeking the Way of Truth, who welcome the Flame of Illumination into your outer consciousness in order that you might enrich not only your own soul growth, but that of all whom you contact, I come, bringing all of the blessings from Our Holy Mountain; all of the blessings of the Brotherhood of Illumination; and all of the individual blessings of My Lifestream.

For many, many ages now, We have guarded and sustained that Focus of the Illumination Flame which both We and you honor tonight. It is encouraging to see that quite a few of the more advanced among the race have found their way into the Heart of the Andes Mountains wherein that Flame abides. In the future, when the spiritual

pioneers have opened the emotional, mental and etheric pathways toward Our Mystic Retreat, more and more of mankind will become physically aware of the spiritual radiation that is held within the great Andes Mountains, and you will see that those who have clung for many ages to the desire to enter into the great Himalayan Range will begin to turn their spiritual pilgrimages to the West.

We are now in the process of preparation for such change. For several years there have been transported from the great Retreat of My Brother Himalaya those priceless scrolls and scripts which have been prepared by the Sages throughout many ages, and which have been preserved in His Retreat unto this present day, and which will, when mankind is raised above the consciousness of greed and selfishness and the capacity for self-destruction, be released for the use of the masses as self-evident proof of the Truths which have been presented by the many Avatars, and by the many Ascended Masters of Light and Wisdom under which the members of the race (who will then be living upon this Earth) have studied before. They will place their hands upon the parchment; they will place their fingers into the grooves made in the stones; they will feel the very substance of the energy of their own Master of Light who, ages before, made those written records and that contact with the physical substance of Earth, which have been so carefully preserved by the great Lord Himalaya and His Brotherhood.

We have now taken upon Ourselves the responsibility and obligation of guarding these treasures until that future day when they can be safely entrusted to the people who have made themselves worthy of their reception. Here in the Andes, the coming connection between the Ascended Master Consciousness and the magnetic pull of the raised

consciousness of mankind will revivify the etheric memories of the Truths which that Master or Avatar taught, and those individuals who are coming into embodiment in the great civilization being born in South America will have the spiritual satisfaction of enjoying these magnificent treasures of every kind and description.

Now, I see in the minds of many of you a request for Light on the subject of the Manu, and so I will take a little of My allotted time to discuss it with you.

Manus have been provided for the seven great Root Races who naturally belong to the Earth's evolution. Each of these Manus, Myself included, is responsible for a Root Race and the seven Sub-races which come under Him. Each Manu cannot be free, or does not choose to be free, until every member of His Root Race and the seven Sub-races belonging to it is redeemed and ascended into the God-Perfection from whence they came forth in the beginning.

As you have been told on previous occasions, the first three Manus completed Their service within the prescribed time (fourteen thousand years) because the radiation on the Earth was not yet polluted by the coming of the laggards from other Stars. Therefore Their Root Races embodied, Their Sub-races developed, and the people ascended, having completed, in approximately fourteen thousand years, their cycle of evolution. Next We come to the great Himalaya, the Manu of the Fourth Root Race. There are many Fourth Race people, with their successive Sub-races, still in embodiment, so the great Himalaya is really one of Those who is an Exile of Love, remaining here in the great Himalaya Mountains still serving and blessing those individual lifestreams belonging to the Fourth Root Race and the Sub-races belonging to

it who have not yet completed their life plan into the Ascension. That includes any members of the Angelic Host who came out with the Fourth Root Race; any of the Guardian Spirits who came forth from other planets at the inception of the Fourth Root Race, any elementals who became imprisoned at that time, and in fact, all life, all living things, everywhere.

The Lord Himalaya is, therefore, responsible for the redemption of all mammal and animal life, some of which is still in a state of suspended animation beneath the caps of the frozen wasteland at the poles; and it is the responsibility and obligation of Lord Himalaya and His Lieutenants, chelas, unascended friends and all of those who belong to that Fourth Race, to make that redemption possible.

The great Vaivasvata Manu is responsible for the evolution and restoration in a similar activity of the Fifth Root Race and all of its Sub-races.

It is My obligation, of course, to bring to maturity the Sixth Root Race upon the planet Earth, including all of its Sub-races.

Now why, exactly, does a Manu take on this responsibility? A Manu is a Perfected Being - a Being Who has already developed the Perfection of the Godhead, and Who offers to a Sun of a System (in Our and your case - Helios and Vesta) to be God-Parent to a certain number of spirit sparks which will be drawn forth upon a planet. These spirit sparks are projected by the Father and Mother of the System (Helios and Vesta) into Universal Light - becoming glorious Immortal Three-fold Flames; and around them a great White Fire Being is formed. That White Fire Being, in turn, projects forth the Twin Flames; this entire activity taking place in the Realms of Perfection.

These Twin Flames, as They dwell in those Realms of Perfection, have free will. They can choose to descend through the entire seven spheres where Perfection exists, linger as long as they wish in each of the spheres, assimilating as much of the instruction, radiation and color into their Causal Bodies in each sphere as they desire.

Now you may think it peculiar, but the Twin Flames do not always proceed together through the seven spheres because, through free will, one will sometimes choose to remain a little longer in the first or second spheres, while the other may move on to the third and fourth, etc. It is exactly the same as when one Twin Flame chooses to take embodiment; sometimes the other part of that Flame never chooses to take an incarnation at all; but for the purpose of My illustration, We shall see the Twin Flames descending through the Seven Spheres. Only those who have passed through the Seven Spheres, starting, of course, in the White Light around the Presence of Helios and Vesta (the Electronic Belt around the Sun) and then moving out through the Seven Spheres which are similar to the colors in your Causal Body, can qualify for embodiment on Earth.

When they have passed through those Seven Spheres, each one has developed around himself a Causal Body which has predominant within itself one specific band of color. Only those beings who have passed through the Seven Spheres at inner levels and have drawn a band of color large enough to be acceptable to the Manu may apply to that Manu to come in with His Root Race as a Guardian, as a part of the race, or as an Angelic Guide.

Now, the seven Manus (you know Them all well, having been so long under Their supervision) Who applied for the opportunity of taking charge of these spirit sparks were selfless Beings desirous

of guarding those spirits who wished to come into embodiment on this Earth. Those spirits who desired to come in as the Sixth Root Race were those whose radiation in the Causal Body was predominantly golden in color. These were given into My keeping, and I, in cooperation with the Karmic Board as well as with the Laws governing embodiment, was allowed to bring through the gates of birth the first members of the Sixth Root Race, as well as some of the Sub-races which are now beginning to infiltrate the mass of mankind.

All of the Sixth Root Race and all of Its Sub-races are not yet in embodiment. Therefore, My task is comparatively new insofar as redemption is concerned. My task, and that of the Goddess Meru is to reap, really, where Others have sown, because Himalaya and the Vaivasvata Manu and all of the beings who belong to the earlier Root Races; all of the redeemed laggards who are being called into action; and all of the Ascended Master Saint Germain's students are purifying the atmosphere. Thus more of the Sixth Root Race lifestreams can come in, and they, of course, will be finer, more delicate of form, more beautiful, more highly attuned and developed than their predecessors. They can be easily distinguished, by those who have studied the Law of the Root Races, by the perfection of their form. They have the perfect oval face, the majority having golden hair and blue eyes (with certain exceptions where We have chosen to give assistance to Himalaya through Oriental embodiment). In such instances, those individuals have taken on and will take on, of course, the features of the race into which they have embodied or will embody to assist Him in His self-imposed task.

Now, as before stated, each Manu is, in Himself, a Perfected Being, and that Manu utilizes

a vehicle prepared for Him at the inception of His Root Race. (This is a most delicate and subtle subject, and one which cannot be dealt with even to all the student body). A Manu is the Ultimate Archetype of the entire Root Race and all the Sub-races He governs. He is the Perfection which God, the Father, and God, the Mother of the Almighty Universe desires to manifest through that Race. Therefore, such an One (contrary to previously presented instruction) does not, Himself, embody, any more than the Divine Avatar does, but you have a mystic union such as was manifested when the Beloved Lord Maitreya joined His consciousness with that of Jesus, the Christ, at the River Jordan when the Two became One, so that Lord Maitreya, through Jesus, might bring the powers of the Cosmic Christ to man. (Baptism of Jesus by John the Baptist).

So it is with the Manu. It has been written that the Manu Himself takes birth. The fact is that the Manu is offered, by a very pure and beautiful pupil (whom He has trained at inner levels, but who is not yet ascended) the use of his body. That blessed pupil comes naturally through the gates of birth, like Jesus did, and he holds within himself, as clearly and distinctly as possible, the picture of the great Manu, his Teacher. That picture is also closely held by the Devic Protector Who stands around both the chosen mother and father, as well as the embryo as it develops. Practically always the mother and father are aware of the sacrifice and the preparation of the dedicated lifestream, so that the trinity (the mother, the father, and the child) prepare the cup, and then at a chosen time (according to the receptivity of the pupil who has embodied and according to the Cosmic Moment when the Manu is needed to be expressed on Earth)

is the contact made. Now sometimes in that union, the soul of the pupil departs, and the Manu wears the pupil's body for as long as He may choose. At other times, the soul of the pupil remains, and the Manu uses it only fleetingly. In the latter case, the Manu is free to continue His work at inner levels and not be constantly concerned with feeding and clothing and performing the necessary tasks of sustaining a physical form, because the pupil so dedicated takes care of the physical body and other menial necessities.

This, beloved ones, is as clear a description as can be given to you of the activity of the Manu of the Race. Now sometimes I have seen one of the Manus take on the form of His pupil at the age of five. In the case of the great Himalaya, the possession by the Manu was accomplished at the age of twelve. In My own case, I have not yet prepared My vessel. It will come when the Earth's axis is straightened and the great jungles and morasses, the reptiles, insect life, and other vicious foci in South America are redeemed and transmuted, and that continent becomes the beautiful paradise which it is destined to become. Then again the splendor and magnificence that We knew with the Father before the world was will be manifested in South America and the great Divine Director with His Seventh Root Race and all of its Sub-races will enjoy all of the Western Hemisphere as a literal paradise here on Earth. Saint Germain's Golden Age will then be permanently established.

You among Us here tonight, as well as the faithful students who read My words, are those privileged to be in embodiment during this time of change because of the strength of your Light; because of past association with various Ones of Us; because of your capacity to understand the

intricacies of the Spiritual Law, and to cognize the requirements of the hour, utilizing the energies of your own individual and collective worlds to expand God's Kingdom here on Earth.

We thank you, beloved ones, for your faithfulness. We hope that you will enjoy the lovely Sponsors Who were assigned to you on the 15th of this month - lovely Ladies from Our Retreat - clothed in gold or pink representative of Illumination's Flame. They are all Ascended Beings, graceful in the extreme, very, very dignified, and having tremendous power to help you to know that Truth which alone sets you free. I cannot emphasize too much the reality of those Sponsors Who will come at your call, day or night, throughout this thirty-day period (July 15th to August 14th, 1957) and render the service for you that you require to expand the Light on your pathway, accelerate your brain consciousness, purify your etheric memories, re-vitalize your mental capacities, and help you attain the GOD-CONTROL of the energies of your feeling world.

If you can accept the reality of these Beings as well as the reality of Myself, Our Retreat and the Illumination Flame, you will receive much that will illumine your pathway and that will make life extremely more pleasant for you.

GOD MERU

Beloved Ones:

You who are so intent on drawing Illumination into the outer consciousness - how We love you! I now present the address of Lord Himalaya (Manu of the Fourth Root Race) which was a part of a three-fold benediction given at the Transmission Flame Class of July 20, 1957. Lord Himalaya is known to many students as the Chakshusha Manu. Many of the Divine Beings have different names given unto Them by those who worship Them.

Love and Blessings,

ADDRESS BY THE BELOVED LORD HIMALAYA

Beloved children, I have visited with you many times, and often have you come to Me in the heart of Asia; many of you volunteering to serve on that continent where there is such great Light, and yet where there has been such great darkness. Many of you have contributed to the Light of Asia, and I thank you and bless you on behalf of the peoples of Asia, and on behalf of all those who yet live under the fear of Communism, starvation and privation - the like of which you know not of in the West.

Those of you who have come to Us, into the hearts of the Retreats; to the Wesak Valley; to

the great Gobi Desert to visit Shamballa and to sit at the feet of Our great Regent, Sanat Kumara; and those of you who have come, time and time again, to Ceylon for the Comfort of Our Lord, Beloved Maha Chohan - to you I give the blessings of Asia; the blessings of the Fourth Root Race and all of its Sub-races, and all the imprisoned life that is a part of My Body and My Being which is stirring now and is being restored and transmuted through your interest and through your calls. Know you that those calls made at Hershey in 1955 (see note 1) are still vibrating through the ethers over those continents, and that HOURLY over the length and breadth of every continent, the repeated activity of that purification goes on. Know you that when you make a fiat and decree in the Name of one God who made both you and Me - "I AM" - that decree lives eternally because it is ensouled by some God-free Intelligence, Angel, Deva, Cherubim, Seraphim or Elemental, and that Being uses that and keeps it in living pulsating form for the benefaction of the race. Therefore, each time when you say "I AM FREE!" some Intelligence belonging to the Seventh Ray utilizes that consciousness and statement and keeps it pulsating through the emotional, etheric and physical worlds of all mankind.

When a group of individuals with sincere intent and God-desire to help mankind gather together and give forth any type of constructive

Note 1 : The activities of purifying the continents and oceans of the Earth was begun by a group of trained and dedicated chelas who travelled, in consciousness, the lands and seas, using the Transmuting Fire of the Violet Flame as they went, during the summer of 1955 at Hershey, Pennsylvania.

call, visualization or decree, to such a group there are always sent specific Angels and Devas Who are so happy in that release of energy that They keep it sustained and constantly active long after the individuals have forgotten that they made the calls.

And so in Asia, particularly in Siberia and in those places where mankind suffered great degradation, the Law saw fit to freeze that land and temporarily stop the radiation of certain activities until mankind could gather its spiritual forces again to meet and control them. Now, with the dissolving of the ice caps which, you remember, was Our Beloved El Morya's petition to the Karmic Board some time ago, and with the absorption of the water by Helios and Vesta - causing excessive heat, there is stirred into animation again some of that creation which has not been fully consumed. We are very grateful indeed for any and all of you who care to remember Us, and to individually call for the purification of the miscreations of mankind through thought, feeling, spoken word and action, particularly all connected with the Fourth Root Race and its seven Sub-races.

Thank you so much for the opportunity of speaking to you. PEACE BE UNTO YOU!

LORD HIMALAYA

My Beloved Students in Earth's Schoolroom:

From time to time, We have briefly designated the Earth as the schoolroom of emotional development. Primarily, the planet Earth is really a water planet. Water, being a fluidic element, requires a chrysalis, or a form, in which it can be cradled and protected. The Earth element forms such a 'mould' in which the water, or emotional element is cradled - as a child is enfolded or cradled in the arms of its mother.

The Earth, you will see, is therefore more evolved than the water - being the guarding, protecting, and enfolding Presence of the unformed emotional substance representative of the water element.

The substance of Earth itself was perfected on a previous globe, and has voluntarily encased itself around the planet erroneously called Earth in order to form those cradling arms for the water element, which is representative of this particular globular sphere upon which humanity temporarily finds itself in the school of emotional development.

Every one of the elements (including ether) has been tried and perfected on a separate sphere. The water element and emotional bodies of the present mankind are being developed, rationalised and evolved on this particular sphere - which should be called the 'Sphere of the Sea'. The Sphere of the Earth was a preceding globe, and the Earth Elementals, Gnomes and Nature Spirits are voluntary exiles from a preceding globe which

has already achieved mastery and has become a shining orb. The color of the Earth and the present distortion of the Gnome body is due to the vibratory action of the 'sea sphere', because in their natural estate, all God's creations are Light.

As water without a cup is almost worthless to quench thirst, so a 'sea planet' could not be conceived or coalesced without a vortex or cradle, and thus Virgo and the Earth element chose to hold the emotional nature of the mankind presently existent, and those to come, within the arms and heart of Their Love.

So, dear hearts, as you are, individually, the only ones who can breathe for yourselves, so are you the only ones who can control your feeling and emotional worlds. As you sadly know from experience, this is not easily done. Turn more and more from the outer consciousness; still all thought and feeling; turn to the Threefold Flame within the heart. Do this many times a day! Call for its guidance and for its strength to hold you balanced in whatever crisis may suddenly confront you in the daily round of living. I assure you that your calls will be answered swiftly and that you will receive astonishing results in your feelings and emotions and that you will remain poised and unmoved - upheld by an inward strength and assurance, invisible to the outer world. Thus have the Ascended Ones achieved Mastery, and so will you, beloved. Thus you come into control of the Water Element - first in yourselves, and then all the water on the Earth.

My Love enfolds you always.

ADDRESS BY BELOVED PAUL - THE VENETIAN

Beloved Friends of Light:

Come with Me to the Chateau de Liberte, the Focus of the Liberty Flame, and the Home of all those who desire to be their 'brother's keeper'. Walk with Me up the marble steps into the front hall and feel the Liberty Flame as It pulsates beneath the mosaic floor. Just for a moment FEEL that Flame! Oh, many of you who have done great service in patriotic fields during the Revolutionary War and the Civil War have been benefitted by proximity to that Flame, and all of you in this embodiment, at one time or another, have felt, in your inner bodies, that pulsation of the Liberty Flame which it is Our honor to protect and to guard. Then won't you just enjoy the beauty of the Chateau - open now day and night for the thirty day period (August 15th to September 14th, 1957) to all mankind who desire to learn more of God's Way and to be more beautiful in expression of their God-given talents?

The Lady Sponsors for the month are all Ascended Beings. They are directed, primarily, to assist you in developing the FEELING of Divine Love. I ask you, as your project, if there should be someone with whom you do not feel absolutely in accord, to try to develop a feeling of Divine Love towards such an one. Now, of course, there may not be any such person in your world; you may have an absolute harmony with all life, but if there is not such an one, within this thirty-day period I think I shall provide one for you. There

is no challenge, dear hearts, in loving life that doesn't bother you. There is no challenge in 'mouthing' the words of Divine Love while everyone is out of your way that is discordant in any manner, but the challenge comes when energy in man, beast, or elemental, perhaps treads on your toes, so to speak. So, during this thirty-day period, We shall provide the Lady Sponsors to assist Us and assist you in the activity of manifesting this pure Divine Love. Now will you be so kind as to speak, daily, to the Lady Sponsor.

The Lady Sponsors from the Chateau de Liberte all have golden hair and blue eyes. A great many of Them have come from the planet Venus. They are all very slender; of the same Seraphic type as Those provided by the God and Goddess Meru. Their beauty and delicacy may set you off guard as to the firmness of Their nature. They are extremely positive, and you will feel the pressure of Their energy every time the opportunity comes for you to love some part of life into harmony.

As you know, We have in the Chateau all of the beautiful and magnificent paintings, writings, and sculptures of the great - not only of this civilization, but of other civilizations that have come and gone. From time to time, We have as Our guests, painters, musicians, artists and sculptors - not only those who are developed, but those who are just beginning - whose motive and desire is to benefit mankind. Our work is not confined to the Third Ray alone, but We work with the Chohans of all the other Rays. Whenever any one of the Chohans signifies that there is a chela who is ready to do something unselfishlessly for benefit of the masses, We immediately open the doors of Our Retreat to such an one and immediately draw the Power of the Liberty Flame into tha lifestream of such an one to give assistance.

Thus many good men in the field of inventions, medical activities, and ministration through orthodox channels, as well as the great educators and political leaders are Our guests at inner levels at night; and the Flame within their hearts is bathed in substance - that substance being provided by a group of Beings belonging to Our Brotherhood. The individual, if he is not cognizant (as you are) of the Chateau de Liberte, is brought in his sleep and is usually unconscious when carried into the Retreat by the Angels. So We have provided for them these lovely couches covered with pink velvet; they are done in the French design with the raised framework scroll at either end. These individuals are placed on the couches while their physical bodies are asleep and the Angels and the ministering Beings from Our Retreat then direct the Pink Flame into those bodies and into the Flame in their hearts. You can see the Immortal Three-fold Flame in their hearts beginning to expand during this activity. It has to be done very carefully and slowly because We have to return that etheric body into a flesh form that has not made application, you understand, and knows nothing of the use of the Violet Fire. If We expand this Flame too much and try to get it back into the atomic structure (physical body) there would be a tremendous strain of the physical vehicle. We have to accelerate that Flame very slowly, and We call the Illumination Flame through the mind of such an one. Meanwhile, so intricate and so kindly is the service of the Law, that while the Beings are working on the etheric consciousness and expanding the Flame in the heart of the soul who is within the Chateau de Liberte, at the same time, there are two Beings guarding the physical form of that individual. As there is no time or space, and

They have an activity which you would call telepathy, They can also see the individuals Who are guarding the etheric consciousness, and They also begin to expand the Light in the physical form, trying to keep it tuned up as much as the inner body is being tuned up in Our Retreat.

It is a wonderful service, for when the inner body is returned to its 'case' in the morning, the atomic structure has been prepared to receive it. If the etheric and inner consciousness is too accelerated, and nobody took care of the accelerating of the vibratory action of the flesh structure, when the soul came back, it would just really burst the atomic structure asunder. It would be very, very painful physically, and very distressing to the mind itself. That happens to you, too, only in your case, you do not come in on couches; you come in, so to speak, 'under your own steam'. You are very alert and aware of Our Presence, and tell Us, as most everybody does, about what you are doing in the world, and sometimes you listen to Us for a minute or two and then you dash back home and are so grateful that you have been to the Chateau de Liberte.

I have your physical bodies here tonight, but someday I am going to get a group of students' minds together for three minutes. Now that seems strange, doesn't it? You would be amazed at where your minds have been tonight in this last hour, bless your hearts. Your bodies are here; your intent is good; but the outer mind flitters here and there and comes back as some point interests you, and then - off it goes again. We have the same activity at night when We have the addresses at the Chateau, but gradually you will listen. Beloved Mother Mary is going to help. She promised Saint Germain to assist you in the activity of the concentration of your minds. She is going to

give Us assistance in keeping the concentration of the groups; then your home affairs, the weather, clothes, families, and everything else can just be put aside for a few minutes and you can enter whole-heartedly into the activity of the moment and return renewed to pick up the karma which has been yours.

Now We are going to prepare for the breathing. The great Archangels and the Archaii, with the Builders of Form, have created over Europe a Pink Cathedral, and the same activity is taking place as always - everybody from the Sleepers' Realm, those released from the former Compound, and the disembodied are gathered there. In the Chateau itself, We have had as Guests, Sanat Kumara, Lord Gautama, Lord Maitreya (the new Buddha), Lord Maha Chohan. The six Chohans, besides Myself, have been in attendance since the fifteenth, and have graciously remained for this evening's ceremony. Of course, the large number of students who are cognizant of this activity makes it impossible for Us all to be within the Flame Room itself, so many of the students have graciously offered to sit out on the lawns. You know, We have Italian Gardens behind the Chateau, and there are adorned pillars covered with roses, and they are very, very beautiful. There are also chairs provided out there. So, the Ascended Host are within the Flame Room itself. The Goddess of Liberty is acting as the pulse-beat of the Liberty Flame. That Liberty Flame is expanding now as your attention is directed toward It, and It will begin Its travel eastward and then come to you and continue in a circular path around the Earth.

Thank you for listening, and let Me assure you that you need not be afraid of the days ahead, but just be wise in preparing for them.

Blessed Children of God in Earth's Schoolroom:

As you know, during the centuries individuals have planted their seeds and daily reap the harvest of sunshine and of sorrow (karma). As they garner the grain of kindliness from Life, they are enriched. The tears, too, are cause for gratitude, for thus it is learned that Life must be served wisely and well through the practice of forebearance, tolerance, kindly understanding, and, above all, pure Divine Love.

Love is a tangible substance. When a person holds himself in constant undisturbed harmony, invisible Rays of Light go forth from the heart, following the rhythmic pulse-beat, and form a natural aura around the individual. Such an one, holding a loving understanding attitude towards God and his fellowman, draws forth Love (as a magnet draws forth a steel splinter) from the hearts of all he contacts.

Earth is the crucible in which the feeling world must be developed and controlled. Every human being, every member of the Nature Kingdom, every Ascended Master and Angel has a feeling body. Each one of these, too, has an individual heart within which is focused the Immortal Threefold Flame, for the Light that fills the God-Source is one. The Ascended Master's feeling world, however, has been so trained to vibrate with the Law of Harmony that He has fitted Himself to dwell in a Realm of Eternal Peace and Beauty. Man, on the other hand, is forever inviting distress into his world by thoughtless use of speech.

Before plunging into a talkfest, if the individual would consider for a moment that words are vocalized BREATH and how briefly life would be maintained in the body WITHOUT BREATH, then he would surely realize the power of words. I beg you, dear children, not to waste this precious substance and energy of God in what is sometimes called 'harmless gossip'. There is no such thing as HARMLESS GOSSIP.

Some of you, beloved, in the privacy of your hearts and homes occasionally, with great vehemence, call Me 'to witness' that henceforth you are through with all unnecessary speaking. Others among you have written Me an agreement along these lines; then have solemnly signed it, blessed it, and burnt it. This gladdens My Heart, for I see your inward determination to accomplish this. I hope for the best, but alas! alas! shortly thereafter, insidious temptation suddenly confronts you - promises are forgotten by most in the joy of hearing their own voices. Forgotten, too, is the consideration of what these idle words will do to the feeling worlds of those who listen and of those talked about. As Jesus has said: "For every IDLE word a man shall speak, he shall render an accounting."

You are all embodiments of God's Love. I want you to feel this in every fibre of your beings toward all Life. Practice silencing the personality through prayer and invocation (take it just one day at a time) and I assure you that the response will be forthcoming immediately as harmony, peace, health, and mastery in your affairs.

Each one of you, beloved, I today endow with My strength to overcome, My Breath to use wisely, and My Understanding of all Life everywhere.

Blessings and Love,
MAHA CHOHAN

ADDRESS BY BELOVED PAUL, THE VENETIAN

Beloved and Blessed Ones:

To you who seek to have the Law of Love manifest in your individual and collective worlds, "I AM" come to give you an understanding of what that Divine Love really is in feeling and in practical service to God, the Angelic Host, all mankind, the Elemental Kingdom, and every living thing.

Love is usually considered ephemeral. It is thought of as something of a sentimental nature. Love (so-called) is limited by the average human being to certain lifestreams with whom, through karma, the individual is surrounded TEMPORARILY and for whom they have developed a passing attraction. Now, the Divine Love that governs

this Universe; that holds this very planet in its position in space; that forms the matrix in the heart of Pelleur's Kingdom, forming the magnetic pull for the elements of earth, water, air and sunshine in and around the planet, is so far above and beyond the human concept of Love that it can scarcely be spoken of in the same treatise or instruction.

You have been told that Divine Love is the Cohesive Power of the Universe; that it is the Power which holds in form every created thing which is to be of benefit to mankind, the Universe or to the galaxy. Love is also the natural radiation which should expand from the matrix or heart center of every created thing and form an Aura of Protection around such a creation. Divine Love is dual in its aspect. It is the Power of Cohesion (centripetal force) and the Power of Radiation (centrifugal force). It contains within itself the power of magnetizing God's Virtues and the power of directing the qualified God-Energy for a specific purpose to fulfill the Will of God through Helios and Vesta, the Silent Watcher of your planet, or any Divine Being, including your own "I AM" Presence and Holy Christ Self.

Through God's Almighty Love, desiring to share Himself by creating individual Spirit Sparks in His own Image and Likeness, He endowed these Spirit Sparks with free will to use Light - as much of that pure Electronic Light and Love as each individualized Spirit Spark required. The Love of Almighty God gave free will to these created individualized "I AM" Presences to pass through the Seven Spheres of Perfection without even an admonition on His part as Creator as to what They should do, where They should stay, what lessons They should learn, or what Their particular obligation to Him would be.

Is there any unascended human parent who gives that freedom? Maybe they do in the outer sense, but in the feelings and in the mind, there is no unascended human parent who gives the freedom that Almighty God has given to you, and which He has given to Me, to take of His Light, become co-Creator with Him, and then go forth into the great Universe and use that Light according to the dictates of our own free will - loving us enough so that, when we were finished with all the experiences which created the chaos and confusion (the maya which you, blessed students, are consuming), He always says: "You are forgiven! Here is the Violet Fire; use It for yourselves! Set your worlds in order. Complete what service you are to render in this world of form; then come HOME, My children, for I love you!" No condemnation; no judgment; only the everlasting arms of God - waiting, hoping, and praying for the ultimate redemption of every lifestream belonging to this evolution unascended, every imprisoned Angel, every bit of elemental life, the substance of the earth, the water, and the air to be redeemed to the pure estate.

The Father of you, and the Father of Me, the Father of all of Us who belong to this evolution who have offered to serve in its progress has never interfered with our free will. It is only when man comes to the end of the experiences of Earth and finds that the fruit on the various paths in his pursuit of happiness is bitter, that he begins to ask what IS the Father's Business. Then the Spiritual Partnership begins, for the Father is very courteous and awaits the invitation of each soul which has free will. Many Great Beings, enjoying that free will, feeling the pulsation of the Immortal Victorious Three-fold Flame within Their hearts, as the individualized

White Fire Being was created, chose to remain in the Aura of the Father's Court and go no further. These Celestial Ones add to the beauty of that Cosmic Court, the Electronic Belt around the physical Sun, and that was their choice of free will.

Many others chose to direct the individualized "I AM" Presences from the White Fire Beings, creating the activity of the Twin Flames, each dwelling for a time in the First Realm, still close to the Father's Heart. Then, because They had free will, the Twin Flames did not always choose to experiment in the same Sphere. Some went further afield into the Second, Third, Fourth, Fifth, Sixth and Seventh Spheres, while one remained in the First Sphere. There was a diversity, then, in the creation of Light in the Causal Bodies of even the Twin Rays. Why? Because whatever Sphere you dwelt in for the longest time before you took embodiment formed the greatest Band of Light in your Causal Body. If one Twin Ray remained in the First Sphere and drew the Blue Ray of Power and Faith, and the other Twin Ray enjoyed the administration of Peace and Healing in the Sixth Sphere, the Causal Body of one would have a large band of the First Sphere, and the other Twin Ray would have the large band of the Ruby Ray of the Sixth Sphere. Now that would make a difference in the very beginning before embodiment on this planet Earth took place.

The Manu of each Root Race does not choose individuals because they are nice looking or because they have certain names or come from certain different planets or spheres. The Manu chooses for embodiment with His Root Race (both as Guardian Spirits as well as individuals who are going to enjoy the Earth as a schoolroom) those whose Causal Bodies denote the widest band

of color which is akin to that which the Root Race and the Sub-races are going to require and outpicture in this physical appearance world.

The Manu waits until there are collected those individuals who have passed through the Seven Inner Spheres and who have developed seven bands of Light in the Causal Body. Then He looks over the width of the bands of color to see which is widest. Your Sixth Root Manu would naturally draw to Himself, both as Guardian Spirits and the Spirit Sparks that belong to the Sixth Root Race, those who have the largest band of the Ruby Ray - which is the Sixth Ray. That is a beautiful Pink color; not a very deep, deep rose. Then individuals who have volunteered to come from other Spheres - for instance, the little Buddhas for Whom you have been so kindly decreeing. They, too, have to go to the Root Manu, and if Their Ruby Sphere is not large enough, They are not admitted during the activity while the Sixth Root Manu is completing His service. The Sixth Root Manu controls, directs and guides seven Sub-races under Him. As We have told you, They are coming in rhythmically. The Seventh Root Manu (the Great Divine Director) has so far allowed only one lifestream into embodiment. That lifestream had a predominant band of Violet which, of course, will be the Ray of the Seventh Root Race and its Sub-races. So the Buddhas Who await embodiment (unless They come in under the Great Divine Director) will be predominantly active in the development of the Ruby Ray in Their Causal Bodies. That is, the largest band of color in Their Causal Bodies will be the Ruby Ray. If They are embodying through the Great Divine Director's intercession, They will come in because the Causal Body has a large band of Violet.

All of you came here long ago - so many ages ago that I cannot record it in years of time. You

went through the Seven Spheres somewhere - not necessarily those connected with the planet Earth. You came here from other planetary systems - other Stars; other Suns; but somewhere you developed a Causal Body. When the Godhead Who created you (whether it was Alpha and Omega, Helios and Vesta, or Others directing primal life essence into Electronic Light and creating an Immortal Three-fold Flame endowed with self-conscious intelligence) He, at the same time, directed Electronic Light, which is intelligent, to obey that Flame.

Thus form was created (in the Image and Likeness of the Parents Who bore it) with a White Fire Being pulsating around the Immortal Three-fold Flame. The first activity of this White Fire Being was a cognizance of individualization. The realization of that sense of BEING - "I AM" was the first activity of the individual Flame - a realization as it felt and said "I AM"! That was the first expression of the individualized White Fire Being. The White Fire Being enjoyed just BEING for a while (as a new-born baby enjoys just being until it adjusts and accepts the environment and its service to humanity). Then, as It began to see the response of Electronic Light to thought and feeling, and as It began to look upon the Parents Who created It, the Angels, the Devas and the Masters in that Realm, that White Fire Being realized that It had a reason for being besides just living in almost an embryonic state of bliss, adoring God; absorbing Light; and radiating It forth. That was the stirring, then, of the motivating power by which the White Fire Beings either decided to serve without separating into the TWIN RAYS or to form the two "I AM" Presences and come forth into the Seven Spheres for experience.

Until the White Fire Being and the individualized "I AM" Presences (two for each White Fire

Being remember) began to use thought and feeling, and to create, the Causal Body was pure White Light. When you return to the Heavenly Realm, you will easily be able to distinguish those Beings Who never came out from the Bosom of the Father from those who have served and are surrounded by the aureole of the Seven Colors in the Causal Body because countless hundreds of thousands of these exquisite Beings just remained right there in that beautiful Heavenly Realm. I don't blame them; and I don't think you do either - having come so far. They do not develop those magnificent colors which are similar to the stripes that a member of the Armed Forces gains when in service to His country. Those who did choose so to come, builded into their Causal Bodies a particular momentum of power, depending upon the length of time each one stayed in each of the Seven Spheres. You already had a developed Causal Body before you came to Earth. Most of YOUR TWIN RAYS ARE ASCENDED BEINGS! Some of Them never came forth into embodiment, and Those who did come forth have successfully returned Home. That is really the only reason for your constancy in this activity; the tremendous magnetic pull of the free part of you THAT STANDS GUARD OVER YOUR LIFESTREAMS CONSTANTLY and will not allow the pull of the outer, the weariness of the soul, or the lethargy of the flesh to cause you to return into the mass consciousness ever again.

The activity of the Ascended Master Saint Germain, will, of course, be predominant upon the planet Earth for the next two thousand year cycle into which We have entered. It will be an era of great Perfection, and those of you who have come into embodiment to serve the Ascended Master Saint Germain will never know His Gratitude to you individually for your use of the Violet Fire and

your sincere and determined endeavors to remove the cause and core of distress of every kind at inner levels, to restore the Earth and all upon it, and within it, to the pristine Purity and Perfection which it had when mankind first was given the privilege of embodying here.

Therefore, although you have come under the radiation and into the service of the Ascended Master Saint Germain, you are not necessarily all Seventh Ray people. Now please get this clear, dear hearts. You may belong to any one of the Rays but you have developed a sufficient momentum of the Violet Fire in your Causal Bodies to be accepted by the Lords of Karma and Saint Germain to assist in this great New Era. Sometime, somewhere, you did develop extraordinary powers of invocation, transmutation and Divine Alchemy. I congratulate you on so doing. Let us all now, together, assist Him and Beloved Portia in this Cosmic Hour.

PAUL, THE VENETIAN

Blessed Children:

Today, viewing the turbulent emotions of mankind, I feel impelled, once more, to remind the students of the IMPORTANCE of the EMOTIONAL BODY.

The activity of the Holy Spirit is to develop the Emotional Body of the chela to a point where creation becomes co-existent with desire.

The Ego - the Archetype - the "I AM" Presence, in a peculiar manner, works with the Godhead in the creation of the seven bodies which are to be Its instruments of PERFECT EXPRESSION. The bodies are designed with the help of the COSMIC EGO, and they are essential to expression and activity as are hands and feet to the fulfillment of the Mind, though the long and complicated process of evolving and developing the envelopes in the Etheric, Mental, and Emotional Planes requires many centuries of Life Experience by the Spirit before the first physical incarnation takes place.

When it was said that a race, newborn, stepped out of the Womb of Time upon the planet Earth, this statement was a fallacy, for every Soul had lived many thousands of centuries upon planets of the Inner Spheres wherein they developed the Etheric and Holy Christ Selves in the heart. It was only when these were developed that the Ego then directed its thought and creative powers into the physical substance of Earth, drawing from the Water, Air and Earth for the formation of the lower vehicles.

As the Ego, or Archetype, supervises the development of the physical body, and the growth

of the hands and feet and organisms, so does the Ego supervise the development of these Inner Bodies required to give their full expression and ultimately endow that lifestream with the powers of co-Creation - equal to God.

Under the Third to Seventh Rays come the Mighty Chohans Whose province it is to develop the emotional natures or bodies of the people of Earth, and chelas who are proceeding under the supervision and direction of Chohans Three to Seven, inclusive, will find all their experiences revolving around the expansion and balance, the strength and Light of the emotional vessel.

Students under My supervision are required to experience a five-fold development, whereas those who are proceeding under any one of the single Rays will receive only ONE FIFTH of such training and such testing, but will receive likewise only ONE FIFTH of such unfoldment. To come under the direction of the Paraclete# is one of the most difficult probations because, in one life, FIVE TIMES THE USUAL PRESSURE is brought to bear in every possible emotional experience.

The strength, the size, the quality, and the Light of the Emotional Body determines wholly and solely how much influence an individual lifestream has on the forward progress of the race. The greatest intellect, the most perfect physical body, the most Divinely designed Ego, has no power of creation except through the instrument of his Emotional Body. Nothing has, or ever will, come into being in any sphere except through the Emotional Body of some Cosmic or Solar Lord down through the Elemental Kingdom.

The FEELING ACTIVITY of Life, which is the Motherhood of God, is the only facet wherein the

#Paraclete : A title given to the Holy Spirit

fertile consciousness of the Mind can be coalesced into form and exist as an individual expression. As a man cannot signify his desire without the instruments of lip and tongue and hand, so can not the greatest intellect in the Universe (even the Solar Might of the First Ray) signify and manifest without the full use of the feeling nature. Occult studies and the records on the Book of Time have shown the majority of mankind to have achieved great mental awareness, but the planet Earth is the crucible in which the Feeling Nature must be developed, strengthened, purified and made an instrument consciously utilized to project God-Thought into form.

As one uses the hand to execute the thought in writing or service to Light, and as the hand is the symbol of power in the feeling world, the chelas of the Third Ray must come to an understanding that the development of a controlled emotional vehicle is not only the way of Mastery, but is the specific reason for identification with My Lifestream.

Blessings and Love,

All unascended beings must come to the place upon life's pathway where they become the master control of the energy of their lifestreams, sending it forth into the Universe in an harmonious manner. This is the reason for which people took incarnation, and there will be no happiness, no contentment, and no bliss until each lifestream becomes the controlling power of the energy which is his life essence.

If you will make your call to the Ascended Masters, to the Angelic Host and the Powers of Light, They will anchor Their energy into your inner bodies; and They will help you by radiating through you Their feelings which will gradually transform and transmute the momentum of energy that you have gathered and qualified imperfectly.

There are very few unascended beings in the Western Hemisphere who have mastered the energy of their lifestreams at this time. Most people are endeavoring, according to their particular capabilities, to come to a point of harmonious expression. In the course of one's experience, a person contacts not only his own discordant energy, but also that of the life around him. However, there is no point in becoming discouraged by the presence of inharmony when all conscious students know that it is the duty and responsibility of each one to try to harmonize, as much as possible, the thoughts and feelings of his or her own lifestream and to give whatever they can of silent radiation to those in their vicinity.

The Ascended Masters and Perfected Beings are willing to ensoul and canopy any lifestream who

sincerely desires harmonious expression. They will clothe them in the fullness of Their Love and Light which will disconnect such an one from any unpleasant vibrations that may be directed toward them and will also melt away the cores of inharmony that are liable to manifest as unhappiness and distress.

There is ONE ESTABLISHED LAW for unascended beings - all must remain on the path of experience, struggling with the results of cause and effect, until such time as the keynote of Balance, Love, Light, Harmony, Tolerance, and Understanding flow through the radiation of the energy which each of us, ascended and unascended alike, have drawn direct from God, the Father, and for which each must render a personal and separate accounting.

Every opportunity that you have to tune in to the Masters, Their words, Their pictures or Their songs, gives Us an opportunity to pour down the necessary spiritual food to sustain you and those in your locality. This is a more important service than the outer mind can conceive because Our ability to help depends upon the self-conscious invitation that comes from you, and since the human veil has been lifted to a great extent through this intercommunication between Our Octave and yours, We have been given a wider invitation than at any time since the sinking of Atlantis. However, because the human mind and heart have not learned perseverance and tenacity, it means that more effort must be made by those of you who are aware of and have faith in Our Presence to release the energy that the Cosmic Law requires before mankind is awakened in its entirety. One call to the Ascended Host for humanity will not only increase your own soul light a thousand-fold but will give Us an opportunity to render the service for which We have foresworn Nirvana.

Blessings and Love, MAHA CHOHAN

Beloved Children of the God of Love:

It is both My privilege and pleasure to give you, for the strengthening of your Faith, the Beloved Archangel Michael's address given on the evening of the Transmission of the Flame held at His Retreat at Banff (Canada) on the 21st of this current month.

Blessings and Love,

MAHA CHOHAN

ADDRESS BY BELOVED MICHAEL - THE ARCHANGEL

Hail, blessed and beloved guardian spirits who, like Myself, have foresworn far greater freedom on other planets and in other systems to serve in this beautiful process of redemption. I greet you as partners tonight! We did not know, neither you nor I, what a long process this redemption would be, but for Love's sweet sake, no matter how long it will take, until every last soul is redeemed, every Elemental purified, every Angel returned to the freedom of the God-Estate, and all Life everywhere returned to the Kingdom of Heaven, We shall serve! That is the gift of Our Love to this planet Earth and its evolutions. It is the gift of Our Love to the God Who created Us and Who has sustained the life within Our hearts throughout aeons of time. It is the gift

of Love which keeps Us faithful to the vow of redemption even while members belonging to the human race and some misguided guardian spirits, through the destructive use of free will, continue to create astral and psychic effluvia which only the great benefaction of the Forces of the Elements and the Beings of the Ray of Purification help to dissolve to a point where mankind may not be suffocated physically by the very reason of that effluvia returning into their lungs and poisoning their systems.

Beloved ones, I have been called the 'Warrior Saint', and in some respects you might call that true because of My intense and relentless determination to set life FREE! Please, in the Name of God, use sound reason, and do not think for a moment that a God of Love would EJECT any part of life from the Kingdom of Heaven, or the Garden of Eden, or would direct any of His Messengers to EJECT any lifestream from Heaven's Harmony. Now that erroneous concept must be wiped from the minds of the people! I DID NOT EJECT those who were disobedient! Every lifestream that descended below the vibratory action of sustained harmony was a self-ejected consciousness, and My service in this Universe as a Shepherd would be foolish indeed if I were to go roaming around the Universe EJECTING lifestreams instead of drawing them HOME because, until they come Home, I cannot go Home Myself! Now let us be sensible! Even a human shepherd, if he finds a green pasture and still water, does not EJECT his sheep onto the rocky hillside. He keeps them in that pasture, and he goes out on the hillside for the straying lamb, or for the one in distress, and brings them in. That is the activity and the service of the Heavenly Host - to bring mankind and the Angelic and Elemental life BACK into their God Estate!

So please disabuse your minds, as well as those of the mankind of Earth whom you can reach, of the idea that I am going around with My Sword of Blue Flame knocking off heads! I am going around cutting off HUMAN CREATION in order that LIFE - that Life which is God - may find its way back into 'the green pastures'; 'lie down beside the still waters'; and LIVE IN THE KINGDOM OF HEAVEN. Only THEN can I put My Sword on the shelf and go HOME! Is that not common sense?

Beloved ones, even on the Earth plane, no life-stream is ever ejected from any constructive activity by another constructive human being. You may think that is not so, but it is! When an individual leaves a constructive organization - human or Divine - it is because within the consciousness of that individual is a disintegrating force, and through the use of free will such an one voluntarily removes himself from proximity to those others whose vibratory action is working toward Unity. Thus it was that man FELL from Grace and WAS NOT EJECTED by the Messengers of Mercy and of Love Who were created by God to keep man from passing through the Second Death. Now think on this!

Let us think on these things with common sense. The activity of a Divine Messenger is to emulate the NATURE of the One Who sends Him forth. God, the Universal "I AM" Presence, has dignified My Personage with the opportunity of becoming Prince of the Archangels, and through that Office, redeeming Lucifer and all imprisoned Life into a state of sustained Harmony and Perfection through instruction, through application, and through opportunity. Who among you know how many within this room EJECTED THEMSELVES from the Garden of Eden?

The type of reasoning (which is foolish in the

extreme) that blames 'Adam and Eve' for all the distresses of the world today is contrary to good common sense.

We are now engaged in a great Cosmic Push! Since the first of this year, this sweet planet has been straightened ten percent# on Her axis, beloved ones; ten percent - with a minimum of cataclysmic activity - through the cooperation of the Great Beings Who guard the axis of the Earth (Polaris and Magnus), and through the specific direction and control of Virgo, Neptune, Aries, and Helios and Vesta Who guard the Fire Element. This process was hardly noticed except in the unrest that you have seen in world conditions and some eruptions on the Earth's surface.

Now the next part of Our great opportunity is that, within the next eight days (September 21st to September 29th, 1957) the Earth is going to move another ten percent. Beloved ones, that entire activity is taking place within the compass of the radiation of the Archangels and Their Archaii in order that there shall be no distress. In other words, it took from the first of January until the twenty-first of September to move the Earth ten percent, and in EIGHT DAYS, beloved ones, the Cosmic Law is allowing Us to straighten the Earth's axis another ten percent! Think on that when you make your fiats and decrees to "hold your Flame steady and to make and keep you ready" because there is no cause for fear within a lifestream who truly believes that GOD IS and that God abides within each beating heart; although there is much fear rampant in the minds of those

Note # : This straightening of the Earth's axis is 10% of 45 degrees - a gradual and not alarming process.

in the outer world of form. I know! My twenty-hour shift is now twenty-two out of the twenty-four. When I go through the inner atmosphere of Earth - through the etheric, mental, and emotional consciousness of the peoples - I find that substance of grey, which is the emanation of fear of war and of bombs, of plagues, of epidemics and diseases and cataclysmic activity, greater than at any time since before the sinking of Atlantis. I have never seen such a smog of fear within the consciousness of the peoples as at present. We have drawn from the Systems above Us, added Members of the Blue Ray, the Angelic Host, to assist Us in the tremendous task of transmuting this emanation. Now what, exactly, causes that? An individual, let us say, within a family unit, reads, hears or senses something unusual, and immediately from his physical body and inner vehicles this grey substance flows out. That is picked up, by contamination, by his immediate family; then it flows out from the family into the town. From the town it flows into the country and thence into the state and the nation. Because of the mechanical contrivances that enable mankind to communicate with the entire population of the Earth in the matter of several seconds today, good news (or bad) travels very fast.

That is how this grey substance is thrown off. The people actually live within it, and We spend a great part of Our time, beloved ones, hovering over the inner vehicles of the people in an endeavor to draw that substance off. It is sticky, and difficult to release even from the hands of those who have never known human embodiment. It is extremely reluctant to let go. Yet We do that and repeat it over and over on this twenty-two hour shift in which We are now engaged. The Angels of the Violet Fire and the Angels of Purity's

Legions are assisting Us in changing the quality of that energy. While the bodies sleep, whenever possible, the Silent Watchers of the localities bring the individuals to Our Retreat at Banff and if they are not evolved enough to enter into the Temple itself, they at least get the radiation of Faith in God in their etheric bodies while they remain in the gardens outside. Then the homes are cleaned up, and the families, the towns and villages, counties, states and nations are purified before the people wake up in the morning. That is a twenty-four hour task for the Celestial Helpers because some people, somewhere, are awake as the Earth turns on Her axis.

Remember the contagious power of fear! You may think that you are immune to fear, but you have not felt the mass pressure of an entire nation in distress - of an entire planet undergoing a change. I advise you, in Love, to make your calls to the Infinite "I AM" Presence to blaze through you every Power and Activity of Purification to remove from you every cause and core of fear, known or unknown, in your being. You see, dear ones, many of you went down with Lemuria; many of you went down with Atlantis; and many of you have suffered serious disturbances and violent deaths at the hands of the elements in various lives. These are deeply embedded etheric records. That is why some people do not like the sea; some people do not like the sound of the wind; some people do not like the feel of the Earth beneath their feet; and some are afraid of fire. It is because, in some past embodiment, there has been an experience which seemed, at the time, a tragedy to the outer self, and that fear is inherent in your being until We can strip you down to the bedrock of your Holy Christ Self and you stand absolutely non-recordant to the contagion of fear

from the world without or the connection with fear through the Achilles' heel of the fear consciousness which is within you.

In this eight-day period, the axis change will be accomplished as gently as possible. There may be some slight changes in your astronomical bodies but there will be no violent tremors to your planet Earth. Neptune is endeavoring, with all His Might, to give His assistance in the control of the water element, but I ask you (privately) to make special application during this eight-day period, and I also ask you to please sustain yourselves in harmony during this period as well even if it does require that you do not do as much physical work as is your wont. Your Harmony is your Protection! You are welcome to all of My Harmony that you choose to call forth!

Now, at Banff, the great amphitheatre above the Temple was created on the fifteenth of September. The Temple itself is about five thousand feet in circumference. It is circular in shape, having four entrances - one at each cardinal point of the compass. We do not open the great central door until an activity such as that of tonight is taking place, but the other three doors have been open since the fifteenth of September, and We have had visitations from various Beings representative of the Nature Kingdom, the Angelic Kingdom, the Human Kingdom, and the Solar Logi, all offering every God-assistance in the development of Faith in God, which I am so desirous of conveying to you.

There are forty-nine steps leading up to any of those doors, so it requires a determined life-stream to even make the effort of the climb. Forty-nine steps - if you come in at any door - We have neither a ramp nor a lift, so those who come to Us with a rather likewarm interest usually

curl up on the lawn beside the fountains or find themselves a comfortable seat and absorb the radiation - leaving the forty-nine steps to the few. However, all of you have climbed them more than once; and often you have gone down more quickly than you have gone up. It is always that way you know, dear ones. It is easier to go down than up! But now you are on the way up again into the Heart of that Temple which We have sustained through the ages in the Etheric Realms as a Focus of Faith.

ADDRESS BY BELOVED LORD MICHAEL - (continued)

Today, as I walked about the grounds of the Temple greeting many of Our Ascended Master Friends and Our unascended and earnest chelas, I was thinking about mankind en masse and wondered to Myself what mankind would think if they knew of the veins of gold that are focused into the mountains wherever the Ascended Masters' Retreats are located. Why, think you, are there diamond mines at the tip of South Africa? They did not just come there by chance. There was once a great Focus of Light on that dark continent, and Ascended Beings concentrated that Light and drew It until It entered into the substance of the Earth and became those flawless diamonds that mankind are now tearing out of Her body to enrich themselves. Wherever Divine Beings are, there is always a cosmic current of Light, and the gold veins strike deep into the Earth, such as in the Andes around

Titicaca and even in Wyoming. If mankind knew that, I think even Our Etheric Temples would be blown sky high in their endeavors to get the substance of Our Energy.

People want the spiritual fruit and the harvest without working for them. You might as well understand this so that you will not be disillusioned, but when mankind is at the end of its rope; when the individual has sought every type of happiness that the Earth can offer and is in despair, then comes the call: "Oh, Michael, help me!" And I, Michael, follow them to some sordid astral spot and go through the process of purification - shining them all up again - putting them to bed in the Sleepers' Realm if they are exhausted, and getting an Angel to anoint their bodies with holy oil - asking the Angel to awaken them when their times is up. Then I come; take the soul to the Lords of Karma; plead with those Great Ones saying: "My Lords, I feel sure this blessed one is going to do much better in the future." Then I bodily take these same individuals into the Ascension Temples and say to them: "If you will go in there and learn, you can make your life much easier!" I then set a cordon of Angels around that Temple to see that they stay there - at least for a little while - and when they cannot stand its radiation any longer, they are permitted to return to the more comfortable vibratory action of a lower realm in which their consciousness naturally functions. I tell you this because I do not want you to feel that I am an EJECTOR. I am just the opposite, dear ones, I am endeavoring CONSCIOUSLY, CONSTANTLY, and AIWAYS to be the Everlasting Arms of Almighty God for you and for all this teeming race of restless billions.

Remember you have only the human beings embodied to contend with, but We have all those who

have passed on, and besides that, I have all YOUR friends and relatives whom I so valiantly offered to assist in the Realms of Light. Yet, I thank you for the association that has made this opportunity possible for Me. I tell you - it has been illuminating and interesting in the extreme, but I think these individuals are getting to like Me better now. You see, I quietly enter into their worlds and try not to express too great a 'fierceness'. Sometimes I hear them say: "Oh, here He comes again!" as I am on My way up the path to their little homes to try to persuade them to go to the Ascension Temples. I hear them, so clearly, say to one another: "Look who's here!" Of course, I do not pay any attention to that; I smile, and they smile, and off we go to the lessons.

But, oh, dear hearts, that requires PATIENCE! The next time I go back, I find they are not so eager to go to the Ascension Temple. They think "I am very nice" and they are "grateful for My assistance", but they 'think they would rather wait for Jesus Christ'. So again I have to say: "Well now, if you want to meet the Beloved Jesus, the best place for you to go is to the Ascension Temple because Jesus has gained the Ascension, and if you want to be like Him, you must learn how to gain your Ascension too." They grumble a bit at this, but finally off we go to the Ascension Temple again. This goes on all the time. That is why I have increased My service to twenty-two hours. You think out here if you give a few hours a few times a week, rendering service, you are noble. You should see Me! I said to Myself last week: "I think I shall have to make a new Sword!" Really it is almost flat now instead of blazing. I looked at It and said: "Michael, it is time you did something about that Sword!" So when you see Me next, I hope I will not have to coax you; you

will be willing to climb those forty-nine steps.

I think you will like My Sword of Blue Flame. Beloved ones, I will never keep you with Me an instant longer than your energies want to stay, because a true shepherd keeps his flock through Love. That Shepherd expressed in Jesus' life so beautifully. It is the same with any true Expression of Deity; when you feel the Love and Comfort that is within that Love, you will want to remain with it because it is a relief and release from distress.

As you have been told, the great Altar in the Temple is made of beautiful sapphires and diamonds. In the center is the great Flame of the Cosmic Faith in God. That has been expanding outward into the atmosphere since September fifteenth and it is Our endeavor tonight (as We have as Our Guest the Mighty Hercules Who is in charge of the Flame while I am addressing you) to stimulate the Faith of God in your hearts and then stimulate your Faith in your own heart-beat and in that of each other. In that way We shall be able to perform a greater service as Angels and men come to walk and talk together as they did in days of yore. That is the activity of the New Era; it is the activity of the Seventh Ray; it is the activity of the new Golden Age when Angels and men shall walk and counsel together and serve together IN ONE GREAT PURPOSE!

Now, beloved ones, Faith is alive in every human heart because Faith is a part of the Threefold activity of Deity that is WITHIN every individualization, whether you are in physical embodiment or not. There is no such thing as Faith without works, but the works are determined by THAT IN WHICH YOU HAVE THE FAITH. If you feel within yourselves a consciousness of frustration and failure, it is not because you do not have

Faith, because there is no lifestream belonging to this entire Universe that does not have Faith as an integral part of the Three-fold Flame within the heart, but it is because your Faith, through free will, has been anchored into something of a destructive nature and the works are there as destructive karma instead of as CONSTRUCTIVE MANIFESTATION. Faith always produces a harvest of sunshine or of tears, so I beg of you IN THE NAME OF GOD, try to realize that your Faith in your own "I AM" Presence; Faith in the Cosmic Beings and the Ascended Masters is a LIFELINE into Their Presence that DOES bring back a current of energy into your emotional, mental, etheric and physical worlds as well as into your outer consciousness which will, when sustained, bring the works and the fruit and harvest of Happiness.

In the latter days of Atlantis, people lost Faith in the True White Order and in the Priests and Priestesses of the Temples because there seemed not to be a manifest expression of the prophecies. In fact, it was there that the people lost Faith in the White Power of God and that severed the anchor of the Atlantean Continent so that it sank beneath the waves. It was a like activity on Lemuria that caused her sinking when the Priests and Priestesses and I worked and served among you, for one hundred years, to give that assistance to prevent that same contagion. Even the Priests and Priestesses, after that hundred years, began to lose Faith in the supremacy of the Almighty, and so they accomplished the magnificent task of going down singing instead of standing victorious. Why? Because their Faith was anchored in appearances; their Faith was anchored in fear; their Faith was anchored in imperfect form; and their Faith was not locked in the Heart of Almighty God and those Divine

Messengers Who represented Him. Take stock of your Faith! Where is it? Where is it in an emergency? You take stock of your hands and your feet and your person, your garments, your pocketbook, your automobile, and the things in your home quickly enough when there is any suggestion of difficulty. Forget the pocketbook and the assets for a moment and put FIRST THINGS FIRST. When the unexpected arises, become still and say: "Where is my Faith anchored?" If you will do this and anchor your Faith in God and the Divine Beings, I assure you that you will not lose your wallet, and you will be stronger in soul and spirit and not only able to sustain and protect your own assets, but render that service for a city, a nation, or a planet.

We have about fifty thousand Guests assembled tonight. We closed the Temple off early this morning, and these beautiful Guests (all except Hercules and Amazon Who are within the Temple) are seated in the gardens facing the Temple. We have circular benches of marble, and They are watching the play of the Flame of Faith in God as It expands out. (I will be surprised if you do not see, in your newspapers, some reference to the Aurora Borealis because of the tremendous reflection from the Temple through the Etheric Realm into the lower atmosphere tonight).#

The Beloved Hercules and Holy Amazon within the Heart of the Temple, have been building on the Flame of Faith; on the strength that is Theirs as Herculean Builders. We have closed off the other doors so that the center door, which is

#Note: Newspapers carried reports of the display of the Aurora Borealis which was seen as far south as the Island of Cuba for the first time in history.

forty feet in height, is open, and We have arranged for the Processional led by the Beloved Gautama and the new Buddha (your Friend Lord Maitreya) followed by Beloved Jesus and Kuthumi as the new World Teachers, Our Beloved Maha Chohan and His Seven Chohans. Behind Them walk Their chelas, then the Great Beings Who represent the Elements - to Whom you people on Earth owe so much. If you knew the strength in Neptune's hand and the vigilence with which He holds those seas, you would be on your knees before that Being. We also have the Representatives of the Elements, and behind Them, the Elementals. Some of the little Elementals that I have contacted since the fifteenth of the month, I found weeping. They were distressed and had lost their Faith because they had made some little flower or vegetable that the Earth drought had dried up; their harvest did not turn out right, and they were just sitting around on little blades of grass weeping. I went around and asked them what was the matter and they said: "Well, we had such a beautiful harvest for the Earth, and with the drought, our crops did not mature, and we have returned here because we need Faith!" So I took them into the Temple (I can carry maybe fifty on one arm) and talked with them for a little while. They are very joyous little fellows, you know, and in a little while they got pepped up again and flew all around the Temple and then back to their own Temple of Light to wait for re-assignments.

You have no concept of how distraught the Elementals can be when they are sent on an assignment and Earth conditions are so that they cannot fulfill it - whether it is making just a lima bean, or an ear of corn, or a flower. It is the beautiful Spirit of Autumn Who paints the leaves on your trees in such radiant colors, and those

Beings FEEL disappointed when the atmosphere of Earth is such that She cannot make that magnificent display She intended for the Beauty of Life. All of these come in as discouraged as your own weary selves, so We all go to the Temple of Hercules and Amazon where We try to fire you again with enthusiasm and encouragement in an endeavor to build up your tired energies again. That is OUR opportunity here tonight! I come last in the great procession here tonight because it is My training as a Shepherd to see that everybody is in before I make My entrance and the great door is closed. Hercules and Amazon are presiding at the moment, and now as it is time for Our Breathing Exercise, I shall have to join the Archangels. For your interest in passing, I am wearing all white tonight - a plain white robe with a girdle of blue sapphires and no other adornment. I had on a beautiful electric blue cape earlier in the day, but the number of interviews I had to attend were so numerous that somewhere along the line the cape disappeared - which accounts for the simplicity of My attire.

Come now, beloved ones, into the Heart of the Temple of Faith, and try, dear ones, to generate a little Faith in the God that made you; the God that sustains you; the God that has fed you; the God that has clothed you; the God that has protected you in and out of embodiment; He Who has parted the veil of maya and allowed the Cosmic Beings, the Ascended Masters to speak to you face to face. In the Name of Jesus Christ, have Faith that a God WHO IS LOVE ITSELF shall sustain you in the days and years ahead as He has done through the ages past. Goodnight; and God bless you.

MICHAEL

Beloved Children of God:

Please study this instruction carefully as the contents are like scientific steps in a chemical process, none of which may be omitted to have a successful achievement.

The Permanent Atom is the nucleus - the cohesive power - around which the electronic substance is drawn to create the perfect physical form required. The Electronic Light (the Light of God that never fails) fills the Universe and contains within Itself a central core of intelligent blue-white Flame. This is the Universal Light Substance (the Body of God) - unformed light substance holding within itself God-Intelligence.

The Godhead ("I AM") is the CREATIVE ACTIVITY of Life - the Three-fold Flame - the triple activity of Father, Son and Holy Spirit. This is the ONLY Creative Power in the Universe.

Meditate upon the foregoing until you can differentiate between the CREATIVE POWER and the LIGHT SUBSTANCE - which is the ESSENCE that OBEYS and becomes the clothing of the CREATIVE FLAME.

The great Cosmic Three-fold Flame may multiply Itself without limit and form points of consciousness anywhere in the Universe. Whether it is the Godhead direct (the Solar Logi) or whether it is a SPARK from the Godhead (the Divine Presence in the individual - known as the Holy Christ Self) makes no difference. The Fire of Creation is equally powerful whether it is in the Heart of the Great Central Sun, Alpha and Omega (the Highest Beings in this galaxy) or in the heart of the man in the gutter.

The electrons, as they flow from the "I AM" Presence into the physical heart of the lifestream, contain, within themselves, the Fire of Creation, and each electron may become the nucleus or CAUSE of whatever form the individual DECREES into existence. Thus, one electron may become the body of a child, the seed of a spiritual idea, the nucleus of a great international movement, the heart of a novel, or a celestial symphony.

The electrons which enter the heart and become part of the lifestream of a self-conscious intelligence may be consciously projected into the electronic light substance, and around that minute particle of the Fire of Creation, the Universal Substance is drawn. Without the Permanent Atom, the Universal Light Substance remains unformed. The Permanent Atom is the COHESIVE POWER and is the Divine Will that draws Universal Light Substance into form.

All creation is three-fold. Let Me show you the principle of CREATING that Permanent Atom.

(1) The idea of creation reaches the outer mind.
(2) The feelings of the individual nourish it rhythmically.
(3) The physical ACTION, through the thought, word, and feeling of the outer self, brings the FORM into being.

A thousand electrons, moving at the speed of a hundred light seconds around a central core of Love, form an Atom, and the speed with which they move forms the sound of their NOTE. When discord occurs, it (the discord) explodes within the Atom, makes the electrons fly apart, changes their speed, and therefore their sound.

Love and Blessings, MAHA CHOHAN

ADDRESS BY THE BELOVED KWAN YIN

Beloved Flowers in God's Garden of Light:

I bow before the glorious Light within your hearts in gratitude for the opportunity of serving your life.

To live but to amplify some particular Gift of God's Beautiful Nature is to live in the happiness of your complete God Freedom, for through the windows of your soul will sweep forth the glory of the Ever-Presence to enrich the world through your invitation.

Today, turn your thoughts to Mercy, Forgiveness and Divine Love. There is not one blessed lifestream who has not received of these three Immortal Gifts from the Heart of God and His Messengers many times throughout the ages; so you are not strangers to these Gifts which pulsate through the Flaming Lotus of Cosmic Mercy, Whose purple petals of Living Flame now encircle the Earth.

I ask you now, as the Healing Flame of Mercy, Forgiveness and Divine Love encircles the Earth, to open your FEELING WORLDS to the acceptance of this Power of Transmutation and allow Its miracle-working alchemy to melt those creations in consciousness that yet hold you bound. Oh, accept it for ALL life. It is the greatest concentration of the Forgiving Love of the Cosmic Christ that the Earth has yet known.

Now, blessed hearts, I ask you to BE that Mercy, Forgiveness, and Divine Love to all life everywhere. Do you know what Mercy is? It is MORE KINDNESS than justice requires. It is MORE KINDNESS than can be claimed by merit or service. And Forgiveness? Where you see those distortions of mind or body, or disease, or distress of any kind, will you stop for a moment and consciously forgive the energy that created such an appearance, and set it free. I shall amplify your every endeavor to be the merciful, forgiving, loving power of My Presence, and I shall be so grateful to use you as Myself to draw, focus, and direct the Flame of Mercy on a world-wide scale.

For this the blessings of Lord Buddha and of My Legions of Mercy and of Divine Love shall be upon you.

KWAN YIN

Beloved Ones:

To you who are so earnestly helping to purify the Earth and its evolutions, I offer the words of Lord Zadkiel, Holy Amethyst, and the Ascended Master Saint Germain. Ponder on these words and bless this instruction by giving it YOUR life.

Love and Blessings,

MAHA CHOHAN

ADDRESS BY THE BELOVED ARCHANGEL ZADKIEL

"I AM" Zadkiel, Archangel of the Seventh Ray, come into the atmosphere of Earth at the request of unascended lifestreams who wish to learn how to use the power of their own creative centers of thought and feeling, spoken word and action in redeeming misqualified life.

As you have become acquainted with the activities of the Angelic Host, and as We have returned again and again into your midst, We have brought to you more and more of Our FEELING of accomplishment, and of the FEELING of Our reality as Intelligent Beings serving along a specific line, and yet willing, at a moment's notice, to use all of that specialized service to complement the activity of another Ray which is, for that cosmic moment, requiring assistance or development. Of course, Those of Us Who are privileged to serve upon and represent the Seventh Ray are serving in Our natural element in this two

thousand year cycle - under your Beloved Ascended Master, Saint Germain. The great Arcturus, the Beloved Diana, Beloved Holy Amethyst, Beloved Portia, and all of Us Who serve on the Seventh Ray will become more and more active in the Spiritual Affairs of mankind, and in the spiritual affairs of all life pertaining to the Earth during this cycle. In every outer manifestation, you will begin to see more and more reference to the Violet activities of life; to the Violet clothing in the world of fashion; to Violet in your atmosphere; in your sunrises and in your sunsets; to the activity of Violet that will begin to externalize through the very substance of the Earth.

You shall see, as the Golden Age of the Beloved Saint Germain intensifies and increases in its outpouring, that the manifestation of Violet will be very evident and, of course, those who are clairvoyant and are able to see with the inner sight, are already cognizant of the tremendous radiation of Violet Fire that flows from the Heart of the Earth through its atmosphere to its very great periphery; and how much of that Violet Fire has been anchored in, through and around individuals who have become cognizant of It and have invoked Its use according to their abilities, and which is a blazing pillar in, through and around those lifestreams constantly.

Beloved ones, everything that We tell you happens at the inner levels first, and then, if you are alert, you will see the manifestation in the world without. Therefore, I say to you as We are entering into the Age of Ceremony, the Age of conscious Invocation by the trained Priesthood under the Ascended Master Saint Germain; as We are entering into the Age when the Angelic Host, human kind, elemental life and the Divine Beings and Cosmic Beings will all walk and talk together

with no veil between, you will see more and more that, as the veil of maya, which is mostly gray and off shades of black, is dissolved, the activity of the curtain of maya will become a light mauve first, and then as that clears, it will become a more lovely light shade of Violet, and then through that will be distinguished the outline first and then the figures of the Divine Beings Whom you have desired to see for so long, and Whom you have desired to know through an actual contact in the world of form. Although We have made contact with you many, many times through feeling and through radiation, there is a certain acceptance when the sense consciousness is allowed, for a moment, to rest upon manifest Divinity. Toward that end We are serving constantly, dissolving as much of that veil of maya as is possible and helping you when you make your calls to Us to dissolve from your side that veil of human creation as well.

Beloved ones, I saw that veil of human creation as it was spun forth out of the minds and consciousness of people ages ago, and it is a great joy now to see that the same veil is being dissolved by the self-conscious application of unascended individuals. I congratulate you for being a part of this tremendous service to life, and I am truly grateful that Life has given Me the privilege of remaining to bring again into the physical substance of Earth a replica of that Temple in which I serve and in which many of you served with Me so long ago, and which is honored tonight.

The Temple of Purification, when it was physically manifest on the continent of Atlantis, was well known over the length and breadth of all the landed surface of the entire planet - not only on the Atlantean Continent. The Priests and

Priestesses in that Temple and the associate Temples drawn around it, were well trained in the powers of conscious invocation. Many of you, having been through a good deal of that training, came naturally into an acceptance of the Beloved Ascended Master Saint Germain's endeavor to secure the assistance of unascended lifestreams who, through visualization, song and decree, desire to cooperate in bringing forth the Kingdom of Heaven on Earth more quickly.

Now, in the Temple of Invocation, the Priests and Priestesses of My Order are trained in the activity of the Triad. The Triad is a very important unit in the Power of Invocation. When that Triad is in perfect balance, the upper point of it should be LOVE. We train the individuals in the manifestation of their POWER - which would be the left side of the base of the triangle, and by instruction in the development of their Wisdom and Understanding, which would be the right side of the base of the triangle, they then create the top of the triangle - which is the pole of LOVE, and is the point of the aspiring community or individual invocation. That Love is a natural magnet for the descent of the triangle from above, the Power and Wisdom being the top part of the upper triangle, and Love the point that comes down. So where the two activities of Love meet, mingle and blend, there is always a tremendous outpouring of blessing that takes place.

In the days of Atlantis, many individuals had developed great power; they had developed it in the Lemurian Age, they had developed it on other planets; and they had developed a great intellectual prowess as well, and they began to use those two facets for the invoking of certain activities, but they could not use the activity of pure Divine Love unless the motive in the heart

was sincere. No one belonging to any evolution; no part of life can use the perfect triangle with pure Divine Love as its crown unless that one, in heart and spirit, is sincere in the desire to bring more of Freedom into imprisoned life. So there is a protection in the true Priesthood, the Priesthood on Atlantis, the Priesthood on Lemuria, the Priesthood that will come forth in the world again as you develop your own God Mastery. There is always that protection when you cap all of your invocations - whether they are songs, visualizations, or worded decrees - when they are capped with a feeling of Love, then they form a perfect triangle that rises high into the atmosphere and pierces through any riptides of human creation, connecting with the vibratory action of the Divine Beings Whom you are invoking, and Whose assistance you are drawing into the conditions that you feel require assistance of any kind.

Beloved ones, I cannot describe to you completely how different are the methods of invocation developed by any group who have worked closely together. Tonight, looking over the entire planet and seeing the groups gathered together, each giving acknowledgement to the Temple of Purification in their own way, I can say that the peak of the application of some of the groups is rounded, and then where there are very powerful groups and there is good energy in the singing and decrees, those peaks of application are those perfect triangles of which I speak that go much higher into the atmosphere. But the mercy of the Law is such that the highest peak reached by any one group is utilized as a channel, and through that group the radiation is poured back to bless those whose maximum application is not as great as that of another group who has been trained so long in invocation and in service.

Thus it is again that others reap where you have sown, but in reality you are the greatest beneficiaries because as you have practiced this power of invocation, and as you have developed it within yourself, you can almost instantly pierce through any creations that seem to be distressing wherever they appear on the Earth's surface and get an immediate response through using the full-gathered momentum of your application to date. Beloved ones, the Power of Invocation cannot be stressed too much with regard to the conditions of your Earth and its evolutions at the present time.

Now, dear hearts, the Beloved Holy Amethyst, Who is with Me tonight, would like to give to you Her feeling of the Love that is within the Violet Fire; so I am going to allow My Beloved the opportunity of speaking to you.

ADDRESS BY THE BELOVED HOLY AMETHYST

Beloved ones, loving life free is the greatest service that there is in the Universe, and that is My reason for being - to embody the Mercy of your Father-Mother God Who has not allowed ANYTHING evil to be permanent. Think of the Mercy of that - no word, no thought, no feeling, no action that you have ever sent forth that is less than God's Beauty and Perfection shall ever remain as a permanent record in your own worlds or in that of this planet. Think on the Mercy of Life in the impermanence of evil and the permanence of Divinity; and think on the Mercy of Life that allows Me, and that allows you, too, to continue to use the merciful Flame of Violet Fire to change the quality of imprisoned life into a vibratory

action that is harmonious and happy. Wherever you see that appearance of imperfection, rather than registering a distaste for it, oh, FEEL WITH ME the joy it is to impersonally call already GOD QUALIFIED ENERGY into, through and around that person, place, condition, or thing and ask that intelligent Violet Fire, or anyone of Us Who represent this Ray, to change that quality of energy into an harmonious, beautiful and happy quality and GET THE JOY that comes when you ALLOW life, through you, to set other imprisoned life free. If you can learn to do this dispassionately and joyously, without sense of tension or strain (both of which are forms of doubt) THEN, beloved ones, YOU WILL KNOW something of the happiness that I feel in the capacity of Mercy bringing this Violet Fire wheresoever It is invoked, and utilizing It always. This activity releases a feeling of happiness, gratitude and buoyancy as it blazes around the electronic substance that makes up every living thing - human bodies or so-called inanimate objects - and just changes the vibratory action by quickening the motion of the electrons that make up the atoms, dissolving the shadows that are within the electrons and expand only PURE LIGHT as God intended.

I thank you for feeling that as I have blazed it through My own hands and Presence this night, I have felt it blazing through your own forms as you are seated here before Me, and I ask that that Ascended Master FEELING of the buoyancy that is within this Violet Fire may remain with you; that your own Holy Christ Self may CHARGE IT THROUGH YOU at will, and that whenever there is a tendency to depressions or anything that is less than Ascended Master Harmony, I ask your Holy Christ Self now, which is intelligent and is all-powerful, to re-charge through you that

feeling of buoyancy and happiness in the use of this Violet Fire.

The Beloved Saint Germain is so eager for you to see It; so eager for you to have Its action manifest INSTANTLY upon your call; so that you know It is a science, and then when you have developed the acceptance in your feelings of It as a science, it will be much easier to utilize It time and time again and gather the momentum and power in Its use.

Beloved Zadkiel is very magnificent tonight. He is robed in garments of deep Royal Purple, significant, of course, of His Office as the Prince of the great Retreat which opened on the fifteenth of this month. He wears the seven-pointed crown upon His head, symbolic of the Archangel of the Seventh Ray, and He has beautiful amethysts on the forefingers of each hand. He has been entertaining many, many Beings from other spheres as well as the Earth sphere since the opening of the Retreat. The Retreat itself is similar to that of the great Archangel Michael, Our Beloved Friend and Our Great Prince. It is circular in design and is composed almost entirely of amethysts encrusted in gold. It is tremendous in size, and It has, as Lord Michael's Retreat, four entrances - north, south, east, and west - all four of which have been opened since the fifteenth of October so that the Divine Beings might enter and have audience with Beloved Zadkiel and the Beloved Ascended Master Saint Germain and Lady Portia, Beloved Kwan Yin and Those particularly concerned with the establishment again of the Order of Lord Zadkiel upon the Earth.

Tonight, in the atmosphere over Cuba, the great amphitheatre is in the shape of the Temple itself, only it is very much larger. It extends particularly around the Atlantic Ocean, the Eastern

seaboard of the United States and the European coastline. We are endeavoring to give a particular purification right down through the sea itself to the Atlantean Continent. It is interesting to note that two or three of those cities that belonged to Atlantis in her prime are being raised from the ocean's floor, and I believe that your Beloved Saint Germain's promise will be fulfilled in the not too distant future. We are hoping that this will come about in an equally unostentatious a manner as the axis change continues. The people who lived on Atlantis, and who are in embodiment now are all very much aware of the Atlantean vibration. Of course, these people are not all under the direction of the Ascended Master Saint Germain at the present time, but whatever their spiritual field is, they are feeling the Atlantean vibration and, of course, as has been described to you, some of these were not particularly wholesome. Therefore We are coming in with greater and greater numbers of the White Order and of the Violet Fire Beings from Our side of the veil to help you who do represent the White Order in physical embodiment. Of course there are being brought into embodiment as quickly as possible, more and more of those strong and trained life-streams who know something of the Power of Invocation and the beautiful ceremonials that accompany it. Of course it takes a great refinement of the nature, a great development of the emotional self and mental vehicle, and a great purity of the etheric vehicle, and a great sensitivity of the physical vehicle in order to magnetize, through the ceremonials of the Beloved Ascended Master Saint Germain, those subtle currents which He has prepared, and which will come as vehicles are so provided to render these beautiful services for Him.

The Angelic Host are wonderful examples for anyone who is able to see with the inner eye the magnificence of the ceremonies on any one of the Seven Rays. The Seventh Ray is predominantly a ceremonial activity; so We have had many ceremonies from October fifteenth up to the present day, and We are continuing to have the ceremonies until November fourteenth. Beloved Zadkiel, taking charge in the center of the Temple, is standing before the Altar where burns the beautiful Violet Fire, and the Beloved Lady Master Kwan Yin is standing with Him in order that I may give the description to you. She wears an exquisite purple gown, and has Her hair piled high on Her head with a small golden Flame Flower in the comb which is on the top of Her lovely hair.

Beloved Sanat Kumara and the Beloved Lord Gautama entered the Temple an hour ago. They are seated facing the Altar, and They are both contemplating the magnificence of the Violet Fire and invoking Its Presence, through this ceremony, to enter into the feelings of the peoples everywhere. The other Archangels and Their Angelic Courts have now gathered, and the Beloved new Buddha, your Friend Lord Maitreya, is also present. They are all wearing magnificent Violet robes. Sanat Kumara, of course, is robed in Royal Purple, and then Gautama's robe is a little lighter in color. The colorings of the garments which They wear denote Their length of Office and service on the Ray. The Beloved Lord Maha Chohan and the Chohans are also in various shades of Violet, or They wear white with a deep Violet band around Their garments. They come in with Their own particular chelas - the Temple is large enough for all who are conscious chelas to accompany their Masters. In the atmosphere above, the individuals from the former Compound, the Sleepers' Realm and

the discarnates are gathered. Then, as We begin the activity of the expansion of the Flame, these Great Beings Who have been honoring It and pouring Their Light into It will add the pressure of Their feeling of Its reality and then that will go forth on your breath into the emotional, mental, etheric and physical bodies of all mankind everywhere. I am very grateful indeed to be a part of this Breathing Exercise, and to be a part of the conveying to you of that feeling of BUOYANCY that is within the use of that Rhythmic Breath.

Now there are times when you do not require the activity of buoyancy with the energies of your world; there are times when you desire to rest and to sleep; so use discretion always in the magnetizing of the virtues, qualities and the Rays of the Divine Beings, and magnetize, before sleep, the Golden Ray of Peace and Wisdom and the Pink Ray of Love, and then when you are ready to set about the activities of your day, magnetize the activities of Beloved Morya, the Will of God TO DO, and the great activity of the Ascension Flame, the activity of the Concentration and Consecration Flame, the activity of Our Violet Flame, and use the Love Flame, the Peace Flame, and the Illumination Flame for your tranquilizing hours. They are activities, beloved ones, that are real, and as you experiment with them, you will find that if you use a stimulating Flame and call a Cosmic Being or Ascended Master to render that service through you, you will be stimulated by it, because that is the activity of that particular Flame. I can assure you that the Violet Fire, as you are within It tonight, is an activity of stimulation of your inner and your physical vehicles.

ADDRESS BY BELOVED SAINT GERMAIN

It is always My privilege and My great honor to speak to these dear ones of My Heart. I thank you, Blessed Amethyst and great Lord Zadkiel; I thank the beloved people of Earth who have belief in the efficacy of the Violet Fire, and I ask you with all My Heart's Love, during this month when We have the attention of the chelas upon the Violet Fire and Lord Zadkiel's activity of Invocation, to please accept your Sponsor, Who is a magnificent Gentleman of Violet Fire from the Flame of Purification, into your worlds and into your consciousness. This Being of Light is real and will render for you that service of intensifying your ACCEPTANCE of this Violet Fire and your USE of this Violet Fire in your individual worlds, so that when We come to Shamballa, you can say honestly, and I can say for you, that in 1957 you have learned to take the sceptre of authority. Use that Violet Fire consciously; see the efficacious results in the changing of the quality of energy from discord into harmony, and you will bring in a harvest as great as that of the Angelic Host. The Angelic Hosts' harvest was very great in 1957. The Elementals' harvest is to be increased by Those of Us Who feel for them their suffering at not being able to manifest the full perfection that they desire in the world this year, but We have until the end of October at which time the Elementals must present their harvest. Lord Michael and all of Us Who are interested in loving life free have promised to help them because they do not like to come in with a small harvest any more than you do. Then the human beings, or those wearing physical forms, will be bringing in their harvests - "bringing in the sheaves", you know - to Shamballa, and I would

like so much to have every student, every blessed chela who has believed that "I AM"; who has used My Name; who has been a part of My Endeavor, to bring a personal harvest of learning the SCIENCE of the use of the Violet Flame.

It is a magnificent sight in this great Temple tonight, beloved ones, and I know that when you place your bodies to sleep, and you come, in the fuller freedom of your inner bodies, to visit this Temple, you will enjoy all of the magnificence that has been held here in the Etheric Realm since the days of Atlantis. Many of you take up your places in the same exact spot where you stood when you were Priests and Priestesses in that Temple centuries ago. You automatically go to that spot to make your application.

I thank you; I thank the Beloved Zadkiel and the Beloved Amethyst tonight; and each and every One Who has contributed to making possible the opening of this Retreat for the first time, and may Its great Light now envelop this Earth. Thank you; and Goodnight.

SAINT GERMAIN

THOMAS PRINTZ' PRIVATE BULLETIN

No. 31 November 3, 1957

* * * * *

My Beloved Children:

IF, for seven days after you receive these words of Mine, you will observe the Silence, except when it is absolutely necessary to speak, and send your Love to your Master and your "I AM" Presence, We shall appreciate the opportunity it will afford Us to give you a special expansion of your Light.

To anchor your consciousness within your Presence is a task requiring but a few moments of uninterrupted contemplation. You will then begin to think and feel with that expanded consciousness of the Higher Octave; with Its power and certainty and conviction. You will find the Sacred Fire is a tangible Substance that can be wielded and moulded as can any material of the physical plane.

The Higher Consciousness cannot be achieved when you identify yourself with the physical form. The Flame, in Its great Power, can be wielded best from the higher radiation of your Holy Christ Self. The physical consciousness, being so impregnated with the idea of form, finds it is out of its element in dealing with the Flame of God, and cannot even control physical form with much success. Therefore to treat the physical body and inner bodies by the drawing, focusing, and expanding of the Sacred Fire from above or from within your hearts will bring much greater results than by trying to expand it through the instruments in question from below. This, I think, will assist you in the powerful

freeing of your vehicles from the impure substance of the third dimensional plane.

When the outer self and the "I AM" Presence are going to effect a movement for the expression of the God within, they must, first of all, become in harmony. This is achieved in Silence, in Love, in Peace. It is done by the absolute transmutation of every critical and inharmonious thought and feeling. As you work towards this, dear ones, the activity of your daily lives becomes an expression of Grace and Beauty and Power.

So now you must enter into the activity of the sphere in which you are fitted to dwell - learning each day more and more about the creative power of thought and feeling, and your ability to become master of this instruction of conscious creation of Good. I must enter the Realm in which My creative Flame has fitted Me to dwell, enjoying the expansion of My capacities to create as the Father, and thus prepare to rise higher in the Sphere which now I can only barely cognize, and in which there dwell, in full self-conscious Life, Beings Who have passed through realms similar to your own and Mine, and Who have achieved the right to wield the Thought and Feeling Principles animated by the Sacred Fire - expanding the God Kingdom in its exalted state, and They, too, evolving upward preceded by the Sun of all Suns and the Light of all Lights Whose capacities never cease to grow and are always upward-reaching - a magnet toward which We all aspire - yet there is no Ultimate.

My Love and Light enfold you, each one.

My Dear Ones:

It is with loving interest and tenderness that I watch your individual endeavors toward spiritual growth and understanding, and I bless your progress.

A portion or Spark of the Creative Fire, with all the creative ability of the Godhead, is the natural heritage anchored in the heart of each individual, but the Cosmic Pressure of Divine Creation may be invoked through the personal or individualized power by means of the self-conscious decree of any self-conscious Intelligence, and this COSMIC INVOCATION results in COSMIC ACTION. You see the FULL Cosmic Power and Pressure of Creation is vested in the Seven Mighty Elohim, and through Them has become vested in the individualized God Flame manifested as man.

When one builds with his hands in the hands of the Elohim, the resultant perfection and speed of accomplishment are, to the outer mind and senses, unusual, for to take into active partnership the Cosmic Builders of all form is to UNITE yourself under Cosmic Law with the forward progress of Divinity. When man and Divinity BLEND, through the invocation of Divine Beings by mankind, it becomes an activity that is no longer bound by the natural laws of the lower realm, but the manifestation and precipitation become part of the Fourth Dimensional world or, in the eyes of the uninitiated, miraculous.

It is such a cosmic union that We are endeavoring to encourage. The Gods are WILLING, but man

has not yet been BOLD enough in his approach to these tremendous pulsating God Powers.

As you have been told, the Devas and Builders of Form that serve under the direction of the Elohim, are Beings of such magnitude that They can cover an entire locality with Their personal Presence, and when They are directed by the Elohim toward a certain accomplishment, They render service inconceivable, and They could explain away the mysteries of the building of the Pyramids and the colossal physical edifices of the past that make modern science wonder. Even the building of a mountain is but the work of a moment to the Nature Devas; the manifestation of a lake but a ten-second sport of one of the Devas of Neptune's Kingdom.

These great Devas are real and tangible. They have life, form and substance. They have intelligence far superior to the most advanced of men. Their service is a service of Love to the Gods around Whose Thrones They abide. When the Seven Elohim unite around Their Cosmic Table, and with one accord, decide to manifest Perfection, They call uncountable Legions of these great Devas to Their assistance.

Your activity is merely to make the CALL - to open the door - through your conscious agreement and at-one-ment with the desire of these Elemental Builders, and if you can keep one-pointed in your inner invocation, you will see that what I say is the Truth and will be amazed at the results.

In closing, I bless you and bid you God-speed upon the Spiritual Pathway to conscious precipitation.

Love and Blessings,

MAHA CHOHAN

Beloved Good Friends of God, Angels, and Man:

Every great evolutionary scheme has been carried to fruition on the loving wings of the Angelic Host and Devic Builders of Form. They are the invisible expression of the Fire of Creation, which moulds Substance and Light according to the directing intelligence of God Beings.

The great Angelic Hierarchy, from the time immemorial, has served mankind and the Gods, and fully three-fourths of all accomplishment has been due to Their kind ministration and selfless service. Because They serve in Their entirety, without human will or desire, the nature of Their Being is OBEDIENCE TO LOVE. The greatest happiness and delight of Their hearts is to plunge into any progressive constructive endeavor and give ALL of Themselves toward its successful fruition.

The Ascended Masters of Light and Wisdom Who have, from time to time, guided the progress of the planets and their people are well aware of the glorious companionship, friendship, and priceless service of the Angelic Host, for no upward arc could be achieved without Their Presence.

Due to the intensely materialistic state of consciousness mankind has adopted, they have become callous toward the Invisible Dwellers in the Angelic Kingdom; which state of affairs has made Their conscious cooperation with man more difficult.

Through special dispensation, henceforth the Angelic Host shall become an active conscious

part in mankind's worship, evolution and progress toward Perfection. They are the harbingers of Good, and always precede Divine Manifestation as They did before the Birth of Jesus, and as They are now preceding the full unfoldment of the Golden Age.

May I suggest that you train your consciousness to ACCEPT the Presence of the Angels in your homes, auras, Sanctuaries, and the lives of those who seem dear to you, for you have not yet learned that ALL life is equally dear. We honor the Angelic Host, from the small thumb-nail fairy to the Devas Who stand larger than the highest peak of the Andes. Can you, dear ones, do less? I ask you to pour forth adoration to the Angelic Host - not as visionary, vapory, idealistic clouds, but as strong, powerful Creative Beings Whose friendship and Love all the Ascended Masters recognize with grateful humility.

If you had worked with mankind as long as We have, you would understand the gratitude We express toward the Angelic Host Who live for Love; Who live to obey the slightest wish of Our hearts; and Who make Our tedious and strenuous service to mankind easier by Their generous and constant attendance.

The Brotherhood of Angels and men SHALL find expression on the Earth plane, and I would appreciate your accepting Their friendship DEEP in your FEELINGS and HEARTS. By so doing, I can assure you, beloved ones, that you will have powerful help in bringing into manifestation the secret God-Desires of your Holy Christ Self.

Beloved Children of God:

For your edification, I present the instruction of Beloved Meta, Daughter of Sanat Kumara, given on the evening of the Transmission Flame Class of November 16, 1957.

ADDRESS BY THE BELOVED LADY MASTER META

Beloved Friends:

I come bearing the Love of My Father, Sanat Kumara; the Love of My Mother, Beloved Venus, and the Love of the peoples of Venus to the peoples of Earth and to all those who are Guardian Spirits from other Stars and other Planets, and who are serving in this tremendous activity of straightening the axis of the Earth.

In the consideration of the Nature of the new Lord of the World, the Beloved Gautama, have you thought that the primal doctrine of His whole life, His whole teaching, and His whole way of living is that of BALANCE, representative, beloved ones, of the MIDDLE WAY - the balance of all the energy within His own inner vehicles and His flesh form when He walked the Earth; the balance between fanaticism and lethargy; the

balance He set forth in His doctrine for those who chose to follow Him.

Therefore you can see how, naturally, upon His assumption of the Office of the Lord of the World, BALANCE for the very planet Earth would be an essential fruit from the harvest of His Presence, and it is that physical balance which is causing the straightening of the axis of the Earth so that the planet itself will have that perfect balance that We know on Venus, and that the peoples who embody upon the Earth, as well as all living things that use it for a schoolroom, will increase in balance also.

There is much within one word, beloved ones, which can convey to an alert individual a whole message that could be elaborated upon in chapter after chapter of a book. One of these words is 'God-Balance' - exemplified by Lord Gautama and given by Him now to the very Earth which is your present hostess and to the peoples who are dwelling hereon, and those who are to come here in the future. In regard to your individual worlds also, as more and more of Lord Gautama's radiation and His essence of feeling enters your world, you will find that greater balance in the four lower vehicles through which you function. All of these four lower vehicles are not equally balanced at the present time. In the case of any unascended being who is not fully master of all the energy of his world, one vehicle is larger; one vehicle is more mature; one vehicle is more receptive than the other and, therefore, in the life experience of the individual who is seeking mastery, there comes a time when that balance, individually, must be developed, and the vehicles that have been neglected through lack of use for centuries of time are given an opportunity to expand. That is why, sometimes, in the experiences in which you

are engaged in what you call 'daily living', but which is really living in the Aura of your Master, you are tried on certain points of your own nature that require development and expansion of one of the vehicles that you have neglected in the past.

The perfect man unascended is equally developed in emotional stability, mental alertness, etheric purity, and physical vitality. You can measure your own vehicles and you can know that when stress or strain appear apparent on the screen of life temporarily, it is because your own Guru, your Ascended Master Friend of Light, is endeavoring to stimulate some lethargic sheath or vehicle and cause it to expand - either the mental vehicle, the physical vehicle, the etheric vehicle, or the emotional - whichever vehicle it is that is out of balance. Visualize these vehicles around yourselves in the form of an ovoid. They should fit perfectly one within the other, and the distention of one vehicle and the contraction of another vehicle causes an instability - particularly in times of stress.

So you are blessed beyond words to have as your new Lord of the World at this time an Individual Whose whole lifestream and Whose whole teaching has been the development of BALANCE - that balance which will hold you in good stead. You know, in the outer world, how uncomfortable you feel when you temporarily seem to lose your balance physically, yet when the greater changes come, and the greater numbers of people are coming to you for assistance, you will require that God-Balance which Lord Gautama Himself, in Love, will give you. Then you become a poised, balanced lifestream, and the energy flowing through you passes out in a balanced manner so that you are a credit to your Ascended Master Friends of Light, and a credit to your fellow associates upon the Spiritual

Path, and a credit to the human race of which you are temporarily a part by the reason of your own choice many ages ago.

We are thinking a lot about Shamballa, of course, during this glorious and Holy Season, and I thought back, today, to the time when the Earth's balance was almost gone, and when My Beloved Father, the Blessed Sanat Kumara, returned from the Conference and told My Mother of the possible dissolution of the planet Earth and how His Heart glowed with that wonderful feeling of Love for Life until My Mother picked up that radiation and that feeling and told Him that He was free to go to the Earth and assist it if the Cosmic Law would allow Him to remain as long as He desired. She offered at that time, you know, to be the Father and the Mother to the planet Venus and all its evolutions, and Their sacrifice was very great in that self-chosen experience by which the planet Earth was sustained and which has expanded now to greater and greater Perfection since the time when My Beloved Father entered the heart of the Court at Shamballa.

On Venus, beloved ones, there is perfect balance in all the activities of Our life. There is balance in Our joyous expression; there is balance in Our home life; there is balance in Our religious service; and the most magnificent balance in Our music; and that balance makes it comparatively easy for an individual who belongs to the Venusian scheme to achieve the necessary Victory of their own Ascension. There is nothing upon Our planet that can throw a lifestream off balance for a moment. For this, of course, We are extremely grateful. That balancing power held within Venus was within My Mother's Heart, and She had to hold that, when the Beloved Sanat Kumara came Earthward, for the Priests and Priestesses of Venus

and the masses of the people. Her position has been (only for millions of years) very similar to that of Holy Mary, the Mother of Jesus, Who held the balance for the disciples and apostles for the years after the Ascension of the Master Jesus.

Think you of the responsibility and obligation of one lifestream to hold that balance for an entire Star! That is why, with the coming of the developed radiation of the great Lord Gautama, We were so grateful to have returned to Us, for even a short time, the Beloved Sanat Kumara, that We might have the stimulus of that balance which is within His Lifestream as well. As you know, He has come back and forth to the Earth time and time again since, but He no longer has the full obligation of the Earth's balance; that obligation is now Lord Gautama's and those of you who choose to call with your hearts to hold the perfect balance for the planet Earth; for the Elemental Kingdom; for the peoples of Earth - for their minds, their souls, and their bodies, and to sustain that balance in the Water element and in the substance of the Earth and in the Air.

Every great Being, every Director of the Forces of the Elements is a Being Who controls Balance. Take Neptune, beloved ones; how well He balances the rise and fall of the tides! Take the Beloved Maha Chohan Whom you love so well - how He balances the sowing, the nourishment, and then the harvest. Take the Beloved Aries - what great balance there is that keeps the element of air as purified as it is so that mankind may breathe it and continue to live in physical bodies! Think on the balance of Virgo, beloved ones, and all of the shocks that entered into the substance of Earth - which is Her body. Think of that wonderful balance which She holds - the very Earth beneath

your homes and your places of occupation, your continent - in that wonderful balance - shock-resistant really; and all these Beings await only the direction of the Cosmic Law to make a change.

Now in the rising of the subterranean cities of Atlantis, balance will be such a primal factor as some of the landed surface rises and some of the waters are displaced. Think of the balance that will be required of all these Intelligences to see that all this is done with the greatest amount of Peace and the least outer disturbance. Two great Beings Who are most magnificent in the activity of balance with regard to the planet Earth are the great Polaris and Magnus Who are the Positive and Negative Poles for the Earth - and Who are now moving that axis slowly, keeping the balance so that literally the people are not thrown off the Earth itself. That motion is so gradual that it is hardly discernible to any except the individuals who have been told of this transition period.

Beloved Children of God:

I give you herewith the balance of Beloved Meta's address of November 16, 1957. I do decree that you all experience Lord Gautama's God-Balance in all your activities.

Blessings and Love,

MAHA CHOHAN

ADDRESS BY BELOVED LADY MASTER META (continued)

As you know, My activity is connected with healing. You have heard Me tell how, when I was allowed to come to visit Shamballa and see My own Beloved Father, I asked if I might remain with the Earth. Seeing all that He was doing; His great and loving patience; the billions of lifestreams for whom He was responsible; and knowing that the Beloved Venus had full responsibility of another Star, I thought perhaps, in some small way, I might assist Sanat Kumara in the activity of healing. After visiting the Seven Spheres around the Earth, I took up My abode in the Fifth Realm, and for a time acted as Chohan of the Fifth Ray. This Office is now held by the Beloved Ascended Master Hilarion.

Then, you will remember, I had the joy of visiting the Etheric Cities that are located over all of the continents and the seas. I made special application to the Hierarchs of those Etheric Cities asking if I might train groups of seven individuals to direct Light Rays into conditions that needed healing in the physical appearance

world as well as the mental, emotional and etheric realms. I was kindly accepted by all of these Blessed Ones and for many, many years this activity of radiation from the Etheric Cities has poured forth constantly into the receptive consciousness of all those who required healing, all those who desire to be a focus for healing, spiritually or materially from the medical standpoint. I would like to bring this service to your attention again because at the present time you are witnessing just the fore-runner of experiences of fear that rise from plagues and their various ramifications. These Etheric Cities are real; the Beings in the Fifth Sphere are dedicated and consecrated to directing Light Rays into the cause and core of all germs, plagues, epidemics and disease of every kind, and They are fully capable, through those directed Light Rays, of dissolving those impure manifestations.

As We have not spoken to you so recently, and as the time is upon Us when We require the assistance of your attention upon the Etheric Cities and upon Myself and Those of Us Who serve there, I have been given the opportunity of speaking to you to bring to your remembrance My service and the service of Those Who are trained to direct the Light Rays into these conditions and dissolve them, because when you come to the science of removing disease, whether it is a plague, a germ or an epidemic, it is only a 'manufactured' focus. It can be manufactured by carelessness, through physical individuals who do not observe the cleanliness required to sustain the body's life. It can be manufactured, unconsciously, by individuals whose thoughts and feelings are impure and vicious, AND these things can also be manufactured consciously by individuals who have been trained in the development of certain 'cultures' and the

expansion of them for the certain destructive purposes which are not for the benefaction of the race.

If you will be so kind as to help Me, to remember Me, and to call to the Beings within the Etheric Cities to direct Their Mighty Light Rays into, through and around every consciousness who knows or does not know that he is manufacturing disease, until there is dissolved from within that consciousness the capacity to create impurity and the desire to create it, I shall appreciate it very much. It will do so very, very much to relieve the people of the PRESSURES of fear that rise when certain epidemics come to the attention.

Beloved ones, fear is a strange force, We shall say. We have often said that if people had as much Faith in God as they have fear of human appearances, this planet Earth would have been self-luminous centuries ago. Fear is a FEELING, and it multiplies anything that your attention is upon while you have that fearful consciousness around you. Faith in God is a FEELING, and that multiplies any good thing that you have your attention upon. It is to be regretted that the mass entities which lie within the etheric consciousness of the peoples on the Earth so quickly tie into any type of calamity, not only when it is in action, but when it is even in a causative state when the outer mind becomes cognizant of the activity.

Let Us Who are endeavoring to work with the Spiritual Hierarchy and the Great White Brotherhood use the Faith in God instead of human appearances in every day living. Check yourself time and again upon this quality; feel no self-condemnation or self-depreciation; but if fear is acting, beloved ones, through the power of transmutation, that fear can become a tremendous

faith in Good. It is just a case of changing the quality of that energy!

We are thinking, too, about the fear in the minds of the people about being over-run by men from 'outer space'. The Beloved Maha Chohan brought to Our attention the fact that that fear, which is in the minds of men and increased by some science fictionists from time to time, is embedded from the happy time when individuals lived on Earth before the laggards came, and then experienced the coming of those impure souls into the atmosphere, into the physical bodies, and the subsequent pollution of the Earth by their effluvia. That memory goes back so far that when a prominent gentleman presented a broadcast of invasion by the Martians, there was panic because the fear stirred the memories of the time when individuals, in their inner bodies, saw cargoes of souls that were drawn in by the Cosmic Law and then taken through the natural gates of birth into the planetary scheme of the Earth. That was truly an invasion that could make a mark, and has made a mark on every unascended being who has lived upon it since. Be assured, beloved ones, that those souls who came - great, great numbers of them - having been discarded by their own Stars, were accepted by the Cosmic Law AFTER the Earth offered the hospitality of this orb to them. They did not come in without the FREE WILL INVITATION from the Hierarchy and the peoples of Earth and the Great Ones Who watch over it, and there has been no such invasion since.

The Cosmic Law now engaged in the redemption of the Earth certainly would not burden her by any further individuals or lives that do not belong to the Earth's evolution itself, so do not be unduly disturbed by the presentation of

possible invasions from 'outer space' for destructive purposes. And the 'invasion' We bring to your consciousness is an invasion of Love which does not require a great mechanical instrument; it just requires My thought turning to you and My Love flowing to you; your thought turning to Me, and your Love flowing to Me. It is so simple, yet man conceives the necessity of tremendous instruments in their minds and eventually they will endeavor to do it physically here on Earth - to convey the Love from the peoples of Venus to the peoples of Earth. The peoples of Venus are no further from the peoples of Earth than your heart's cry; your prayers; your Love! Space ceases to exist between any planets, any solar systems, when Love reaches up, touches the consciousness of an Intelligence to Whom it is directed - and Love returns. It does not take countless millions of light years, beloved ones, for a word from the Earth to get to the Sun - or the Sun behind the Sun - believe Me!

It takes JUST A MOMENT, the NOW, when you say: "Beloved Venus and your people, I Love you!" While you are yet saying it, your Love billows in clouds of Pink Flame around the Personage of Our lovely stately Lady, around the great estates of the people of Venus, around the Priests and Priestesses, and on the very same Breath comes back a benediction of Love to you - not requiring great millions of light years to reach you, but in THE NOW! Let us forget to measure space and time so far as the connection between Divinity and unascended beings is concerned and know that the moment you think on and Love any Perfected Being, you are with Them, and that very moment Their Virtue and Love flow back to and through you. So - no need to strain for far distant Stars. We are as close as your heartbeat.

Shamballa is so very magnificent! We opened the Retreat yesterday (November 15, 1957) and Beloved Lord Gautama's Flag is flying over the high dome of the great central Temple, and the Flag of My Beloved Father, Sanat Kumara, which Lord Michael kept at Banff, is flying with it just for this thirty-day period while these two Great Beings of Light and Love serve together.

As We stand at the outer edge of the marble bridge that leads into Shamballa, you can see those two flags flying high - not one above the other, but they are backed to each other, showing the perfect unity and oneness of those two Beings Who have loved Our Earth so well.

As We walk over the marble bridge, let Us feel again how many times, not only We, but other pilgrims seeking Light have walked across this bridge; how many have stood on the virgin shore of that White Island and gazed up that long and beautiful pathway, seeing the Temple created for Sanat Kumara by those of Venus Who love Him well and served nine hundred long years to bring it forth; how many a pilgrim has prostrated himself until his forehead touched the very ground of the virgin isle in gratitude to be at the very periphery of that magnificent avenue, down the center of which are the beautiful flowing fountains and, on either side, the beautiful and magnificent Temples of the Seven Rays; how many a humble messenger was grateful just to kneel and feel the Virtue and the vibration at the very edge of the bridge and not even presume to enter the Temple Court, but sometimes taking a little of the substance of the earth itself and wrapping it carefully in a linen cloth, that one would return over the bridge again to serve in the world of form. I have seen that done. Reverence comes with the growth of the spirit; the greater the soul

and the greater the spirit, the more reverent and humble the outer self.

Now that Shamballa has opened Its doors to not only the Divine Beings and the Spiritual Inner Court, but to the devoted chelas as well, it has become a far more festive activity when the chelas happily enjoy walking up the pathway; looking into the Temples; placing their hands in the multi-colored waters of the fountains; and then, at last - there is no unascended being who can describe the feeling when you stand at the foot of the Temple of Sanat Kumara and the pulsating energies of the Immortal Three-fold Flame of Almighty God anchored within that Temple begin to reach out and touch the hem of your garment; and then, as you proceed up the steps into the Temple itself, you know something of the magnificence of a truly great Being.

The harvest for the human kind will be brought in this evening (November 16, 1957). The harvest of the Angels and the Elementals has already been brought in previously. The great Sanat Kumara Himself, holding, as usual, the position of authority standing behind the Three-fold Flame, is slightly elevated so that He is above It, taking the Office as the presiding Hierarch and giving to Lord Gautama the blessing that He always enjoys of being the recipient of the harvest. Sanat Kumara wears the purple robe of the High Priest of Shamballa and He is behind the Altar on which blazes the Three-fold Flame - pink, gold and blue. The Altar comes down the steps, and Lord Gautama is beneath itm seated in the Buddhistic fashion, with His hands reaching out to take the harvest from everyone. Now remember that is a long task involving ten billion individuals, and that harvest will be brought in by each and every one as the proceedings continue. From time to time, one

of the great Brothers of the Golden Robe Who minister to Lord Gautama will take some of that harvest as it grows, and They will pile it up around the sides and nave of the Altar, making room for the rest of the harvest. Please do not think that Gautama is not fully cognizant and conscious of every one that touches Him bringing in their harvest, because He is. He is receiving the gift which is YOUR year's service, and He is giving to you a gift - His Balance in all the departments of your life.

You have an activity that is not always clear to the Western mind; an activity where there is quiescence in the Form but great spiritual vitality flowing out for the benafaction of the people. That is the activity which Lord Gautama, of course, has always used - even on Earth, and which He continues except in those times when My Beloved Father is on Venus rendering service there. The great Maha Chohan and the new Buddha are in the first row before the Altar, and then the Chohans of the Rays - all watching hopefully as Their chelas will begin to enter. The procession itself has not begun so far as human kind are concerned. When We opened on the fifteenth, there was a great reunion between Cosmic Beings, Solar Lords, Ascended Masters, Devas, Cherubim and Seraphim, and it is a wonderful time of happiness and homecoming. Of course, the Ceremony tonight is more formal. Then there will come a period from now on through the Holy Season when there will be many, many informal gatherings. Please remember that your Sponsor for this month is an Ascended Lady Master. If you will ask Her to bring you to Shamballa while your body is sleeping, and help you to bring back the buoyancy and joy of the consciousness which is there, We shall be very appreciative of it and you will benefit thereby.

The happier you can be as you enter this Holy Season, the more open is your consciousness to the outpouring of the Divine Ones Who use the Holy Season as a focus for certain benefactions.

Let us remember that the Flags of Sanat Kumara and Lord Gautama fly at Shamballa; that the harvest comes in - and it seems like a very lovely one. Even those from the former Compound are bringing in their harvest this year. Now this is a wonderful thing; some of their harvests are small, but it is an endeavor. All of your friends from the Ascension Temples, your relatives, and those whom Lord Michael is helping are all bringing in their harvest as well as the blessed ones in the physical bodies. Not only the chelas of the Ascended Masters Morya and Saint Germain are bringing in a harvest, but every lifestream upon this planet is bringing in a harvest of some type to Shamballa tonight.

We welcome you! We welcome you! We Love you! We hope that you will enjoy Shamballa's Presence and that you will become one with the Spirit of Shamballa, as have all of Us Who have enjoyed It ever since My Countrymen drew It forth for the 'temporary' (We thought) Abode of Sanat Kumara. One day - I hope in the not too distant future, the City of Shamballa will again be physically manifest as it once was, and the Earth shall see the Beauty and Perfection that is there.

Remembering you now as you, individually, accept the BALANCE of Lord Gautama, and asking that you remember Me and the Brothers and Sisters in the Etheric Cities in your calls, "I AM",

META

Beloved Ones:

Until an individual is ascended, his evolution is going forward on the four planes of consciousness - the physical, mental, emotional and etheric at once. He, for the most part, is only conscious of His physical evolution because his conscious life is anchored more or less through his physical body; and until he has achieved a certain unfoldment and development, he is not able to function at will in any of the other planes.

Every man uses his Emotional Body and his Mental Body as he responds to feeling and thought impulses or memories of the past, but he is not able to make definite excursions into the Mental plane, the Etheric plane, or the Emotional plane, returning with the conscious knowledge of what transpired there until he has advanced quite materially upon the Path.

These four planes of experience upon which his soul is functioning form the schoolroom of his nature. Sometimes his soul will be in the primary grade, physically speaking. On the Mental plane, he might be at the point of a high school or college man. On the Emotional plane, he may be no more than an infant, and Etherically, according to his past lives, he may be a professor, a child, or an adolescent.

As the individual passes through his day, various experiences come to him. Some of them are emotional experiences; some mental; some are purely physical; and some are etheric - tuning in to past ties. He will react definitely to each

set of experiences according to his unfoldment and development upon that plane. A little contemplation of one's own nature will show where the greatest weakness lies, and where the greatest development has been attained as one progresses toward the goal of mastery. Such a person will find the greatest test lying in the particular sphere in which he is the least developed - never as punishments or obstacles - but as experiences to raise that particular body into balance with the most advanced of his nature.

Hence, if a man is emotionally under-developed, he will be forced by life to 'cram' along that score. If he is mentally sluggish, life experience will place him in a position where his Mental Body must make more effort. If he is physically undeveloped, life experience will require the development and unfoldment of a strong Physical structure.

And to you, dear seekers of Truth, I might say here that most students require a tremendous intensification of poise and emotional stability which will allow a greater responsibility from the Higher Octaves to rest upon natures capable of accepting the directions of more energy and the directing and sustaining of that energy into constructive channels. Let Me add, however, that you have made great strides along these lines over the past year, and I am greatly encouraged in the outlook ahead for the mental and emotional natures of the student body.

My Love, My Understanding, and My Light enfold you, My children.

Blessings and Love,

MAHA CHOHAN

Beloved Ones:

When a soul has accumulated great Wisdom and Understanding in a previous life, it is most unfortunate that the succeeding birth must be clouded by the karmic restrictions which lie on the entire race and forbids that soul to bring in the full memory of his own Light - which he must pick up again through intuitional development, and labor for years to master through the brain structure and vehicles provided him in the present birth. Even our Beloved Jesus was subject to this Law.

The reason that the consciousness of man is not allowed the memory of the past is because the sins and iniquities of the race have become so heavy, and the hate and injustices so terrific, that the Karmic Law, in Mercy, drops the curtain of Forgetfulness to give the egos an opportunity of expanding their Soul Light without carrying grudges of preceding lives into the present.

When the Cosmic Law intervenes and sets up a new blanket activity which is universal in its scope and not individualized, it means that the entire evolutionary chain must abide by the full decisions and live under the action of that Law, and that personal achievements of any one member of the race does not exempt him from the action of the Law. Today, however, because the Cosmic Law's demands for more Earth Light cannot be denied, We have thought it advisable to secure the intervention of some members of the human race to apply to the Lords of Karma to have this

blanket restriction removed and allow the souls of the great who are here, and who are yet to come, to bring with them their own full Soul Light, their wealth of consciousness, and memory of association with Ourselves, thus enabling them to utilize their forces, not so much to re-master that which the soul has known, but to vitalize their knowledge and let it grow in service as the Beloved Brothers on Venus have done from the beginning of time.

The conditions now of the great souls who have passed through the school of Earth and achieved a contact and communication with the Super-intelligences that govern the Universe only to be thrown back into a baby body again and pass through the a-b-c's of orthodoxy, is as pitiful and as unnecessary as it would be for a full grown scholar to suffer a shock of amnesia and return to kindergarten. So, dear ones, may I suggest that you petition the Lords of Karma that this blanket for the young be removed, according to Their Wisdom, for there would be nothing gained if this were done for those whose memories contained bitterness and hatred, and if the veil were lifted, it would be but an added weight upon the race, and these people would find the past a weight upon the present.

So, in closing, My dear workers in the vine-yard, if you will permit Me, I will digress and speak on the Ascension and what it means.

As you know, the body is made up of water, air, and earth. It is animated by Spiritual Fire, which is the TRANSMUTING ELEMENT that eventually absorbs the other three elements into Itself. When the earth, the water, and the air have become completely permeated by the Fire of Spirit, they become etheric substance, and at the moment of the Ascension, the Fire of God returns to the

Father with the transmuted elements of the Earth within Itself. Thus the Ascension is the ascending of the Fiery Flame which has animated the physical body from the beginning of time. At the death of mankind, the Flame ascends, but without absorbing the purified substance of the Earth body and remains but ONE element. At the time of the Ascension of the awakened soul, the Flame becomes the four elements, and in that Ascension you have the four-square activity of the Fourth Dimension, and there is no return of the Flame to the Earth as Its journey is completed.

If you will visualize this Fire in your breath, drawing all of your Earth substance into Itself now, and prepare for Its last journey Home, you will be able to hasten the process of purification preceding the Ascension.

Blessings and Love,

MAHA CHOHAN

My Beloved Children:

How often have members of the human race heard those two important words 'know thyself'? Allow Me now to help you, each dear one, to know yourself, and in this knowing, to bring healing, harmony, and the lightness of joy into your life.

The physical body is made up of very tiny particles of Light Substance which the world of men has chosen to call 'electrons'. These electrons are emitted from the Body of God and are loaned to the individual lifestream to create a garment of flesh in the 'Image and Likeness' of the Holy Christ Self.

The Holy Christ Self projects a Light Pattern of Itself into the Universal Light Substance of this physical world, and into the center of that pattern the Holy Christ Self projects the Cohesive Power of Love referred to as the Three-fold Flame. Then this Three-fold Flame, from the Universal Light Substance around It, draws the electrons to make the flesh or physical form.

The electrons are in constant motion, swinging around and around in the body, and if you had a high enough type of microscopic vision, you would see that what appears to be a leg or an arm is a constant sea of moving Light encircling in an orbit, and like the tide of the sea, being allowed to go 'so far and no further' than the periphery of its particular border. These encircling electrons form what we refer to as the 'members' of the body.

The marvel of man is the Cohesive Power of

Love that keeps the electrons, year after year, encircling in their individual orbits, and the composite whole making the hand or the head or the arm or the organ - no electron losing its identity or getting caught into another member.

The vibratory action of the whole body is determined by the KEY NOTE of the lifestream.

Mankind's vibratory action is away below its natural Harmony, and the electrons in all four bodies are moving a great deal more slowly than is their natural expression. The slower they move, the denser the body and the mind. The quicker they move, the lighter the body. In the Ascended Masters' vehicles, the electrons vibrate so rapidly that they are like the propeller of a rapidly moving plane - invisible to the physical sight.

The process of evolution through the attention to the Light quickens the pace of the electrons in every atom and cell of one's being, and when one's attention is on the Light, the whole harmony of his individual solar system is increased beyond all outer measures of speed.

In the case of an injured or diseased 'member', the more Light consciously directed into the electrons of that 'member', the more rapid will be the healing. A broken member, for instance, means that the natural orbit of the electronic life in that member has been temporarily shattered and a new core of Love must be established through the main shaft of the bone, when the electrons are again drawn in harmony around this core.

You would be surprised, dear ones, what singing, in Love, to these little lives in a broken bone or diseased member would do for you.

Know, children of My Heart, that My Understanding and My Healing and My Love are yours forever to draw upon.

Beloved Friends of Light:

You who have been chosen to be co-workers with the Gods have been carefully selected. Those willing to learn the art of selflessness - that is, to serve without adulation from within the Light, will have their names engraved on the Eternal Records of Life.

Some students, as you know, have a larger sphere of influence than others - that is, more lifestreams are within the compass of their influence. So I ask you, dear ones, to call upon Me; enter into the radiance of the Holy Comforter (which is My service to life) and, connecting thus with My Presence, you will bring Peace and Order out of chaos, Harmony out of a distressed, discontented heart, Wisdom out of ignorance, Health out of sickness, and Supply out of lack. I assure you I will not fail you, whether you call for one person or a hundred. My Light and My Comforting Presence can envelop all.

Remember, dear hearts, We are conscious of your slightest endeavor. Sometimes in the struggle of your individual worlds We feel the longing of your Presence for Our help. This may not be given except at YOUR CALL. In this you can see the Wisdom of Life, for in YOUR call is the giving up or letting go, the surrender, as it were, to a Higher Power. Call, beloved, and your call IS answered.

In this joyous subservience of the outer self to the Inner Self is full Mastery. This you want

to attain. Remember, My beloved, the greatest of all men are those who serve. You serve Me daily, each one. For this I bless you, for you are endeavoring to be My Comforting Presence as you walk in the turmoil of Earthly living. What you are HOURLY is the measure of what you represent as an outpost of Ourselves. True, in times of crises, the Holy Christ Self sweeps aside the outer self and performs, on rare occasions, feats of great heroism. (This is termed by the outer as 'reserve energy'). You who receive these words of Mine, receive them because of the request of your own Christ Selves. These beautiful Christ Selves have waited for countless centuries to fulfill the God Plan through the personal egos. You chose to become co-Creators with the Father in His Kingdom. It is My obligation to tell you that you must ascend on your particular Ray to Its apex. This, beloved, carries more responsibility than you, at the moment, can comprehend. Let Us see how willing you are to subjugate the personal ego so as to become now, today, a Comforter to Life. This is a big stride forward.

By your co-operation, and by the manifest activities of your outer selves, will the Karmic Lords determine how great a Dispensation They will give in the January Council which is now close at hand.

Dear hearts, keep the Inner Eye ever turned toward the Source from whence all Comfort flows. Thus will your aura be suffused with His Peaceful Presence.

I give you the blessings of the Holy Spirit. May you come to understand His Gift of Life and BECOME that Comforting Presence.

My Beloved Children:

I present herewith the words of Blessed Lanto given at the Transmission Class of December 21, 1957. It is the decree of the entire Ascended Host that you shall all have a God-Victorious 1958.

Love and Blessings,

ADDRESS BY BELOVED LANTO

Blessed and Beloved Ones:

I bow in reverence to your Light - that reverence which I have developed through so many ages recognizing the Power that is within the Immortal Three-fold Flame which is the heart of every individualized intelligence - no matter how low the soul has seemingly sunk in degradations of a temporary nature. Within that Light Principle, beloved ones, is every God Virtue, God Gift and God Power in the Universe because you cannot separate Life from God. GOD AND LIGHT ARE ONE!

We Who are in the God-free Estate; We Who have felt the fullness of Life expanding through Ourselves for Our own benefaction and that of all mankind, know that that same life is within the beating heart of everybody belonging to this evolution, and that Life is, in itself, not only

the redemptive process of discordantly qualified energy, but the expanding of the Precipitating Power of Perfection into this world of form.

There is no Ascended Master, Cosmic Being, Angel or chela anywhere throughout the Universe who does not honor the Gift of Life, knowing that it is part of the great Universal First Cause. Seeing the beautiful flow of that life with the inner sight, there is always a reverence and an acknowledgement to that life, even though the individual, through destructive use of free will, has not yet allowed life, through him or her, to find full and perfect expression.

Beloved ones, the gardeners and the farmers who prepare their plantings in the Autumn for the Spring, Summer, or next Autumn, have a reverence for the gift of life that is within seed and bulb as it is placed within the bosom of Virgo, there to remain until its proper time to come forth as a beautiful harvest. That is a reverence that We Who are the Spiritual Hierarchy to the Earth have for all life, the life in your hearts, as well as the life of all the masses who do not even know that We exist, do not know Our Names, or Our purpose, or Our Service. It is Our responsibility and obligation to give them the feeling of the power and the good that is within the life that beats their hearts that they may let loose that Power which is the God Power Almighty. Let loose that God Power! Allow It to resuscitate the flesh, clarify the mind, balance the feelings, and purify all the etheric bodies of the memories of the discord of the past.

What can do this for you? Only Life! My Life, given to Me of God, as I give it to you in worded expression, in radiation, and with as much conviction as I can anchor into your minds and your feeling worlds, is helping you to raise yourself

and your life energy which is one with My own; your life when, through Our radiation and proximity, We can convince you that within your own life is that infinite power that can transmute everything in your world that is less than perfection into the fullest Perfection of Divinity here and now.

Please, in the soft radiation that is drawn and manifesting in these Transmission Classes, accept the joy of having a beating heart within which is a current of energy which is the life given to you by God; the same life which Jesus, Whom you all honor, used by which He overcame even so-called death itself; by which He transfigured His human form; by which He performed every so-called miracle; and by which He stands yet, today, the Great Example of the proper use of life.

No different life flowed into Jesus than is flowing into you, beloved ones, It is all the same essence from the Universal First Cause - all released from God, the Father - the Cosmic "I AM" Presence. That life is the Gift of God Who has given individualization to you, to Me, to every Divine Being Who has been and Who will be in the future. That life is so precious. Tap the resource of all life - not through effort of human will, but by allowing that life, which is intelligent and responsive to your direction, to begin its expanding process through you - making all things right mentally, emotionally, etherically and physically while you still wear a flesh garment. It is sad indeed when We see so many of mankind in sore distress of their own human creations that they desire no longer to have the gift of life. There are Great Beings particularly concerned with the protection of individuals who come to that point of despondency lest, through

violence, they should shut off, temporarily, the flow of the greatest gift in the Universe - life itself - into their physical form, and not complete the magnificent manifestation for which they were created and sent into physical embodiment. Then they have to stand before the Karmic Board and make recompense for their refusal to accept and sustain the gift of life insofar and for so long as the God that made us, each and every one, desires us to serve on any plane or in any sphere in which we have become fitted to dwell.

Beloved ones, I have chosen to keep My own vehicle at the Royal Teton for a specific reason. I have such reverence for life itself, and I have such confidence in the power of life released constructively by the individual's free will to resuscitate the human form and make things right, that I want to keep that feeling in the physical atmosphere of Earth, and by so doing, I am remaining presently as Hierarch of this great Retreat.

The Beloved One Who has prepared Himself to be My Successor is acting tonight on My behalf at the Royal Teton. We have been very busy, as you know, since the fifteenth of the month, welcoming all of the Visitors from all the other Retreats - welcoming those Beloved Ones - Ascended Masters, Cosmic Beings and Angels, Who have come with petitions to present before the Karmic Board.

We have in attendance the beautiful Angel of the Scrolls, and We have available the Council Rooms which are open in order that the beloved friends who love the Light may present their scrolls and petitions, and those who have an affinity with one another's projects may counsel together in order to present to the Karmic Board the greatest possible unified request for benefactions for this Earth and all Earth's evolutions.

This year, beloved ones, there has come out of

the Great Silence, a Being Who will be of great benefit to you individually if you choose to call upon Him. You have heard the phrase often that 'order is Heaven's first Law'. This Being is the GOD OF DIVINE ORDER. ORDER in your personal affairs; ORDER in your emotional reactions; ORDER in your thinking facilities; ORDER in your physical world and surroundings - they are yours if you choose to invite Him. We know Him in Our Realm as the Beloved Principa, the God of Divine Order. Those of you who desire to be the forerunners who carry the Kingdom of Heaven to the people of Earth will want to represent Heaven's First Law which is Divine Order. Therefore, this Great Being has come forth for the first time since the laggards came and disorder began to manifest upon the planet Earth and its inner atmosphere. He has not returned until December 15, 1957, and He is now willing to give to you the assistance of His Directive Ray.

This Divine Order of which I speak is very important, and I want you to think upon it in regard to yourself. The Divine Order is that to which you aspire. You aspire to become one with Our Divine Order. That is an aspect of the Law which you have confirmed by your presence in the groups throughout the year. Next, to bring Divine Order into the chaotic conditions of the planet Earth at this time is to be a messenger of this Cosmic Being. Your measure of your own world will tell you quickly how much or how little you require of His assistance.

When you are faced with a specific project - whether it is a group project; whether it is a personal project connected with your home, your business, or your affairs, if you will invoke the great God Who represents Divine Order before you so much as raise a hand or even go through the

process of dressing, you will find that everything in that day, everything in that project, everything in that activity will move along smoothly in Divine Order, and each portion of your pattern and plan will mesh perfectly with the others.

This will do much for you in the control of your feelings particularly because your feeling nature will not have that sense of struggle. Let the Law and Lord of Divine Order merge into, through and around you, and into, through and around whatever activity or project upon which you are working. If you choose to, ask Him to start twenty-four hours before that project is to begin, and see how real and tangible such an One can be.

In the Higher Realms, beloved ones, everything follows Divine Order. You are entering into the Seventh Age, and the Seventh Ray is Ordered Service - ceremony in which Divine Order is acknowledged.

The great Sanat Kumara, the Regent; the great Gautama, the acting Lord of the World; the new Buddha; Beloved Jesus and Kuthumi as the new World Teachers; Our Lord Maha Chohan and the Chohans all act in wonderful reverence to the Divine Order of the Spiritual Hierarchy and the facets of specialized energy each one of these Beings represent and magnetize and draw forth. Divine Order is dignity in the person - that dignity which is reflected in your words, your thoughts, your actions, and your feelings.

Divine Order is essential in drawing the specific radiation of the Angelic Host or any of the Perfected Ones Who are desiring to give you assistance, or Who you desire to assist you in some special service because, Order being Heaven's First Law, all of the Angels and all of the Divine Beings serve in that premise. When They are

serving unascended beings, They can conserve more of Their energy if They do not have to create the pattern where one is already created in Divine Order.

For instance, if your service is to the Beloved Jesus, the Divine Pattern should be created from the very moment that every individual belonging to or connected with a group activity is cognizant that they are going to reverence Jesus, the Christ. From the time that the platform is magnetized; from the time the Leader begins the service, all is builded in Divine Order around the great Officiant, Who in this case would be Beloved Jesus. Therefore, the more of the Light, radiation, visualizations, songs and thoughts of Jesus that can be drawn by the Leader and by those in the group into the Forcefield, the greater the radiation of the Master Jesus and the Angels from His Temple when it is His opportunity to give the blessing to you.

All of the energies you release are very beautiful, and give a great blessing to life, but the Ascended Master Who is giving the Address must wait until the moment when the attention of the congregation turns toward that One. At that moment, the Angels begin, through Divine Order, to form the pattern of the class, and the radiation and grace is prepared for the Ascended Master's blessing.

As you are interested in becoming; and as you are destined to become teachers of many people, remember to follow the pattern of Divine Order in your ceremonial worship. That is not only necessarily true in group activity; it can be true of your daily activities. There are some of you who devote your attention to one Master every day - not necessarily the same Master - but for a twenty-four hour period you devote yourself to

being a Cup for the radiation of that Ascended Master.

In your case, as individuals, if you will begin your day, after your attention goes to your "I AM" Presence, by sending a thought to that Ascended Master, and then fashion your day - your reading, your words, your activities as closely as you can to that Master's Personage, you will receive a tremendously greater release from such an One than if you scatter your energy all around to all the Hierarchy of Heaven. We know that it is your earnestness, beloved ones, and your interest in the various Members of the Spiritual Hierarchy which causes you, from time to time, to so scatter your energy. You see, the Beloved Master Morya and Saint Germain, drawing back the human veil further and further, have given to you on the screen of life more and more of an understanding of the various Ascended Masters, Cosmic Beings, Angels and Devas. This has increased your interest in Them and naturally your attention. You feel, perhaps, disloyal if you do not cover the entire spectrum of the Spiritual Hierarchy within your adoration. You can easily remedy this, beloved ones, by sending your attention to the "I AM" Presence and then the Great White Brotherhood and every Being Who comprises it. Then specialize your devotions on your Master or Angel and see if you will not find that that will assist you in Ordered Service.

This Ordered Service is learning to consciously qualify your energies, and it will be of assistance to you in the most mundane activities of life, as well as the most Celestial ones.

Beloved ones, on the other side of the veil, millions are begging to come into embodiment, and yet you here who have physical vehicles must become more and more cognizant of the magnificent

opportunity you have in life itself on the Earth plane, and in using that life constructively.

From the Great Rocky Mountain Retreat, your Sponsor for the month is a lovely Lady, and because your Cherubim return Home tonight for Their surcease and rest, We have asked that your Sponsor from Our Retreat stay in your auras during the entire time while your Cherubim are at Home. In this way you will not feel a sense of loss in the freeing of these blessed Beings Who will return to you on Christmas Eve, December 24, 1957. They are all happy! They have all come here tonight and They are enjoying Their release, and yet They will all return to you with renewed interest and renewed Love, and They are bringing back to you, individually, the specific gift which will be an active feeling in your world which I know you will enjoy for the year 1958 - particularly as it is the year dedicated to the Angels. In the year of 1958, the great Angelic Host shall have active expression in the world of form. Please accept your Sponsors, and I will give into Their keeping that consciousness of Reverence for Life. They have been trained in Our Retreat for many years, and I will also give into Their consciousness, for your acceptance, a desire to have Order in your world and affairs.

You will be surprised, beloved ones, when a lot of thought forms that have cluttered up your minds are removed through this Divine Order, and how much easier it will be for you to concentrate. You will be surprised that the emotions that have filled you from time to time, which are not of God-intent, are removed in Divine Order so that your own Holy Christ Flame can expand through you. How much that service will assist you in your endeavors! Enjoy the gift of your Beloved Sponsor and Myself.

You are very familiar with the magnificent Teton. Many of you came with the Beloved Master Morya to the very vicinity of the Grand Teton Range, rising like great fingers of life out of the plains of the Wyoming Rockies. Some of you have seen it only in picture form. All of you have been within it many, many times. I have been your Host before, and I shall be your Host - God-willing - until the strain and stress of Earth is over; Her axis is straightened; and you are all happy people - people that love life.

Inside the magnificent Teton, there is the great central chamber. The Altar has been woven all around with white, green and golden flowers in honor of the Beloved Sponsors of 1958. We have endeavored to give Them preference and honor by allowing Them to take Their places on the Altar. The green Precipitation Flame burns upon this Altar. The Cosmic Beings and the Ascended Masters are seated in the central room; the seven ante-chambers are open and the beautiful mesh curtains with the Archangels and Archaii upon them are pulled back so that the chelas of the various Chohans can be in the Retreat itself.

The Builders of Form are already creating the seats for the Karmic Board. They will be crystal for Beloved Gabriel and Hope; and they will be studded with green Emeralds representing Beloved Vista and Crystal.

Sanat Kumara is attending a Festival on Venus and is not with Us this evening. We have, therefore, acting for Him, the new Buddha, as the Great Lord Gautama, unless otherwise requested, renders His Service almost constantly in the activity of radiation itself.

The activity over the Teton, as usual created by the Builders of Form, is filled with the disembodied, the sleepers, the individuals released

from the former Compound, and those whose bodies are sleeping who themselves are not cognizant of the activities that take place within the Teton.

We were very pleased, and I know you will be too, to know that three of the individuals just recently released from the former Compound brought petitions to the Teton, and that those petitions were given to the Angel of the Scrolls. Those petitions were found so efficacious that they have been accepted by the Ascended Master Serapis Bey and will be part of His Petition on New Year's Eve. That is quite a magnificent thing, beloved ones, when you think that those people wanted no part in helping the evolutions of this Earth, and yet now they are willing and eager to cooperate in the evolution of the planet.

Also for thirty days from December 15th to January 14th, the Great Beings Who are moving the axis have stopped that motion. There is a cosmic significance for this, and in order to avoid unnecessary cataclysmic activities, it will not move again until the 15th of January. This is for the protection of the people and the elemental life.

The harvest of the Angels was very great. The harvest of the Elementals, as you know, was small due to the effluvia in mankind's aura that made it impossible for them to manifest their full produce. Through your calls and by your interest in amplifying their harvest, they were able to make up at inner levels for the small harvest in the physical appearance world. Etherically you have never seen such beautiful flowers and grass and harvest in every one of the spheres at inner levels than those little Elementals produced where they had more Freedom. They had to get that completed by the end of October, 1957.

Many disembodied individuals (not ascended and

not interested in Ascended Beings) are living in some particular Heaven to which the Karmic Board has sent them which is akin to their own consciousness. It was amusing to see these individuals, who have very orthodox ideas, questioning the magnificent lawns and flowers that sprang up all about them, which was a gift of the Elementals to them personally, though they knew nothing of it. So the Elemental harvest was brought up to par, and they are very much happier than they were when Lord Michael had to soothe them at the time when their yearly harvest was poor.

At the Teton, We are entertaining the Beloved Helios and Vesta, and I am hoping that, before the end of the Seven Sacred Weeks, We shall have all of the Sun Gods, Alpha and Omega, Osiris and Isis, Apollo and Diana, Krishna and Sophia, Helios and Vesta, as well as the Sun Gods of the Systems below that to which Earth belongs.

Please visualize the magnificent Chinese green Flame of Precipitation. Visualize that in the center of the Altar in the heart of the Royal Teton, and realize that you are a part of that Power of Precipitation because you have life and a beating heart. Thus you will help Us as We endeavor to direct the Flame throughout the entire world giving a feeling of Reverence for Life, a desire for Ordered Service, a feeling of Gratitude for the gift of life, a removal from every embodied lifestream and all who come here in the future of any desire to take life - their own or any others, through violence or subtly through vampire activity, and then that joyous consciousness that life, in itself, can and does, when given an opportunity, expand perfection in every sphere.

The Green Flame is in the center of the Altar; the white lilies, the green vines, and the golden lotus are woven into the golden wire around it.

The Beloved Gabriel and Hope, Beloved Vista and Crystal are on the Altar and, acting for Myself, the Beloved Being Who has qualified to be My Successor - Whom some of you know as Confucius, and Who is wearing Chinese green at this moment, is rendering the service of Host while I am here with you.

Please accept Our reality; please let your Cherubim go Home happily. They will go on the first breath (at the Transmission Class - December 21, 1957) back to the Heart of God, but will all return. They carry your Love to God and to all the Divine Beings at inner levels, and They will carry back to you from God and these Divine Beings Their Gifts of Life.

Now, so that I may join My own Beloved Members of the Teton, I will bid you adieu for the evening until you put your bodies to sleep for the night and come out to Us in person.

Please feel free to use Our Council Chambers; make your petitions; and use every facility that is Ours to offer during this thirty day period (December 15, 1957 to January 14, 1958).

If you think that I have anything to offer you in the way of Understanding, invite Me, or come to Me at the Teton. I have a lovely room. I must confess to you that although I have given up the Orient as My abode for the Occident, My private room is most Oriental but very comfortable, and you are welcome to enter in. I think you will love the deep yellow rug, the beautiful green drapery, and the soft comfortable chairs, and some of the lovely ivory carvings which have been carved by My chelas - taking a whole lifetime to do just a fan. Sometimes a whole family for generations combine their energies to create the carvings in one chair - several of which I have in this room. I would like you to place your hands in those

grooves and feel the love of those dedicated beings. My reverence for life is so great that I brought those objects with Me, as well as many more interesting ones.

To Me, My life in China and in the East was so happy, and I am sure it is interesting to you, too, most of you having lived in China in her glory. Often Kwan Yin is with Me there, and the Beloved Confucius, Beloved Fun Wey, and all Those Who have particularly Oriental backgrounds. In this respect, I think you will find Us comforting. We are wonderful listeners. It is an Oriental custom. God bless you.

Beloved Students of Light:

From the beginning of time, as you trace the course of evolution, you will see that the men and women who have been instruments of God's Will had to invoke all the powers and capacities of their own lifestreams in order to manifest that Will against the pressure and currents and opinions of the entire human race, proving that something must be done consciously by the individual God Flame in order to precipitate the God Idea into form.

The God Perfection of the Universe does not manifest independently of the conscious cooperation of some self-conscious God Focus; contrary to popular opinion that 'God's Will' is an automatic precipitation from the Universal.

We find that some part of God's Life must be interested enough in turning Godward to find His Desire and Design, and then, through the instruments of his own faculties of thought and feeling, mould into the substance of the Third Dimensional Plane that Design of Perfection.

Those students who love enough will raise their thought into that plane of Creative Activity where the Will of God is manifest, and then through the control, purification, and concentration of their own mental and feeling worlds, precipitate the God Will into manifestation. God does not act independently of the consciousness of mankind, but He acts constantly through that consciousness wherever He can see an opening into which He may plant the seed of His Desire and Design, hoping

it will be nourished, sustained and expanded by the self-conscious endeavor of those who love Him.

You, beloved ones, who have come to a place where you are training your thought processes to receive the direction of God's Will, and then training the great power of your FEELING world to nourish the thought idea, will come, before long, into a mastery which will not only free you from dependence upon externals, but make you a tremendous instrument by which the Kingdom of Heaven, which has waited too long for manifestation, can find expression here on Earth.

When the thought comes to your mind to do anything in the way of action, your body does not proceed until you FEEL like executing the thought. The thought remains a vague idea in the unformed until the pressure of your FEELING motivates the thought and you proceed upon your course. Thus, all ideas remain unmanifest until the feeling nature of the individual animates and gives life to that idea.

All adjustments for human beings act within the FEELING NATURE and motivate the lifestream into various activities which are called service.

If you will ask the Ascended Master Jesus, or any of the Ascended Beings, to direct a beam of Light into your feeling world, and send over that beam, Their feeling of Love for God, you will find a transfusion of God-feeling into your own feeling world which will be an amazing and happy experience.

Beloved Children of My Heart:

It is well to give Gratitude, with contrite hearts, to the Lords of Karma as We enter the New Year, and to pray that the Keynote of the Year may abide in your hearts and direct your destinies, thus making each student a radiating center for good in the future.

For, as the Old Year closes, the Lords of Karma, in Their Mercy, wipe out every possible error made by the outer consciousness that does not require the return of a definite effect for the SOUL-ILLUMINATION of the individual.

In the course of a year, many errors occur whose return effects would be unpleasant but the discordant reaction of which would not assist in the illumination of the soul who set up the cause and in some manner broke the Law of Love. This great gross karma, from the beginning of time, has been wiped clean at the close of every twelve-month period, so that mankind (shackled by the effects of centuries of karma) might not have the added barnacles of confused energy which would serve no purpose in its return. So these Great Beings may be rightly called Lords of Mercy and of Light.

If a child or an animal, for instance, makes an error of judgment and is corrected, the punishment is not continued beyond the point where understanding of the error has entered the consciousness of the offending one and thus assuring the correcting intelligence that the error will not occur again. This is the purpose of all karma.

There are, in the course of each twelve-month period, countless tons of energy that have gone forth imperfectly qualified, but which people have regretted, and have known in their hearts to be acts not worthy of their Light. This recognition of error on the part of the outer consciousness is not always accompanied by a sincere regret on the part of the individual with the hope that repetition will not occur, so that discordant energy is placed upon the Sacrificial Altar to be consumed at the end of the year or the twelve-month period.

Since the advent of the Violet Transmuting Flame and Ray, the karma thus removed has been increased and intensified a millionfold, and it is a time for a prayer of thanksgiving that the soul of man stands at the end of his cycle of twelve months shorn of so much error through God's Mercy.

So, dear ones, go forward gratefully and courageously upon this good year of 1958, knowing that you have Our Love, Guidance, Gratitude and Blessings.

Beloved Children of My Heart:

In this Bulletin, I present to you a portion of the Address given by Mary, the Beloved Mother of Jesus, on the evening of the Transmission Flame Class, January 18, 1958. The remainder of this Address will come to you in your next Bulletin. I decree that Beloved Mary's and Jesus' feeling and full-gathered Cosmic Momentum of the joyous use of the Resurrection Flame be yours NOW!

Love and Blessings,

MAHA CHOHAN

ADDRESS BY BELOVED MARY, MOTHER OF JESUS

Beloved and Blessed Friends of Light:

I come to invite you, during this entire thirty-day period (January 15th to February 14th, 1958) into the Temple of the Resurrection which it is My honor, as well as that of My Beloved Son, Jesus, to guard, protect, sustain, and expand.

As you know, the Resurrection Flame Itself is opalescent in color. The Resurrection Temple is builded in circular corridors, so that the advancing consciousness of individuals may each be received within the corridor wherein their own vibratory action is most receptive to the power of radiation and pressure of the Resurrection

Flame. In the Holy of Holies, which is in the very center of the Temple, wherein the actual Flame abides, the Ascended Masters, Cosmic Beings, Angelic Hosts and all the Divine Ones may safely look upon and feel the magnificent pulsation of this Flame.

In the outer corridors, chelas, and sometimes unascended lifestreams interested in resurrecting the good that is within life, are allowed to feel the stepped-down momentum of radiation and to comprehend, through the feeling world, the mind, the etheric consciousness, and sometimes even the flesh form, that vibratory action of the Resurrection Flame which is most nearly akin to their own vibratory action. This is the Mercy of Life - the stepping down of the higher and more subtle vibrations which fill the higher atmosphere, for instance, of the Great Central Sun, through the kind offices of Helios and Vesta, to a point where the radiation through the physical Sun may be of benefaction to the mankind of this planet and all the planets of the System.

The stepping down or the lowering of the rate of vibratory action of any blessing or benefaction is under the control of Beings Who keep that vibratory action always harmonious and constructive. This activity is in no way to be confused with the lowered vibration which is caused by the destructive use of free will of unascended beings.

You may have in music, in prayer, in visualization or decrees, a powerful vibratory action that is not too rapid, yet which is wholly constructive and harmonious, as well as that is of a very rapid tempo and which is builded through the combined endeavors of a group of individuals who, throughout the years, and some throughout the centuries, have accelerated the rate of that vibration.

We in the Resurrection Temple are very honored to be the first chosen by the new Lord of the World to have permission to allow the Resurrection Flame to pass through the emotional, mental, etheric, and physical consciousness of mankind. We are honored to have the Presence of the great Sponsors for the year - the Beloved Elohim Vista, Whose activity is Healing, and Who serves so closely with Raphael and Myself on the Fifth Ray to direct the Healing Currents down to a point where they may be accepted and utilized by the lifestreams of those who require and accept them also. His Divine Complement, Beloved Crystal, Whose magnificent Grace and Healing Essence is a substance as practically usable as water, assists Him. This substance may be drawn in, through and around your four lower bodies at will.

In the privacy of your rooms, you may raise your hands to these Beings and draw this substance, or in the ordinary course of your daily lives in the outer world, just raise your consciousness to Them. Feel that substance just washing away accumulations - emotional, mental, etheric, and physical - that are not the fullness of the Perfection which you desire and should express.

We are also the Host and Hostess of the Beloved Gabriel. Gabriel was My Friend through so many of the trying times of My own Earth life. It was He Who helped Me to hold the Immaculate Concept for the Master Jesus, and Who helped me all through the trying years to refrain from accepting any limiting human appearances. He and His Fellow-Archangels assisted both Joseph (your Beloved Saint Germain) and Myself in the many experiences which We had to pass through, using all the intuitive power that We had developed to encourage and sustain Us in Our service to Jesus and all mankind. Lord Gabriel and I are close Friends,

deeply united through centuries of activity and service. The Beloved Being, Hope, Whose assistance is so essentially required by the peoples of Earth at this time, Her radiation being that of buoyancy; of expectancy of Good; a radiation of upliftment in the feeling world and the mind particularly, is assisting Her Divine Complement, Gabriel, in this service.

As the Transmission Flame Classes gather together throughout the entire Earth and breathe in the Powers of the Resurrection Flame, they, in turn, breath It out through the four lower planes so that the entire Earth's evolution, all unascended beings (that includes all elemental life and all imprisoned life everywhere) are the beneficiaries of that resurrecting power.

Remember when you use the phrase: "I AM" the Resurrection and the Life", to follow it with a constructive and positive statement because it is a tremendous power. All unascended beings have resurrected many unpleasant experiences from the past - memories of discordant contacts with other human beings - and so forth and so on. Therefore, it is wise to complete your statement such as: "I AM" the Resurrection and the Life of all the Glory and the Good which I knew with the Father even before this world was!" That sets into motion the resurrecting of those Divine Powers and the remembrance that lies within your etheric bodies of Good, giving life to them rather than giving life, body, substance and power to unpleasantness of any kind. If you will please remember this, you can resurrect those powers for Good. You can become a living witness for the Ascended Masters' miracles that have taken place through the ages when you, too, wore flesh bodies, and through some Avatar or great Master, you actually saw the transmutation of distress into Perfection.

I am such a witness for the power of the Resurrection and Life of Perfection through a flesh body such as you wear today. As you know, I was with My Son on Golgotha's Hill. I knew, as the spear pierced His side and His physical vehicle was, to all outer appearances, made incapable for further use by the Holy Christ Self, that it was the choice of the Beloved Jesus to use one of two Flames - the Ascension Flame which would have set Him free, or the Resurrection Flame which would resuscitate that broken body.

During the time after Beloved John walked with Me from that hillside of sorrow when I spent some time in meditative prayer alone, I did so pray that in the renouncing of the Ascension Flame for just a little while, that the Beloved Jesus would accept the use and power of the Resurrection Flame, resuscitating His physical vehicle so that not only I, but others, the disciples, the fearful, those who had fled from the Cross broken in heart and, more important, disillusioned in soul and spirit, might see again their living breathing Master and Teacher Whom they loved and trusted.

As the decision weighed in the balance, as the Beloved Lord Maha Chohan, the Beloved Gabriel, the Beloved Saint Germain and Myself, and Beloved John, particularly, waited for that free will choice, We all called with all the powers of Our beings that Jesus' affirmation in Gethsemane's Garden when He said: "Thy Will be done!" would again be affirmed through His free will choice and He, drawing that Resurrection Flame through His own Body, might burst the bonds of so-called death and stand forth as a witness of the Power of the Resurrection to all who looked upon him.

As I have told you before, I was one of the first to Whom He came after His Resurrection, and the tears did roll down My face as I saw that He

had accepted the Gift of the Resurrection Flame and resuscitated that physical vehicle upon which were yet the marks of the stigmata in His hands, blessed feet and side so that He might, in a body similar to the one known by the disciples and His followers, be a living witness of the Victory over so-called death.

Then came My choice when He said to Me: "You, too, Beloved Mother, may take the Path of the Ascension when, after a few days here on Earth, I shall accept My Ascension on Bethany's Hill." I said: "No, I shall remain so long as I am required to serve here!" Myself, I used the Resurrection Flame and all the Gifts and Power of Gabriel and Hope during that long period (50 years) while the Christian Dispensation was being established.

I was one Witness of a Resurrected Form - a Form from which life had apparently fled - which was re-animated and re-inhabited by the same consciousness that had left it on Good Friday; A Form that walked into the presence of the disciples and followers and gave them proof of His Resurrection; a Form, dearly beloved, Who walked up Bethany's Hill with the Light shining through that magnificent vehicle until it was transmuted entirely into Light; and He became, and still remains, The Ascended Jesus Christ Presence living and breathing to serve all life that is in distress.

One must be careful of witnesses. Even here on Earth you measure a man before you take his word as witness. If he is reliable, honest and sincere in motive; if he is without guile; if he is mentally alert and capable, you can accept that word as witness. It is equally true when you deal with those unseen powers and forces that endeavor to influence mankind. When I say that

I bear witness to the Freedom and Victory in the Ascension of the Beloved Jesus, I ask that you, through the power of spiritual contagion, may become like witnesses, and the people looking upon you shall know that the words you speak are confirmed by your feeling of acceptance and your manifest expression of the reality of Perfection and the Resurrection and the Life of every dormant God Power that is within your consciousness and which is yours to use to help alleviate the distresses of the people of the Earth and all imprisoned life.

You have not come to Earth merely to fulfill a karmic span. You who are the shepherds of the race have come to Earth to redeem, restore, resuscitate, and resurrect Her and bring the Earth again into the pristine Purity and Perfection which She knew when She was first created by the Seven Elohim with the assistance of the Directors of Nature and the Builders of Form; when the Angels walked and talked with mankind and there was no contamination known. That is the Divine Pattern and Plan for this Earth, beloved ones. The Divine Fiat is never denied, and so those of you interested in serving the God Who made you are given an opportunity of being a part of this redemptive process, and I cannot urge you too strongly to use the powers of the Resurrection Flame on every appearance of distress - resurrecting the life within it to its perfect God Estate.

Remember, beloved ones, every human appearance, even the mass entities of war, disease, limitation and distress are made up of intelligent life. That life - infinitesimal tiny electrons all gathered together forming these mass entities - desires to be set free. It desires to be resurrected from the shroud which the thoughts, feelings, words and actions of the people who use

and have used the Earth as a schoolroom have created around it. It is your privilege to call for that Infinite Power of the Resurrection Flame to resurrect the natural life and buoyancy, hope and perfection in every electron that belongs to this Earth and to this planetary system. These calls will act in the invisible as well as the visible realms because intelligence within imprisoned life will respond to the positive decree or fiat for the Resurrection and Life of the full Perfection of the Divine Plan which the Father, God, created in the beginning. It has only temporarily been changed by destructive use of free will and the misuse of life.

To this end, We of the Spiritual Hierarchy have devoted, and are devoting, Our lives, Our time, and Our services. To this end We endeavor to pierce through the veil of maya and reach the consciousness of any and all lifestreams who wish to participate in the redemption of the Earth and its evolutions. You can most easily do so while your Sponsor is active this month (Who is a Gentleman assigned to you from the Resurrection Temple) while the particular Flame and Ray of that Temple is in action.

Therefore, at this time while the Resurrection Flame is active, while the Beloved Vista and Crystal, Gabriel and Hope, Jesus and Myself and your Sponsor are giving the assistance of Their Flames and Rays, please ask for the Resurrection and the Life of all the good in your lifestream, from the very first instant that you were created as a Spirit Spark and drew forth the Light that created your White Fire Body. Call for the Resurrection and the Life of the dormant talents, gifts and powers that are within your Causal Body. Always end your invocations to the Resurrection Flame with a call for Its POSITIVE USE.

All over the world, of course, many peoples and chelas are cognizant of the opening of the Resurrection Temple. We have been having visitors for some time now. The activity this evening will be under the direction of the Beloved Gabriel, the Archangel, Who holds the Immaculate Concept for every unascended being as well as for the planet Earth. He will be assisted by His Divine Complement, the Blessed Hope.

The amphitheatre is created over Asia Minor particularly, covering Europe and the Near East, and that entire area will be blessed by the radiation as It pours forth. From every sphere, those who are able to receive from the powers of the Resurrection Flame will do so. From the former Compound and the Sleepers' Realm individuals will be drawn, as well as the disembodied individuals who are interested in the powers of life.

It has been My petition that I have the opportunity to bring the children - all those who will be born in the year 1958, to the Resurrection Temple this evening. We have a special section of the seventh, or outer corridor, set aside for these incoming souls, so that they may receive the power to resurrect all the good in their lifestreams firmly anchoring those positive God Qualities into them before they come in through the gates of birth during the year of 1958.

Beloved Children of God:

How I love you! Having for so many centuries, utilized the Resurrection Flame Myself through the Kingdom of Nature, I do decree that you blessed chelas will accept Its Power and efficacy to act in your own minds, bodies, worlds and affairs.

Love and Blessings,

MAHA CHOHAN

ADDRESS BY BELOVED MARY, MOTHER OF JESUS
(concluded)

Your etheric garments, beloved ones, are most interesting. They interpenetrate the physical form. In those etheric bodies is written every experience that you have ever had since you began your individualization. It is the endeavor of the Beloved Ascended Master Saint Germain and all the Beings directly connected with the activities of the Violet Ray to remove the cause, effect, record and memory of etheric experiences which were imperfect. It is the endeavor of Those of Us Who serve in the Resurrection Temple to resuscitate for you the Divine Memory of your happy lives on the planet from whence you came as Guardian Spirits; your experiences in the various Ascended Masters' Temples while your bodies sleep at night;

and the joy that you had during the long course of your Earth life when you had a close association with some Master Being.

This gives a tremendous positive conviction to your outer mind, and will give a great impetus to you as a teacher of those who are skeptical, fearful, and doubtful.

Before you go to sleep at night, if you will be so kind as to just shake your etheric garment (as you would shake a dress you had worn all day) free of all its accumulation into the Violet Fire. As you do so, feel that Violet Fire blaze up through it. Then ask that your etheric garment be as pure as possible as you go to the Resurrection Temple in the company of your Sponsor, and that there may be impressed upon you the wonderful teachings of the various Members of the Ascended and Angelic Host, so that you may bring back into your outer consciousness when you awaken in the morning, the memory of those instructions for use in your own world as well as that of your fellow man.

Your etheric body is the vehicle in which you travel most of the time. It is most closely connected with your physical vehicle - actually interpenetrating it. Therefore, the more purified the etheric body is, and the more sensitive it is to Divinity, the easier it is, when the etheric body slips back into and around the physical body, to remember the Divine Truths and the happy experiences that take place at inner levels. I do ask you to make that special application at this time until your etheric body is as white as snow; as pure and free of the scars and remembrance of discordant past experiences as possible. Then you will know the joy of being in the Presence of the Divine Ones and bringing that association back with you into the world of form.

You have made some application on the REMOVAL OF ALL PAIN. Let Me remind you, beloved ones, that the CAUSE and CORE, which is invisible for the most part, and which manifests as pain, is the activity to which you should direct your attention. If you will be so kind when you use such an application, to call to Beloved Astrea to lock Her Circle and Sword of Blue Flame around the CAUSE and CORE of all pain, it will help much. There are many individuals on Earth today who feel no pain; for instance, those who are afflicted with leprosy. Pain, in itself, is a signal and a Mercy given by life to let the consciousness know when something must be set into order that is out of line. It is just like the ringing of a bell. When the CAUSE and CORE of the distress is removed at inner levels, of course, the EFFECT (pain) will no longer be required or experienced by any individual on the Earth.

As an example, an alarm bell is placed in a bank for the protection of the proceeds. That bell is a safety guard when people with bad intent try to rob that bank. The ringing of that bell calls the proper authorities who give the assistance required in regaining the properties taken by other individuals. That is the purpose of pain in the physical body. It is just the bell of warning to the outer consciousness that at inner levels there is a CAUSE and CORE of distress that must be removed. If the police did not listen to the burglar alarm when it was rung, or if the wire of the bell were cut in the bank, the culprits would escape. Just to remove actual pain would be like cutting the bell that is the protective activity for the bank. The bell and the pain are the protective activities by which the intelligence knows that assistance is required instantly.

We in the Ascended Masters' Realm will respond, and have through the ages, to any and all who require such assistance. We wish you to be intelligent upon any subject with which you deal. Of course, My service is primarily concerned with Divine Healings which come as a result of removing the Cause and Core of distress, particularly the distresses for which there is no known outer palliative, or restorative power to Perfection.

I serve closely with the Beloved Hilarion, with the scientists, men of research, the nurses and all those who do alleviate the distresses of mankind, and as quickly as possible, endeavor to inspire those dedicated men and women with the ways and means of helping to undo the destructive karma of the race.

These activities are all described during the presence of any one of you at the Resurrection Temple. We have Teachers in every one of the corridors. Those Teachers are provided - qualified to treat a certain type of consciousness. You and your Sponsor will quickly go to that corridor which is akin to the type of consciousness you can receive because like attracts like above as well as here below.

During this thirty-day period (January 15th to February 14th, 1958) We are having magnificent manifestations on a certain type of screen, something like your motion pictures, where We show the activity of the Angelic Host and how They can and do assist mankind. These beautiful pictures will come forth in the physical appearance world in the future, as soon as responsive lifestreams are raised up to prepare the very delicate mechanism to give you third and fourth dimensional activities.

Again I say to you - welcome to the Resurrection Temple; welcome to My Presence; welcome to the use of the Power and Activities of the Resurrection Flame and Ray. I ask, in the Name of all that is Good and Holy, that you prepare yourself to be a witness to the Power and functions of this Flame among the sons and daughters of men.

Thank you; and God bless you.

MOTHER MARY

My Beloved Children:

In rendering service, the intelligent chela will very wisely contact the Holy Christ Self of the lifestream whom he desires to serve. If mankind, and particularly students, would endeavor to cooperate with the Holy Christ Self of other people in their endeavors to serve that lifestream, a full ninety percent of the mistaken kindnesses that interfere with the proper evolution of that life could be avoided.

When you ask the Holy Christ Self of an individual to help you to make the proper petition to the Ascended Masters, you open a door for a PERMANENT HEALING, and as surely as the light goes on when you turn the switch, will you get the impression, picture and direction which will enter your own mind and feeling world and prepare you to enter the Cosmic Library with humility born of God-direction as well as with Wisdom, and the resultant God Flame you draw will not only have the strength of your power of intuition, but that of the Holy Christ Self of the other person as well.

If you can interest several people in giving you their added Power of Invocation, your Flame will likewise be increased. Please do not endeavor to interest anybody else until you have mastered the technique yourself, for remember, talking about unaccomplished spiritual exercises practically neutralizes their entire effect.

This again comes under the service with regard to calling forth the Flames of Gratitude, Reception, Humility, and Open-mindedness. There are specific Divine Beings Who have been prepared

for centuries to give this service, so to invoke those Flames and direct them cosmically will, I repeat, be one of the most powerful ways that any student can serve the race and help to manifest that Perfection which is to come.

Some students appear to be in doubt as to whether it is best, in calling for healing, to call upon one Ascended Master or to the whole group of Ascended Masters. This is an important point. When an individual applies for a Flame of Healing, or Purity, or Peace; he has full Freedom to go directly to one Ascended Master or to the Universal Cosmic Storehouse where there is a full-gathered Cosmic Momentum of all the Powers of God, and the Flames so invoked will then be a composite Flame made up of the Ascended Lifestreams belonging to that particular Cause. The only danger could be, I say, in calling to the Universal "I AM" Presence before one has experimented a little through cooperating with one Ascended Master, is that it is very difficult to grasp the Cosmic Services of an unlimited group of Beings and crystallize them into the human consciousness as quickly as one can an individual Being. This results in a blurred picture, and the positive impression, radiation and assistance which you will get when you tune in to one Ascended Master and see Him doing His work is fifty percent of the necessary enthusiasm behind the exercise. Once you have mastered that technique, then the Great Central Sun is the Zenith of your present activities.

Persevere, dear hearts, upon the Spiritual Pathway, and know that "I AM" with you all the way. Learn to know, to love, and to serve ONE Divine Being, and then you will be capable of knowing, loving, and serving Us all!

Love and Blessings, MAHA CHOHAN

Beloved Wayfarers on the Spiritual Path:

Today all humanity is trying to find Peace. The Temple of Peace stands in the heart of a lovely woodland. Travelling here does not even tax the energy of the unskilled by requiring the motivation of the physical body. You enter a grove of beautiful trees which form a green aviary through which the sun shines so freely and makes a mystic water-green light. The long slender tree trunks are bare of branches for a considerable height, and there is no undergrowth, so that one may walk freely in any direction and need not follow a specific or prepared path. It is one of the joys here that every man can make his own path, and that each individual is not required to follow along someone else's predestined pattern, but may choose his own beauty, his own green pastures and still waters for enjoyment and contemplation. To the methodical western mind, it is often both aggravating and distressing to enter such an impersonal forest and to be allowed to find one's own way to its heart. The eastern mind, however, is not in a hurry. Dear hearts, this is symbolic of the Mystic Path to Peace. If it is not a remembered journey, then the absence of direction allows the seeker to design his own way back Home.

You stand on the fringe of this sea-green forest and know that somewhere in the center is the Palace of Peace. Your eyes can take in the fact that there seem miles of untracked woodland, and you are seemingly alone. The heart, contrary

to human opinion, need not be in the center of that natural canopy of living green in which the birds sing so freely. Here is the joy of the experience. Shall I leave you to circle its periphery?

To approach by compass into its heart; to walk, enjoying the moment where the spirit listeth with the heart desire; to find the center in good time; this can be your meditation; and you can endeavor in so many ways to enjoy the beauty of this lovely place. Always remember, however, that according to your sincerity of motive and desire to find Peace, there are unseen Guides (Ascended Ones) to help you to the center of the forest and into the Temple of Peace.

I shall not take you through the forest Myself unless you ask Me to, but I shall describe for you the Temple of Peace because your presence in this lovely woodland must be a happy experience in which you can find relaxation, freedom to explore its beauty, and tremendous inner Peace.

You will FEEL it before you can see it. When you touch the very fringe of its aura, you will be tempted to sink down on the Earth and sleep. This is good. It is perhaps arranged so; for when man awakens from sleep he is acceptable, if the awakening comes without pressure of duty or time.

You will come upon it suddenly, for there is a gentle rise of the entire surrounding woodland which forms a collar around the hill where the Temple merges so gently with the forest as to seem a part of it. A Palace, you say, made of the wood of the tree and the green of the foliage? Yes, a veritable Palace of Peace! It is so unobtrusive that only the discerning can perceive its perfection. Being so much of the manifestation of the Holy Spirit, it has always been one of the dearest places to Me. There is no sound

there. It is a silent Temple. I invite you, each one, to come and visit with Me there often and I assure you, dear hearts, that the clamor and tumult of outer living will henceforth find no rent in the armor of your Inner Peade.

Love and Blessings,

MAHA CHOHAN

Deep! Oh, deep - I now abide
Deep within the Flame inside -
One with Thee - my Holy Guide;
One with Thee - whate'er betide!
Still! Oh, still I now become -
Blending gently with the 'ONE';
One with Thee Victorious One;
One with Thee - forever ONE!

Rest we now in Silence sweet
In Thy peaceful Love Retreat;
Heart and head and hand now meet -
One with Thee, in Peace we greet!
Resting now in Peace serene,
Love comes now upon the scene -
Peace and Love - a gentle stream -
One with Thee in Peace serene.

Peaceful Palace on the hill;
Peaceful Silence - oh, how still!
Peace and Love - this is God's Will;
One with Thee - all now - all still.
Thanks and praise, O Peace Divine;
Peaceful Presence - Love sublime;
Hold me! Hold me! Ever Thine;
One with Thee in Peace Divine!

Beloved Wayfarers on the Spiritual Path:

When you understand that all beings, human and Divine, are conscious thinking and feeling individuals, it will give you a sense of kinship with a service which mankind is so prone to consider the natural course of things provided by God, in His Mercy, for the guidance and protection of (for the most part) an unwilling and unconscious race.

We Who have chosen to remain a part of the affairs, atmosphere, and activities of human beings, have done so of Our own free will - at a great price. The service that We render is entirely voluntary. As much or as little of the Blessing that We give comes through the choice of Our own Heart's Love. When mankind understands this, perhaps they will not feel that they are honoring Us so greatly in accepting Our Presence and endeavoring, in even a small measure, to understand Our Purpose and Service.

Those of you, dear hearts, who are coming close into the bonds of the Great White Brotherhood, which was established and is maintained through Love, will better feel your nearness to Our Hearts when you know that We, too, like you, only in a larger capacity, are rendering voluntary service with the hope of pleasing the Father of all Light and Life, and are raising Our brothers and sisters into an understanding of their true relationship to the Universe and its Divine Plan.

There are many of Us in the Ascended Masters' Realm Who have passed this initiation and have

remained to hold the Offices which will be assumed in the future by other members of the race. We sincerely encourage you, Our friends of Earth, to think of Us in terms of People - with extraordinary powers, true, but let not those powers so separate Us that We cease to be intelligent feeling Consciousnesses, because in this is Our closeness, Our association, and Our Brotherhood.

In all endeavors, if you can sense Our nearness, as People Who have foresworn Heaven for the sake of Earth, you will know Our interest and vital Presence in all endeavors to carry the consciousness of the Universal God (the Cosmic "I AM" Presence) into the affairs of men.

Believe Me, sweet children, I rejoice in and bless your endeavors to serve this "I AM" Presence, the Ascended Host of Light, and your fellowman, as well as all Earth's evolutions.

Love and Blessings,

MAHA CHOHAN

Beloved Children of God:

I present herewith, for your edification and blessing, the words of Lord Michael, the Archangel, spoken on the evening of the Transmission Flame Ceremonies, February 15, 1958. I do decree that His FEELING of Faith in God's Goodness shall now become a permanent part of your own feeling worlds. So be it!

Love and Blessings,

ADDRESS BY BELOVED LORD MICHAEL, THE ARCHANGEL

"I AM" Michael, Servant of the Most High Living God, Who has given Me Being, individualization and opportunity to co-create in this planetary system, and in other planetary systems, the Perfection of Himself. "I AM" Michael, the Servant of your own Light, living to set imprisoned life free - wherever I may find it. "I AM" Michael - He Who commands the Heavenly Hosts to stay within the atmosphere of this Earth and perform those services under the Seven Rays which are the particular aspect of those Rays. "I AM" Michael Who loves the God that made you; Who loves the Angelic Host that serve with Me; and Who loves you, My children, all upon this planet Earth, and all that belong to this evolution. "I AM" Michael

Who offered to come, of My own free will, to guard and guide and protect the destiny of all the individuals belonging to this planet Earth. "I AM" Michael Who accepted the greater responsibility, when the Earth became the schoolroom for the laggards of other systems and worlds, to protect the Faith within the hearts of men from every discordant appearance, and "I AM" to remain until the Earth's evolution is completely redeemed; until every imprisoned Angel, everyone of mankind, every Elemental, and every living thing knows full Freedom; for such is My Love for God; such is the motivating power of My Being; that Service to Me is the only reason for being. That Service is now, and always will be to return to God, in pure Perfection, that part of life which through free will, chose temporarily the paths that lead to discord and distress.

It has been My joy, My privilege, and My honor through many, many ages to have guarded the Divine Spark which is the clothing of the Holy Christ Flame of the people who have used the Earth as a schoolroom, and to protect that Spark-breathing upon It My own Faith, My own Love and Light, sustaining that Spirit Spark within the soul so that individuals would not pass through the second death. It is My endeavor now to expand that beautiful Flame within your hearts through the encouragement and the pressure of all Angels, Beings and Powers of the Temple of Faith as well as My own conviction and feeling of the power of Faith in the Goodness of God.

There is no self-conscious intelligence that does not have Faith; but it is where one places his Faith, through his attention through the use of his own free will, which determines what shall act in his world and in his affairs.

"I AM" determined, as the Quality of Faith is

part of My own Lifestream, to disconnect the Faith that mankind has placed in discordant and limiting appearances, and to CONSCIOUSLY connect the Faith of every lifestream, whether they are in embodiment or to come here in the future, to the power of God Almighty as the ultimate redeeming, restoring and gracious Father (their own "I AM" Presence).

Beloved ones, FAITH is a tender feeling. True Faith is one of the Graces. You think of it in terms of power because I, Myself, wield much power on the First Ray, but I want you to think of Faith in the terms of Grace for a moment - that wonderful tender Faith in the Power of the God Who made you, the Immortal Three-fold Flame within your heart that keeps your physical body alive as well as Those of Us Who represent the Great White Brotherhood to assist in the redemption of the evolution of this Earth.

I ask for your Faith - given unto you to place where you want it. As a friend from the Temple of Faith, I reach forth My hand to you and I ask you for your Faith that the Power of the Elohim, the Archangels and the Mighty Chohans is greater than any and every human limiting appearance. If I could have a dozen lifestreams whose Faith was given consciously to Me and not withdrawn again at the first intimation of distress in the outer world, through the power of contagion, that Faith could be radiated through the entire human race.

Your Faith is a tender and beautiful feeling. Its use is a gift of free will which I ask you to give to Me, and I, in return, will give to you the full-gathered Cosmic Momentum of all of My Faith, gathered through experiences wherein I have seen discordant vibrations changed into harmonious ones by the use of the power of God Life. Is that not a fair exchange? You give to Me your

Faith, and I will give you Mine! Sometimes your Faith in the All-power of God, the Universal "I AM" Presence, does waver. Make it a practice, in such times of extremity, to stop when fear and distress arises in your feelings, to consciously offer to Me your Faith!

BACK ON THE VERY BEAM OF YOUR ENERGY WILL FLOW MY POWER of the Cosmic Faith in God's Goodness to you!

Beloved ones, the expansion of the Faith through the student body in the powers of the Sacred Fire will be determined by the Faith of the student body in those powers. It is My opportunity during this thirty-day period (February 15th to March 14th, 1958) to help you who are the heart of Faith to strengthen your Faith in the powers that are good, that are lasting, that are enduring. This can be a mental practice done without external expression, without even a word being spoken, by raising your Faith toward Me or toward God Himself. As you repeatedly do that, it becomes easier and easier for you to sustain that Faith, and over the Ray of that Faith sustained will come THE WORKS WELL DONE. I know, for when I endeavored to render the service of cutting the souls free from the tremendous accumulations brought by the laggards from the other Stars, think you not that I had to be anchored in the Faith that no matter how much accumulation that they had brought, yet one day would every one of those individuals, as well as those belonging to Earth's evolution, be redeemed! I promised the Almighty God that I would stay with this Earth and its evolutions until such redemption was completed - EVERY ELECTRON SHINING WITH LIGHT, every Elemental happy and free; every Angel free of the bonds of mortality; every human being a Divine, dignified manifestation of their own

Christhood while walking the planet Earth, returning this Star to the Beauty and Perfection which She knew before such temporary contamination occurred.

Remember that the terms 'upward' and 'downward' insofar as a description of Spirituality is concerned are not really correct. The acceleration of the vibratory action of consciousness right where you are now is really more correct. Therefore, beloved ones, Heaven is not UPWARD, insofar as a perpendicular line is concerned, nor would so-called 'hell' be downward, so far as a perpendicular line is concerned. IT IS RATHER A DIFFERENTIATION IN THE SPEED OF VIBRATIONS OF THE ELECTRONS, and because you denote a higher frequency, you think, naturally, that it is some place upward, while a lower frequency you think of as being downward.

When you can get this scientific law clarified in your consciousness, it will bring to you the practical reality of the statement of the Beloved Ascended Master Jesus that the Kingdom of Heaven is not only at hand, but it is actually interpenetrating the strata in which mankind abide. The lower vibratory action of the physical, mental, etheric and emotional bodies of most of the people of the Earth is just non-recordant to the finer vibratory action of the swiftly moving electronic pattern of the Angels and the Divine Messengers Who pass back and forth on the surface of this Earth at all times. So, in order for an individual to enter into the Kingdom of Heaven, he does not have to change PLACE; he has to change the RATE OF VIBRATION OF CONSCIOUSNESS. Such an one can then live in that rapid vibration where his sight is opened to the vibrations which are akin to his own, and the Masters, the Angels, and the Beings of the Divine Realms will all be

visible while he is yet unascended. BUT such an individual, dwelling in the Kingdom of Heaven while here on Earth, has to stand guard over the control of the speed with which the electrons which compose his various bodies are moving. That, of course, is self-mastery!

You have all had experiences of being raised in consciousness when the Ascended Masters have spoken to you. That has just been an acceleration of the electrons that make up your four lower bodies, and at those times, they met with the Divine Consciousness of the Divine Messenger, and there was a communion and a conversion because of the attunement of the unascended being as well as the wonderful merciful Grace of the Divine Beings Who lower Their own vibratory action to a rate where it can be charged into the emotional, mental, etheric and physical worlds of the chelas.

You have heard many times about aspiring to that which is above and beyond the ken of mortal mind, but I say to you, as We progress in the activities of the New Day and Era, you will come to an understanding that the ETERNAL NOW is peopled with these gorgeous Beings, interstellar Visitors and Solar Logi; with Angels of the various Rays; and that it is but the acceleration of the vibratory action of your vehicles which is required for you to see Them and to be one with Them, then to sustain that consciousness until all that They are is your natural state of being - is the mastery which the Beloved Ascended Master Saint Germain requires so much for individuals on the Earth who are to represent Him now and in the days to come.

As you know, the Earth itself is being accelerated. That means that the very center pole of the Earth has to, according to Divine Fiat, move more rapidly. As it moves more rapidly in its orbit, every electron that makes up the substance

of the Earth - the water and the air - have to move more rapidly. The bodies of the people on the Earth feel that acceleration because as it passes through the Earth, it naturally passes through their vehicles as well. This happened before on other planets and other Stars, and individuals then did not want to accelerate the vibratory action of their own vehicles. Through free will, they abandoned their Stars and their planets, and as you know, the Earth became their 'foster parent' so to speak. At this time, there is no question of destructive use of free will. Everyone belonging to this evolution has to accelerate the vibratory action of his own vehicles and keep pace with the planet Earth's forward progress.

This evening (February 15th, 1958) the great axis of the Earth again begins its movement which will cause tremendous changes. We have asked that this straightening of the axis be started during the thirty-day period when the Temple of Faith Itself was particularly active. We will try, during this entire thirty-day period, to give every Cosmic Christ Protection and assistance to the water element, the air element, the earth element, and the fire element; to the chelas particularly; to those of you who represent Me and the activity of Protection for the entire endeavor, and then give special Protection for the students and chelas all throughout the world.

At Banff, beloved ones, as you know, is the great Temple where I established the Focus of Faith after leaving the Rocky Mountain Retreat, and there I still abide. We opened Our Ceremonies today; We had informal Councils this morning. Our four doors were open - at the cardinal points of the compass - and We have prepared the Sponsors for each one of those blessed individuals

who are interested in the Temple of Faith. The smallest of these Sponsors is eight feet in height, and the largest - it will be rather startling to you - is over eighteen feet tall. This seems quite a height insofar as physical bodies are concerned, but there is a certain reason for embodying the Qualities of Faith and Protection around lifestreams who are the focus and the guard of life here on the Earth. All of the Sponsors will be Gentlemen Who are charged with the Qualities of both Faith and Protection.

We have had many joyous experiences at Banff when Our Retreat was visible to the physical sight of mankind. People came across all the Earth's surface on pilgrimage just to come to Our Temple - not even to have an audience with Me. In those early days, people thought that a pilgrimage to an Ascended Master's Retreat was worth a lifetime of endeavor. Sometimes people from the far corners of the Earth would start out when they were about eighteen years of age, travelling by boat and on foot, and would not even reach the Retreat in question until they were forty years of age. They spent a lifetime in that pilgrimage - eating and sleeping along the way as best they could. Then, in their graciousness, after completing that pilgrimage, they would sometimes just bow at the foot of the Temple steps and not even ask permission to enter. That great reverence for the Ascended Masters and Their Representatives was known in all the early eras. It was known on Atlantis; it was known in those Golden Ages. It will be known again some day on this planet Earth! In the East, of course, holy people often do spend an entire lifetime in pilgrimage - crossing many a rocky crevasse, many a high mountain and glacier, as they hope to find a Guru, and in finding One, know Him to be an

honest and sincere exponent of the Light. Many a pilgrim's body has been lost in such a search. Tibet is filled with the records of those who tried, and for all who tried, so few have made it.

Therefore, in the Dispensation that has come to you, where you have the joys of the Ascended Master's Retreat open to you; where We, instead of you, make the journey into your presence and give you audience and Love and Light; please, wheresoever your words can be heard, remind good people that this is an unusual Dispensation. Even the Beloved Master Jesus Himself had to cross Asia from Judea on foot to become one of a band of chelas who sat around His Teacher. He sat among that group without anyone giving Him the slightest outer recognition - and there He absorbed (in the radiance of that Teacher) the essence of His message, which was to be fulfilled in the manifest expression of the Resurrected Christ, and then He walked all the way back to Judea again - a Man among men!

Beloved ones, you can rise on a thought, and on that very thought, instead of having to cross the great Canadian Rockies, you can come into Our Temple; you can walk up the steps; you can enjoy the beauty of It; you can enter in and see that Flame of Faith, bathe yourselves within It, feel Its essence permeating your etheric consciousness, your mental and your emotional bodies. You have full freedom to enjoy the magnificent grounds which surround It - the pools and the fountains, and the Angels and the Devas Who are present there. THE DOOR HAS BEEN OPENED TO HEAVEN'S KINGDOM: and all of Heaven's Sons have said; "Welcome! Welcome! Welcome children of Earth and Guardian Spirits. Welcome into Our Homes, Our Hearts, and Our experiences, and take from Us the Happiness which is Ours to give. Take from Us that Virtue which

you desire and require; live in Our Hearts and Our Worlds as long as you will, and when you must return to your own orbits and homes, CARRY WITH YOU not only the radiation of that Virtue which We are, but also a Sponsor Who has been trained for centuries in that CONVICTION and POWER of FAITH in the Goodness of God; FAITH in the absolute Supremacy of God that wherever His Holy Name "I AM" is spoken, discord ceases to be!"

Beloved ones, again I say: "Give Me your Faith! Give Me your Faith! Give Me your Faith!" Faith is a delicate feeling. Faith, misplaced, does sear the etheric body and plants suspicion and mistrust in the soul. When that Faith has been so misplaced, it is I Who lovingly breathes upon it, soothes it, purifies it, and restores it to Perfection again.

Ah, lovely ones, I have seen sincerity of motive with Faith misplaced, and the tears and disillusionment which follow! That is why I say to you that Faith is such a delicate and beautiful thing. For all the lifestreams who have used this Earth as a schoolroom from the beginning of time, and all who shall so use it in the future, "I AM" accepting the responsibility of purifying their etheric bodies of the results of misplaced Faith in many embodiments since they first came forth from the Heart of God, removing the cause and core, at inner levels, of all distrust and suspicion; all fear and doubt; and giving each one back the shining, blazing Armor of Faith in God and His Goodness NOW THIS NIGHT! I speak this with power into the emotional, mental, etheric and physical consciousness of all life. Even the animal kingdom (although it has not self-conscious intelligence; not having within it the Three-fold Flame) has Faith. A dog, a cat, a horse has Faith in the one who feeds and serves him. That Faith, too,

will one day raise that imprisoned energy into full expression as an Elemental of beauty; and that Faith, too, has been abused by many life-streams who have taken undue advantage of the trust in the animal kingdom, and then have slaughtered them for carnal purposes. All of that is part of the Essence of My Being that must go through the process of redemption, and shall be redeemed in this thirty-day period.

Beloved Sanat Kumara again holds the Cosmic Rod of Power, and has come to the Temple of Faith in the capacity of Regent during this activity. Tonight Beloved Lord Gautama continues His same activity in service - radiating the Divine Love which He represents. The other Archangels and Beings and Powers of Light, of course, are gathered here, and this time We have made the amphitheatre world enfolding so that every bit of Light that remains within the Earth or upon it will feel this essence.

I like the phrase 'world-enfolding' as a seal to complete your fiats because it is a more positive affirmation than 'engulfing', which again, denotes distress. So We have a world-enfolding amphitheatre into which all the members from the former Compound, all dwellers in the Sleepers' Realm, all discarnates, and all chelas gather, and the activities for the thirty-day period will, I promise you, be ones that you will remember, I hope, in Happiness.

In order that I may join with My Company and assist in drawing the magnetic power of that Faith in the Goodness of God through the Flame on the Altar of My Temple, I shall have to bid you a temporary adieu, just asking you once more to remember that Faith is a delicate and beautiful thing, and that I ask you to give Me yours - and I will give you Mine! Thank you so much!

Dear Children of God:

You, beloved ones, are Creators individualized. You have limitless freedom in experimenting with the Law of Cause and Effect and creating at inner levels thought forms that you have chosen to work into your design for living, passing through them the harmonious radiation of your FEELING WORLD and lowering them into physical form. You may have tremendous assistance in this practice through uniting your consciousness with any One, or more, of the Ascended Beings by allowing Them to present to your inner vision Their Cosmic Thought-forms - uniting your human vision with the Divine picture They give you, and drawing on the Cosmos for Their Cosmic Feeling to energize the thoughtform, uniting it with your feeling world.

This gives you but an inkling of your power to unite YOUR Faith, YOUR creation, YOUR Father-Mother attributes with the Cosmic Father and Mother and Holy Spirit.

As you have been told in the past, the good men and women who, in years gone by, were able to govern the Laws of Nature and precipitate in a seemingly supernatural manner, were merely individuals who had learned the Truth that the world of Cause was the only real world, and that the remedy for external imperfection lay in the removal of the imperfect causes behind the manifestation. They learned further, of course, that through the conscious use of their own thought and feeling processes, new causes might be set

up, and that when the feeling nature was mastered, the time of externalization could be set to the minutest detail - precipitation being almost instantaneous.

The constructive qualities of each particular lifestream represent his particular benefit to the human race. In the Spring, the Life Principle flows freely through the Kingdom of nature which manifests to express the Glory of Life and the Resurrection of Beauty across the face of Our dear Earth.

When this God-pressure of Life is released through the human race, each one produces after its kind. Therefore, My beloved children, be assured of My help in aiding you to bring forth perfect fruit in Life's Garden now, as the Life Principle surges through all.

As the Holy Christ Spirit, I represent the manifestation of Resurrection in the obedient Nature Kingdom, and it is surely within My province to teach each Holy Christ Self a like Resurrection and manifestation, and to become the fullness of Myself here on Earth.

My Love blesses and sustains you.

Friends of My Heart:

We see that the outer consciousness naturally accepts the Power of the individualized "I AM" Presence to beat the heart and to radiate the intelligence by which the activities of the daily life are carried on. The outer consciousness, however, must become confident and aware of the Light of the Presence in regard to the requirements that the third dimensional plane presents in the course of the experience of the individual.

We have told you of how, in Luxor, the aspirant is left alone with nothing in the way of material except the flow of energy from his Presence into his heart. He is bereft of books, and any extraneous means of studying so that He may 'know himself'. As you know, while there is any diversion that can occupy the attention of the outer self, it will not contemplate the Source from whence it sprang. In all religious orders, contemplation of God is designed to acquaint the individual with the flow of God's Life which is ever-present, but whose subtle vibrations are scarcely ever felt in the tumult of daily living.

To acquaint one's self with God's Presence is to find a force within the lifestream which has been experienced by all mystics and holy men. They differ from the average man in that they have recognized, accepted, and become ONE with the God Principle which flows, not only through them, but through so-called sinners as well.

Mankind feel that the Saint, the Seer, and the Holy Men are particularly sanctified and set

apart by an Unction of Grace which does not visit the masses. This is a fallacy. They are only the men and women who have become still enough to recognize the God Life that flows as freely through the most unawakened as through the heart-beat of Beloved Jesus or any Divine Member of the race. When we know, therefore, that individuals who have reached this Spiritual Grace have merely tapped a reservoir which is open to all, it gives hope and strength to the consciousness of the people who have not yet tasted of that Sweet Water of Spiritual Grace which flows untouched through their experience each day. Contemplate the POWER of the lifestream and let its great and ever-present protection and perfection work for you and through you, as it so earnestly desires to do.

Know, My children, that I am ever with you as you climb upward on the Path.

Love and Blessings,

MAHA CHOHAN

Friends of My Heart:

In the Name of the Great White Brotherhood of Divine Beings, I thank you for your constant co-operation with and service to the Light. The co-operation between unascended mankind and the Ascended Brotherhood, particularly at this time on the planet Earth, is more important than it has ever been because of the short time during which they must imbue, develop, and bring to maturity each embryonic Spirit in order that each such an one may take his place as a Light Bearer. Each such illumined individual then increases, by his Presence, the luminosity of the aura of the Earth itself so that it may fulfill the fiat of the Cosmic Law by radiating the full allotment of Light required to take and hold its rightful place in the Solar System.

As you know, the Earth people are divided into seven types, and some time ago, the Lords of Karma gave the fiat to the Representatives of the Seven Rays that They must in some way, secure the co-operation of the members of the race who are evolving under Their Ray, and that They must render all the assistance possible to awaken the people to the requirement of fulfilling their Divine Plan in the comparatively short period of time allotted for this purpose. The Seven Archangels, in like manner, were directed by the same Karmic Board with regard to the evolution of the Angelic Kingdom. The Seven Devic Lords were so notified with regard to speeding up the evolution of the Nature Kingdom and all the Elemental Kingdom.

This might be called a Cosmic Ultimatum to Those Who took the responsibility of developing the evolution on the Earth. Hence these Beings are depending upon the outer representatives of Themselves - and this means YOU, My beloved Light-bearers - to your fullest capacity. Thus you will seem dear hearts, that there is vigorous movement in the Higher Realms compared to which the activity of the physical appearance world is as nothing.

We ask that you intensively direct your consciousness Our way - not only at night - but by day. We ask that you serve in harmony and in silence. You have been told that the Path of Silence is not one of repression or suppression, but rather contemplation of the beauty and glory of your own "I AM" Presence and your Holy Christ Self anchored in your dear hearts - keeping the outer self in a state of loving adoration and grace. In this Peace and Silence, We can more easily contact you, and thus can you be Our true and willing servants in the world of form wherein you presently dwell.

Again I tender Our Blessings and Our Gratitude to you - each one.

Love and Blessings,

MAHA CHOHAN

Beloved Children of My Heart:

I give to you the words and radiation of My Son, Serapis Bey, spoken at the Transmission Flame Class of March 15, 1958. I decree you shall accept and use, practically, the Ascension Flame, and enjoy the assistance of the Brotherhood of Luxor.

Love and Blessings,

ADDRESS BY THE BELOVED SERAPIS BEY

Beloved friends interested in the Ascension of Energy, I greet you on behalf of the Brotherhood of Luxor, hoping that you will enjoy the thirty-day association with Me; with the Seraphic Host; with the Brothers and Sisters at Luxor; and with the Beloved Lady Sponsors Who will stand with you to give to you every GOD ASSISTANCE in the redemption of discordantly qualified energies through the SILENT use of the Sacred Fire.

Beloved ones, self-mastery comes when you, through the senses, cognize imperfection and, holding steady within your own God Harmony and Mastery, draw forth these activities of the Sacred Fire through that appearance of discord until the quality of energy is charged into a harmonious and happy state of being.

This is an actual possibility for unascended

lifestreams. You are surrounded with opportunity to change the quality of energy in persons, places, conditions and things without even issuing a spoken word which ofttimes stirs up the outer selves of other individuals to resentments and rebellion which, in turn, become a part of the destructive karma which you will have to redeem. There is a time for use of the spoken word, and there is a time for silence. The discrimination developed in the chela will determine, to a great extent, the efficacy with which he or she utilizes the Powers of the Sacred Fire silently when discrimination and discretion show that the requirement is such that the spoken word will not assist the individual in distress or when your own energies are in perfect harmony abd you can give a word of assistance to another individual without stirring the seas of their emotions.

Beloved ones, the use of any Powers of the Sacred Fire is very practical. These powers were used in the early Golden Ages by every true member of the White Order to magnetize from the Perfected Realms those Virtues and Gifts of Almighty God. These Beings sustained those Flames in certain Spiritual Foci where the individual responsible for the drawing forth of that Flame chose to establish It, and those Flames were visible, at that time, to the physical sight of the mass of the people - due particularly to the concentrated endeavor of the chief Hierarch and His Priesthood.

Those Flames, with Their beautiful radiation flowing forth in magnificent constructive and positive color carrying a glorious feeling of the gift of the Virtue so represented, made a magnificent aura in the emotional, mental, etheric and physical strata in which the people abode. The colors of the lower atmosphere of Earth were beautiful, positive and constructive; the Music

of the Spheres was a natural outpouring from the Earth because of the sustained radiation of the Virtues by the Priesthood, and the Harmony in which the masses were bathed as a result of the magnetization, emanation and projection of these God Virtues into their feeling worlds helped them to feel buoyant, energized and spiritually attuned at all times.

This was the reason why the early Root Races were able to complete their experiences on the Earth without any struggle or strain, and to return into the Ascension within the course of fourteen thousand years. The experiences of using their thoughts, feelings, spoken words and actions while in physical embodiment was a matter of their own choice to gain self-mastery in these lower realms. They had no weight of discord upon them; they had, rather, in, through and around themselves all that buoyant energy filled with the Qualities of the Seven Rays; and they had the marvelous activity of the visible, tangible Presence of the Cosmic Beings, the Ascended Masters, the Seraphic and Cherubic Hosts, and the actual Flames of God. This gave great confidence to each individual evolving, and such evolution was perfect, harmonious, and most beautiful. The atmosphere of Earth later changed, and one of the main reasons for that change was when the Beings Who represented the anchorage for the various Virtues of Almighty God here in the physical appearance world were, through Cosmic Law, forced to withdraw into the Etheric Realm, and those beautiful Flames that had been visible to the sight of mankind were no longer visible, although They still continued to do Their active work.

Now We are engaged in the re-creation of a Permanent Golden Age upon this planet Earth, and this re-creation will consist of the establishment

in the physical appearance world, visible to the physical sight of the masses, of these magnificent glorious God Flames and Virtues - One of which, of course, I love most dearly - the Ascension Flame which We carried in great happiness, and yet with great sense of responsibility, from Atlantis to Egypt - which We have nourished with Our very Life Breath; which We have sustained through the ages, renouncing the glories of Nirvana in order that that Flame might be available for the ascending consciousness of the ten billion souls using the Earth as a schoolroom.

Sometimes that Ascension Flame was only used by one lifestream in a hundred year span. Remember kindly the patience of Those of Us Who knew that, someday, mankind, pressed to the extremity of the requirement for redemption, would require a way back Home! We sustained that Flame patiently, holding the door open into the Ascended Master Realms for any Elemental, any imprisoned Angel, any member of the human race who chose to avail itself or himself of Its Power to achieve the Glory and Victory of the Ascension in the Light.

It is obvious to earnest and sincere students that the Ascension into the Perfected Realms of Light is the Goal for every one of mankind as well as all those laggards from the other systems that belong at present to Earth's evolution. The Ascension in the Light is essential for the full manifest expression of the Divine Plan for every Elemental, for every Angel who, through love for mankind, took temporary embodiment in the human race, as well as for every human being belonging to Earth's evolution. It is Our great opportunity, in this year of 1958 when the presence of the Angelic Host is greatly increased, to offer you again a conscious reminder that the Ascension Flame is practical and can be utilized in the most

mundane service to change the qualities of energies of so-called inanimate objects as well as the quality of energy in human beings who are in temporary distress.

Beloved ones desiring to be a part of this redemptive process, please use this Ascension Flame from the very heart of the Earth and let It rise and rise and rise through the Earth element, the Water element, the Air element, and the Fire element and enjoy the change of the qualification of discordant energy which will be the result of your application silently or audibly.

Many of you were interested in the Ascension Flame back on Atlantis; some of you were with Us when We received notice that the great Island of Poseidonis was to receive her rest beneath the waves. Some among you were in the very boat that carried the Ascension Flame across the sea to Egypt. The Cosmic Law did not count in Our favor any destructive karma in the members of those groups of forty who embarked upon those boats. Therefore, those of Us Who took the responsibility of accepting the groups who were to carry the various Flames from Poseidonis had to look very carefully into the karma of every member who honestly and sincerely desired to be a part of that great transference of the Flames.

Those chosen by meritorious service in the past were examined by each of Us because We knew that, the chain being only as strong as its weakest link, Our success in reaching the goal to which We were directed to carry the Flame would be determined by the transmutation of the destructive karma of the individuals who represented the Priests and Priestesses who sailed with Us.

Some of that karma was not fully transmuted, and some of the beautiful Priests and Priestesses, together with Their entire boatload of followers

and the Flame Itself, did not reach harbor in safety.

We Ourselves reached the shores of Egypt and proceeded up the Nile, and We had only established the Ascension Flame upon the landed surface, breathing upon It Our Love and Light, when the quake shook the Earth and We knew that Poseidonis had sunk beneath the sea. With the joy of seeing that Ascension Flame still burning, We had within Our hearts a feeling of sorrow for the continent which We had loved, upon which We had lived for so long, and Those of Us with inner sight had a feeling of regret for Our Brothers and Sisters Who had not fully accomplished their journey and who were engulfed in the tremendous waves as Neptune's Undines performed the service of ablution for a continent and its peoples which were in sore need of rest.

So at Luxor, beloved ones, We began again the rhythm of magnetizing, sustaining and expanding the Ascension Flame. I, Myself, re-embodied there again and again. Many of you did too, and through that dedication of the loyal Priesthood, We have sustained It. The Ascension Flame and all that represents the Fourth Ray has never been too popular with mankind since they accepted the destructive use of the free will. Therefore, the Ascension Temple, the Ascension Flame, and everything connected with Purity has required a tremendous power of positive energy to sustain itself in the physical, mental, etheric, and emotional atmosphere of mankind. Every Hierarch, every Brother and Sister of the Ascension Temple has had to have a tremendous positive energy to sustain this purified Quality - this purified Flame - and to make It available for those who are ready to go back Home.

Beloved ones, if the Ascension Flame and We

Who represent It had not remained in the Earth's atmosphere, there would be no open door into Heaven's Realms for all the peoples on the Earth and belonging to this evolution. Think of the magnificent sacrifice of the Brotherhood at Luxor in so providing that open door through which you, and eventually all mankind, shall attain the Victory of the Ascension in glory and happiness, having the benefit of all the happy feelings of everyone who has utilized this Flame and known God Freedom through the ages that have been as well as in the present day!

We are grateful that you enter Luxor without fear. We have at Luxor so much of Beauty, so much of Love, so much of interest; yet mankind, rejecting the activity of purification, has chosen to censure Us for sustaining this activity which is the salvation of the individual and the race. This Ascension Flame will be utilized in cosmic proportions when the entire Universe, including Helios and Vesta and all the planets belonging to this Solar System, rises in the Cosmic Ascension towards Alpha and Omega in the days that are to come.

Realize the Power that is within that Flame! There is no reason for anyone under Our radiation and in direct connection with Our very Selves to allow untransmuted energy to be imprisoned. Remember often that it is not the human will, but it is the magnificent calls to God-free Beings for the use of Our full-gathered Cosmic Momentum of Power which renders that service of changing the quality of energy and gives you the personal joy and feeling of confidence in accomplishment which will make you more and more eager to master energy - NOT BY DOMINATION - but by LOVE and discriminate use of these various Flames and Rays which We have explained over and over again.

You may start on a very small scale; you may start on a very small object; you may start on your own lifestream and FEEL what that Ascension Flame can do in changing the quality of energy - SO LONG AS YOU TELL NO MAN! Jesus' admonition is as true today as it was in the days when He rendered the service of transmuting energy through the Violet Fire, the Resurrection of the Good in the lifestream, and the Ascension Flame. His admonition to His disciples in all private conversations with them was that they tell no man that which they were doing; first, because an individual draws toward himself the jealousies, the resentments, the rebellions of the masses, and secondly, until such an individual becomes an Ascended Being, there is the worm of spiritual pride within the feelings that ENJOYS accomplishment, and enjoys speaking of works well done.

Beloved ones, when you use these Powers; when you make this transmutation an actual practical manifestation, you will not have to tell any man or woman because your works will be the manifest expression of your application. Thus you can protect yourself from known and unknown unseen forces outside yourself, and you protect yourself from any personal ego which you might not even know was in the folds of your etheric consciousness waiting to come to the surface when you least expect it.

I am speaking to you as I speak to those who apply before Me at Luxor for opportunity to enter into Our Retreat. When these people come - brave souls - desiring the discipline at Luxor, and they find themselves before My Presence and all their secret thoughts and feelings and etheric memories externalized, many of them do not choose to go any further. They, seeing those externalized manifestations, ask to have them returned into

their individual Pandora's Box and they go back into the world. But some brave and hardy souls desire honestly in their motives to learn the Power of Transmutation of the misuse of their own life through the ages. One of the admonitions which I give to each such an one, as he is accepted as a candidate for the Ascension, is that he tell no man, even in the Retreat, how he is progressing.

Now in an Ascended Master's Retreat where you have unascended chelas all in different stages of development living in a common community, beloved ones, the wise chela, retiring to his small room with the high window and the plain pallett and the jug of clear water, decides within himself how much discipline and how much instruction he requires and is able to accept and use. No one but Myself, as the Hierarch, and the Teacher Whom I have directed to guard and guide such an one, knows in what grade or in what Temple of the Ascension at Luxor that chela is - but the unwise chela who spreads among the other trainees what Temple he is in, what initiations he is going through, has to handle all of the energy of not only his own classmates, but very often his Superior. Sometimes a very young novitiate has a greater spiritual nature than an individual who has been at the Retreat for hundreds of years - having learned to sustain life in a physical form and who has achieved a position as a Teacher, although he or she has not yet attained the Ascension.

When a novitiate of this type is placed under such a Teacher and that novitiate's Light expands far beyond that of the Teacher, you can well understand that there is the requirement for discernment, discretion and diplomacy upon the part of the novitiate in order that he may serve under his Teacher, help that Teacher to expand his

Light, and not in any measure stir up a resentment on behalf of the Teacher who, for some reason or other, has not yet gained the full Ascension.

This is a very important point for those who develop beyond the masses to a place of spiritual evolution where he or she receives personal direction from the Ascended Host of Light. The more knowledge that is given to you; the more radiation that pours to and through you; the more responsible you are to the God Who made you for what you do with that knowledge received, and the more humble your soul must become. If the soul swells and inflates with knowledge, the Cosmic Law, in mercy, does not allow any more of such spiritual knowledge to be released until the soul balances its debt to life and realizes the full significance of the gift coming from God through His Divine Messengers into its very self, and desires to be an active part of the redemption of the sons and daughters of the peoples of Earth.

Beloved ones, when you ask for more and more knowledge and spiritual Law; when you call for Our Presence and Our words and Our radiation, REMEMBER WELL that he that is greatest among you shall always be he who is the least. Remember, it is not the pompous; it is not the externalized manifestation of the human ego which is the expression of the Great White Brotherhood, but it is rather the humble, the gentle of spirit, the positive in consciousness in the realization of God's Presence; the one who walks with grace wheresoever life may direct and leaves a path of happiness behind, who is Our representative. A little time of introspection; a little time of reflection will show you the condition of your own soul's Light. Then, through the use of the redemptive powers of the Violet Fire and the Ascension Flame, you can make things right! It

is in the redeeming of your souls, beloved ones, that We are interested. As Beloved Lord Maitreya said to you some time ago - it is the souls of men which are sick and diseased; wherein are the seeds that spew forth every type of distress of mind, body, world and affairs. It is into the cause and core of those seeds within the souls of men that We direct the purifying activity of the Fourth Ray until those seeds are transmuted and their causes and effects in manifestation cease to be.

On behalf of all mankind, all elemental life, all imprisoned Angels, every living thing in and upon the planet Earth itself today, I, SERAPIS OF LUXOR, invite you, all life everywhere, into Our Presence, and invite you to utilize to the fullest possible extent those Powers of the Sacred Fire which are Ours to give and yours to receive, in Love. Accept Us; utilize these gifts; and love Us as We love you. We have loved you for so long - standing Sponsor for you, again and again, before the Karmic Board, when you signified (at rare intervals) that you wanted to achieve the Ascension in the Light.

At such times We offered to stand Sponsor for you and give you every opportunity, even if you did not come to Luxor, to become a redemptive center in yourselves, then redemptive centers as groups - magnificent indeed - until the day comes when all of these Flames of God shall again be visible and you and I shall rejoice together that We have loved life sufficiently to remain prisoners of love until the Earth takes Her place as Freedom's Star, when the Music of the Spheres is again released from the Earth and its people; until the Angels are visible to the physical sight of mankind; until disease, disintegration, decay, and so-called death itself are wiped from this

Earth; until Harmony reigns in the individual, in the Nature Kingdom, among nations, and upon the whole planet.

To this end are We consecrated; to this end do We serve.

Joining your hands during this thirty-day period, We offer you all of the happiness of Luxor. We offer you Our gardens; We offer you Our magnificent books and music; We offer you Our treasures of art; We offer you those Teachers Whom you might be interested in hearing give certain activities of the Law.

Today I say to all the world - I stand as an Open Door, Hierarch of Luxor. COME TO THE HEART OF OUR RETREAT. Thank you, beloved friends.

SERAPIS OF LUXOR

Note:

There are three distinct evolutions in the Earth, upon its surface, and in its atmosphere - the Angelic, the human, and the Elemental Kingdoms. Each of these three evolutions CAN ascend into the perfection of their own Divine Plan from their own evolution, or can, upon election, enter the human kingdom for some specific service. Thus an Elemental, in the process of evolution, becomes a Nature Spirit, an imprisoned Angel becomes a God-free Angel, and a human being becomes an Ascended Master.
